## Recreation Bond Foes Organize At Terra Linda

Home Owner Group May Seek Annexation To San Rafael

By DONALD G. DAVIS

Nearly a score of Terra Linda homeowners last night acted resolutely to:

1. Fight the proposed \$350,000 Terra Linda park and recreation bond issue, and
2. Possibly seek annexation of Terra Linda's 1,000 homes to the City of San Rafael.

## Police Reveal Marijuana Find In Mill Valley

Mill Valley police disclosed today that a brown paper bag containing nearly two pounds of marijuana was picked up by a city street sweeper two weeks ago.

Officer Dan Terzich said the discovery was not announced because he had hoped to catch the culprits who were buying or selling the marijuana.

On the morning of July 4, a city street sweeper noticed the paper bag under a parked car on Miller avenue. He tossed it into the refuse container. When he went to dispose of the trash, he looked inside the bag, then called police to identify the substance. Terzich found that it contained about one and three-fourths pound of marijuana.

## State Delays Marin College Site Inspection

A tour of a proposed state college site near Novato, scheduled for July 29, has been postponed by the state Public Works board because board chairman Bert W. Levit's resignation becomes effective two days later.

Levit said he feels the tour should be postponed until the new chairman is in office.

The Marin Industrial Development Foundation, which has been spearheading the proposal, has been advised of the change in plan, and Carol Snyder, foundation manager, said he agrees to the postponement.

He said he does not know what the new tour date will be.

Snyder said the board members will conduct their own tour, and he does not know how long they will take, or how much time they will give to the foundation for "oral presentation" of reasons why the college should be located in Marin.

Several other sites have been proposed including one near Petaluma, another near Santa Rosa, two near Sonoma, one near Napa and one near Vallejo.

Snyder said Marin is proposing but one site—on the 1,977-acre Freitas "C" ranch near Novato.

State officials have been talking in terms of a 200 to 300-acre campus. Snyder said the state has been told that it can pick and choose for its acreage at the Freitas site.

The state board yesterday made decisions on three other state colleges, the ones proposed.

See COLLEGE, page 8

The group decided to call itself the Terra Linda Home Owners Committee.

The residents met at the home of Mr. and Mrs. Edward Willis at 705 Monticillo road. Those who favor the bond issue — including directors of the Terra Linda Community Services District — were not invited.

The committee is preparing to take several courses of action, including a telephone and doorbell ringing campaign to defeat the bond issue, seeking an injunction to prevent or delay holding an election, a campaign to recall the service district directors, and a move to do away with the district altogether.

But members of the committee were unanimously emphatic on one point: They are not against recreation. They simply do not like the way the service board is going about "showing the election down our throats."

### ANNEXATION ISSUE

While squashing the bond issue is the primary purpose of the committee, it also is intensely interested in the annexation issue. On hand to explain the methods of annexation and the benefits to be derived therefrom were San Rafael City Manager Dan E. Andersen and City Planner Mitchell Baird.

Two questions were asked repeatedly.

One, directed to Andersen, was: Is it going to cost us anything to annex to San Rafael? Andersen's reply was, "No." He said the city has made a policy of taking on the costs of making necessary annexation maps and the election.

The other: Where are the results of the survey made by the Terra Linda Community Services District on the need and desire for the bond issue?

### TABULATION STOPPED

One person at the meeting said he had attempted to find out and was told that tabulation of the survey was stopped because answers showed that residents of Terra Linda overwhelmingly favored more recreation facilities.

Committee members constantly criticized the manner in which a public hearing was held on the proposed bond issue election. One person said: "I was told if I didn't like it, see BONDS, page 8"

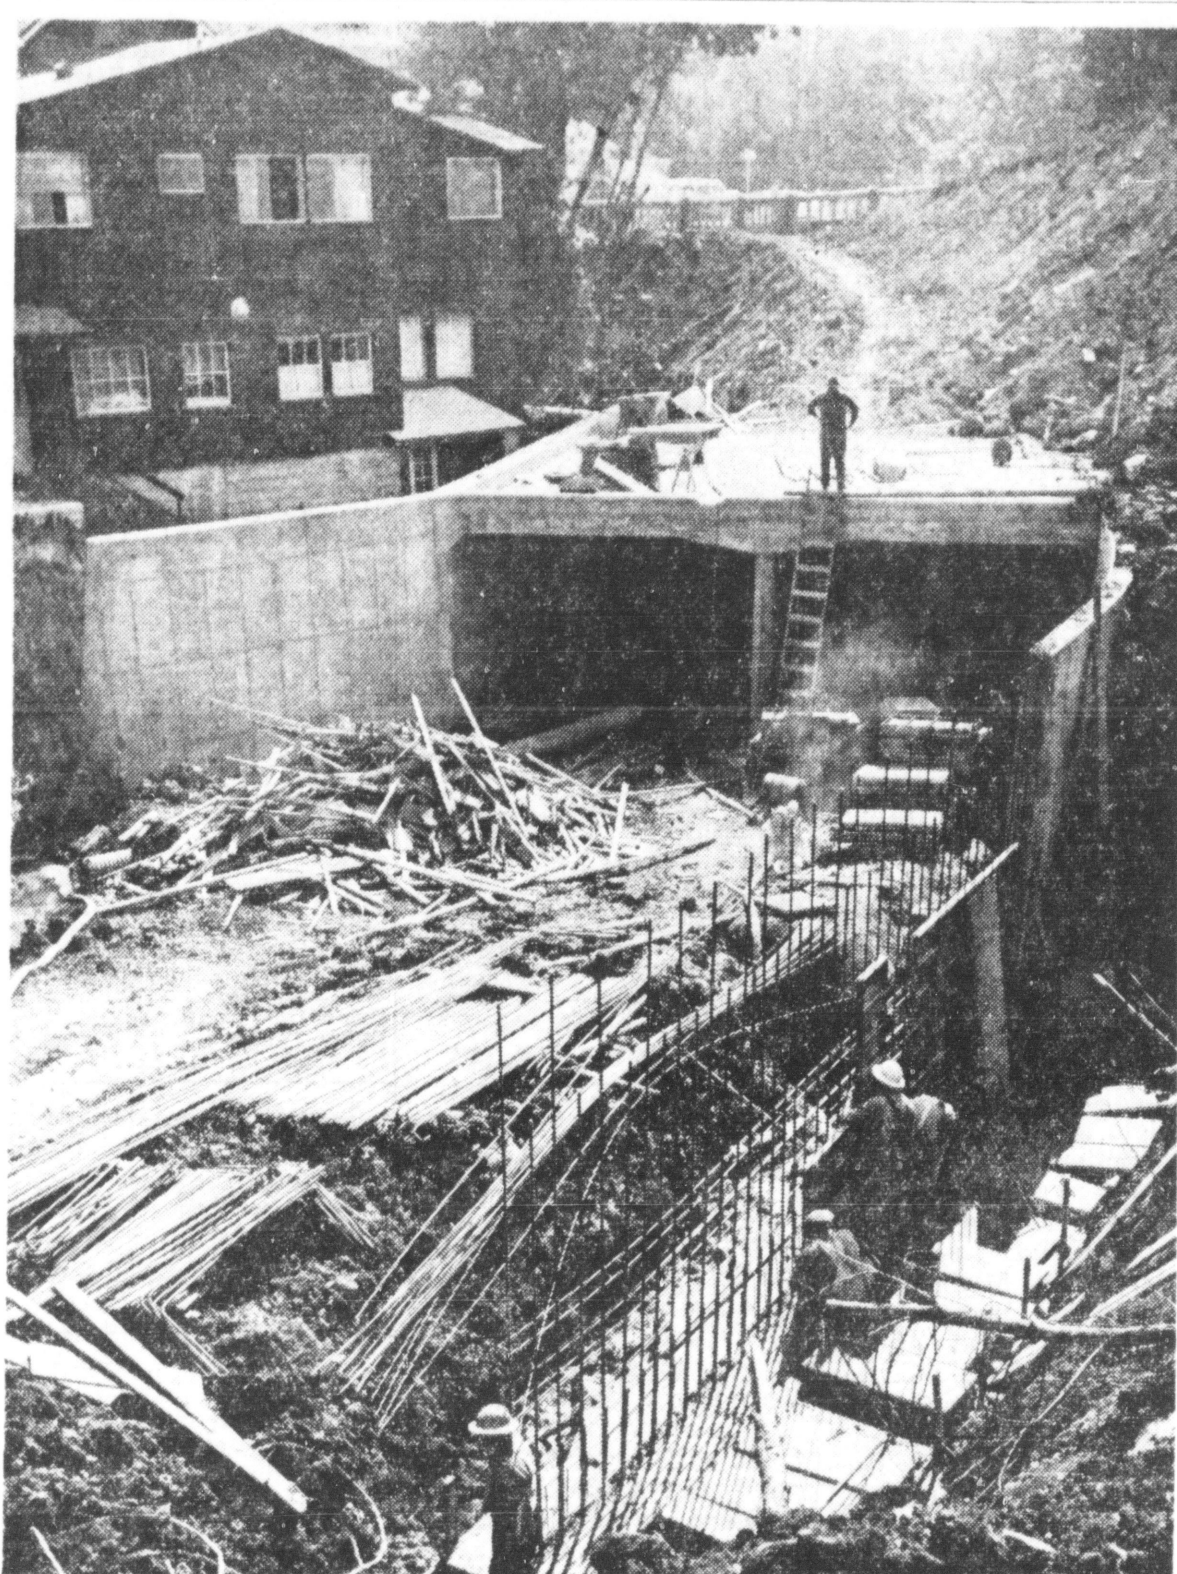

## Assessment Deadline Near

Tomorrow at 5 p.m. is the deadline for filing applications for adjustments to the assessment roll, County Clerk George S. Jones announced today.

The Marin County Board of Supervisors, sitting at a board of equalization, has considered about 160 of the 231 applications that have been filed so far.

Courthouse officials say that this number is about "normal" compared with the more than 2,000 applications that were filed last year during the reappraisal program.

Jones said the board will meet on the applications tomorrow and Monday with an equalization deadline of midnight Monday.

## BIGGEST STORM JOB NEAR COMPLETION

If torrential rains hit Marin again next winter, as they did in 1957-58, the water will have plenty of room to flow without washing out homes on Forest avenue in San Anselmo. With one day remaining of concrete pouring on giant flume which will support the reconstructed road near

where three homes were lost early last year, this was how the \$89,000 Forest avenue storm damage repair project looked today. The job is to be completed by Aug. 25, said City Engineer John C. Oglesby, who designed the project. (Independent-Journal photo)

## Belvedere Residents Protest Bay Project

By DEEDEE ABRAMSON

It's hillside home owners vs. tidelands developers again on the shores of Richardson Bay.

A group of 22 irate Belvedere residents met last night to protest the Belvedere Land Co.'s proposal for a luxury home project on the western shores of Belvedere island.

Termining the development of \$100,000 homes on pilings a "Cannery Row which will ruin the esthetics of Belvedere," those present decided to individually protest the company's application to the Army Corps of Engineers, which must determine whether the project will infringe on navigational rights.

Deadline for protests to the engineers is July 22, according to Clarence A. Phillips, chairman of the committee.

The meeting was held at the home of Cmdr. and Mrs. Harold H. Horn at 10 North Point circle. It was called to review developments and hear reports on protest petitions which the group is circulating. The petitions, carried by a flying squad of "minute women," are to be presented to the Belvedere City Council.

Phillips outlined development plans which he said called for a fill 32-foot wide road, six feet above high tide, and homes on pilings in front of the road with floor levels three feet above the road. The proposed road would be a direct continuation of San Rafael avenue, running along the beach and up the hill to Belvedere avenue, he said.

The question of whether construction of the road would

cause the 125-foot high cliff to slide was brought up by engineer Morton W. Lieberman of 11 Belvedere avenue and James Crawford of Pelican Point road. Both have steep cliff lots above the proposed project.

"The land is in an elastic state now and with cuts in the cliff and cuts in fill on the road, it might slide," Lieberman said.

Calling on the group to inform other Belvedere residents of the project with "factual arguments," attorney Carl Hoppa said, "The history of the Belvedere Land Co. shows it is making a high class tenement out of Belvedere."

After a discussion of the problems in fire protection, sewage facilities, water pressure and increased taxes which might result from the development, the group explored the possibility of sponsoring an initiative ordinance which would impose severe restriction on.

See PROTEST, page 8

## Injured Officer Due At Hamilton

Capt. Benjamin R. Battle of Novato and Hamilton Air Force Base was scheduled to arrive at the base hospital today from New Mexico where he has been hospitalized since bailing out of his plane on July 5.

Battle, a test pilot flying an F104 Starfighter, was forced to eject himself from the plane when engine trouble developed. Hospital reports indicated that he will be brought in as a stretcher case.

## Herter Asks Russ Halt Propaganda

GENEVA (UPI)—Secretary of State Christian A. Herter today called on Russia to stop trying to make propaganda and buckle down to working out an agreement on the Berlin crisis.

He challenged Russia's Andrei Gromyko to cut out "bogus slogans" like a "free city" of West Berlin and get down to seeking specific improvements in the crisis rather than mere change of names.

Herter emphasized that the basic problem was to make arrangements that would maintain the freedom of the peoples of West Berlin and prevent new crises before Germany is reunited.

The American secretary warned Gromyko that another Berlin crisis flareup could plunge the world into war. He suggested calling on the United Nations to help police a Berlin truce agreement.

Herter appealed to Gromyko across the Big Four conference table to consider bringing an adequate U.N. staff into Berlin.

The staff, with free access to both West and East Berlin, would report on propaganda activities that might disturb the public order or seriously affect the rights of others.

Herter described this as a form of "international scrutiny" over one aspect of Berlin's life.

Earlier today, Russia lifted partially her cold war veto on secret talks. The turnabout came in agreement to resume the spirit of propaganda-free exchanges in social gatherings of the Big Four ministers.

# Power Goes Out In Novato, Olema

## STEEL STRIKE CONTINUES; NO BREAK SEEN

PITTSBURGH (AP)—Top officers of the United Steel workers of America set off today for a tour of mill towns to fill in rank-and-file members on the two-day-old steel strike.

There was no indication of an early break in the walk-out of 500,000 steelworkers. As union and management marked time, the walkout spawned growing unemployment in other areas of the nation's economy. (See stories and pictures on page 16.)

## San Anselmo Hires New Treasurer

San Anselmo acquired a new dollar-a-month city treasurer last night as its city council introduced an ordinance to boost the pay for the job by 50 times.

George W. Prydtz, accountant of 20 Woodland avenue, was named by a 3-to-1 vote of the council to become treasurer Aug. 1. The council accepted the resignation of Donald T. Wood as treasurer effective at midnight of July 31. Wood is expected to retire the following day as chief of police.

Prydtz had inspected the city's books and expressed interest in taking on the \$1-a-month job to fill out a term that expires next April, reported City Manager Arthur W. Brewer. If he wants to keep it longer, he will have to stand for election.

The San Anselmo City Council reduced the pay for city treasurer to \$12 a year shortly before the 1956 municipal election, at which Walter G. Thompson was re-elected without opposition. Thompson quit the following year and Chief Wood was appointed to fill out his term.

Last night, the council introduced an ordinance to restore the pay to \$600 per year, effective after next April's election. City Manager Brewer said Prydtz probably would not be interested in taking on the job.

## COMIC DICTIONARY COMPATIBILITY

The marriage of a man who would rather play golf than eat to the woman who would rather play bridge than cook.

## Widespread Failures Blamed On Fog, Dust

The combination of fog and dusty insulators on power poles today was believed the cause of widespread power blackouts in North and West Marin. In some areas power was shut off for approximately six hours.

At Olema, a sleeping family of seven was jarred awake at 2:05 a.m. by a "loud booming noise and flashing light" as a radio and a television set blew up.

Mrs. W. D. Beebe, wife of a dairy rancher on the De Souza Ranch at Olema, said she and her husband, their three children and her visiting mother and father was jolted awake.

The back of the television set blew out and caught fire, smoke issued from a bedside radio. The house filled with smoke.

The explosion was set off by contact between the 12,000-volt line leading to the Beebe house and a 60,000-volt transmission line leading to Woodacre, an official of Pacific Gas and Electric Co. said.

At the same time, a power line snapped in Novato, and about a half hour earlier, fire started in a utility pole on the William Poncia Ranch on the Tomales-Petaluma road, to the north and west of the other two trouble spots.

At first, a PG&E official advanced the theory that lightning might have caused the failures.

But County Fire Chief Charles R. Reilly, who sent fire trucks to both Olema and the

See BLACKOUT, page 8

## TRACT APPROVED

## Hub Council Ignores Advice Of Engineer

For the second time in two years the San Anselmo City Council overrode the advice of the city engineer last night to give a go-ahead to developer Frank Cherne's Woodland Park No. 2 subdivision in the city's northern hilltops.

The approval was by 3-1 vote with Councilman Carlton G. Little, the dissenter, declaring: "If I were on the planning commission, I think I'd resign after this kind of action."

The planning commission had imposed eight conditions on Cherne for approval of subdivision plans almost identical with those it approved two years ago. Cherne, through attorney Julius Selinger, objected that they would work a "ruinous hardship."

The subdivision has had a stormy history.

A tentative map for it was approved by the San Anselmo Planning Commission in May, 1957. But City Engineer John C. Oglesby refused to approve the map because (1) it included a cut at grade of 1/2-to-1 (minimum requirement is 1 1/2-to-1); (2) it lacked sufficient access roads; (3) its main street has a long grade, including two turns, at 20 per cent rise.

The council overruled Oglesby, giving Cherne the go-ahead. Cherne started grading operations. No engineering fee was paid. No bond was posted.

The grading was partly done when the 1957-58 rains hit. Part of the steep cut slid in the rain. The following summer work was halted because, Selinger told the council last

## Giant Rocket Explodes In Satellite Try

CAPE CANAVERAL, Fla. (AP)

A huge Juno II rocket exploded shortly after lifting off its launching pad here today in an effort to put up an earth satellite. All of the 55 persons in the blockhouse at the launching site escaped injury.

The 76-foot rocket rose a few feet, flared out with a roar of flames and blew up.

The satellite doomed by the explosion was called Explorer VI. It contained a virtual flying space laboratory designed to probe many mysteries of space and weather.

On the same night that the council overrode Oglesby in June, 1957, it introduced a new subdivision ordinance, which subsequently became law.

State law requires that a subdivider must file a final map within a year after receiving preliminary approval. No final map has ever been filed.

Cherne started work on the subdivision again this spring, but stopped it at request of City Manager Arthur W. Brewer, who pointed out the earlier approval had expired because of lack of a final map.

Brewer told Cherne he would have to file a new application with the planning commission. He did so. Using the new subdivision ordinance, the planners imposed the eight conditions to approval.

Selinger asked that his client be permitted to go ahead on

See TRACT, page 8

## Fair Weather Will Continue

SAN FRANCISCO (AP)—Fair weather will continue in most of California through tomorrow and probably through the weekend, the forecaster said today.

A few afternoon or evening thunder storms are likely on the eastern slopes and near the crest of the Sierra Nevada, and possibly in the Siskiyou Mountains.

The usual summertime fog persists along the coast.

### CROWN OF STEEL FOR CAPITOL

This huge ring of steel scaffolding, resembling a series of television antennas linked together, is being erected around the U.S. Capitol dome for an inspection project. When completed, workmen will use scaffold-supported catwalks to check the dome, constructed of cast iron, for any possible damage from time and weather. (AP Wirephoto)

### Man Sought In Slaying Kills Self After Siege

HOLLYWOOD (AP) — A man wanted in the slaying of a childhood sweetheart shot and killed himself last night as police closed in on the apartment of a woman who had sheltered him.

Robert Lee Kilmer, 28, of Fresno, had been sought since July 9 when the nearly nude

body of Mrs. Mary Jean Prestidge, 26, a pretty Fresno housewife, was found in her car trunk in nearby Ingleside. Police went to the West Hollywood apartment after getting an anonymous telephone tip.

They ordered Kilmer to come out with his hand up. When he refused, they lobbed tear gas bombs into the apartment. Then they heard a shot.

After a short wait, officers stormed the apartment. They found Kilmer crumpled on the floor. A smoking revolver lay nearby.

Mrs. Carole Decker, 50, occupant of the apartment, said Kilmer was a neighbor of hers in Fresno several years ago. She said she didn't know police wanted him and that Kilmer had been staying in the apartment.

Mrs. Prestidge, a five-foot, 97-pound brunette and mother of two, had been last seen with Kilmer in a Fresno bar July 3.

### Two Get Awards For Suggestions

John A. Hansen, 27 Hacienda drive, Tiburon, civilian employee in the post engineer section of the Presidio of San Francisco, received a \$30 check from Col. M. M. Brown, Presidio commander, last week for a suggestion award which he had submitted.

Another Marinite, Everett W. Gilbert, 742 Francisco boulevard, San Rafael, received a \$7.50 check for his suggestion.

### Sign Law Violation Charge Dismissed

Alameda Homes, Inc., accused of having a large mobile sign at the entrance to Terra Linda in violation of the county sign ordinance, has been cleared of the charge.

Judge Richard M. Sims dismissed the case Monday in Marin Municipal Court on the recommendation of Deputy Dist. Atty. Harold Wolters, who said the sign has been moved away, and the violation no longer exists.

### SERGEANT'S BRIGHT IDEA LANDS JET SAFELY, BUT IT'S A SECRET

ROME, N. Y. (AP) — A huge jet tanker circled for five hours yesterday over Griffiss Air Force Base unable to retract its fuel boom. It would be dangerous to land with it extended.

A sergeant ran a quick ground test on a new idea, then instructed the plane's crew.

The idea worked, the plane landed safely, and Col. Bryson R. Bailey, wing commander, says the technique probably will become routine Air Force procedure.

The man who produced the answer was Sgt. George M. McCabe, boom operator instructor of the 41st Air Refueling Squadron.

M McCabe gave step-by-step instructions to Sgt. Julius H. Gerhke, crew chief, and Sgt. Bobby Flynn, boom operator.

The base said the procedure was a highly technical one and had not been cleared for publication.

### Teamsters Plan Big Election Campaign

MIAMI, Fla. (AP) — James R. Hoffa says the Teamsters Union will make free use of radio, television and the mails in the 1960 election campaign "to let the American working man know just where all the politicians stand."

Hoffa, Teamsters Union president, said on a Miami visit that city directories throughout the country would be combed to compile a mailing list of 10 million persons. "The rest of the people we'll reach by television and radio," he said.

Asked about the union's choice of candidates, Hoffa said it is too soon to say. Hoffa pledged Teamsters support of the steel strike, addressed the International Longshoremen's Assn. on the need for labor solidarity, and spurred Teamster efforts to organize Greater Miami workers on his flying visit from Washington yesterday.

He said his men "won't go through any of their steel strike picket lines."

### Parking Fee For All Collegians Rejected

SACRAMENTO (AP) — A parking fee for all state college students, regardless of whether they have a car to park, was rejected yesterday by Roy Simpson, state superintendent of public instruction.

He laid down a \$26 two semester user fee for full-time students, faculty and staff instead of a flat \$6 for students and \$16 for faculty as recommended last week by state college presidents and business managers. "A user fee is the only fair way," Simpson said.

### Convict Flees Prison Camp

Escape of a prisoner during his first night at Crystal Creek prison camp at Redding was reported this morning to San Quentin Prison, where he had kept an unblemished record since August of 1952.

The man is Eddie Franklin Richmond, convicted of first

degree robbery in Los Angeles. Associate Warden Walter D. Achuff said that before being sent to Redding yesterday, Richmond had been in minimum custody.

Crystal Creek officials reported Richmond was in his dormitory bunk during a 2 a.m. check-up today but had disappeared when another check was made at 4 a.m.

**The Long Way**  
NEWPORT NEWS, Va. (AP) — A giant hydraulic turbine runner, built here for use at Niagara Falls, N.Y., had to be routed through eight states—and two of them crossed twice—because of obstructions along the railroad rights-of-way. The massive equipment, 18½ feet high and 8½ feet wide, traveled on a special flat car.

### MARIN'S HOPES AT SONOMA FAIR

Three lambs and their young owners are headed for Santa Rosa with eyes on prizes at the Sonoma County Fair, which opened today. The girls (left to right) are Joan Marzell, 17, Mimi Baccaglio, 15, and Marsha Baccaglio, all members of the Novato Aggie 4-H Club. The fair continues through July 25.

### Leases Negotiated For Sites For Two Service Stations

Leases have been negotiated between Standard Oil Co. of California and Hoytt Enterprises of Richmond for establishment of two Chevron service stations in north Marin—one at the Patterson Ranch

Shopping Center development in Novato, the other in the Marinwood Shopping Center, both planned by Hoytt.

Construction of the two stations is expected to begin within 30 days after approval by the county planning commission and board of supervisors, it was disclosed today by Jack Ballester of Standard Oil Co. in San Francisco.

The planners are to consider the architectural plans for the two stations Monday.

The Novato station is planned for the corner of Grant avenue and Seventh street extension, the Marinwood station for Marinwood avenue extension and Miller Creek road.

The stations are the second businesses to take up leases with Hoytt Enterprises for the two proposed shopping center sites. Lee Brothers Markets, Inc., recently announced plans to build supermarkets at the two sites.

### Court To Resume At Point Reyes

Weekly sessions of the Northwest Marin Judicial District Court at Point Reyes Station will be resumed late this month after interruption due to illness of the judge, David R. Baty, San Rafael attorney.

Baty suffered a burst appendix July 4 and was confined to Ross General Hospital for a week. He is now convalescing and able to visit his San Rafael office briefly, but is still under medical care.

### ACCIDENTS PUT HUSBAND, WIFE IN HOSPITAL

RENO (AP)—A pair of freak accidents sent both Mr. and Mrs. G. E. Benham to the hospital.

Benham, 79-year-old vice president of the Union Federal Savings and Loan Co. here, is reported in fair condition after inadvertently pulling a freight elevator down on him last Monday. Associates said he was almost crushed, but somehow escaped broken bones.

Mrs. Benham landed in an adjoining room when she fell and injured her ankle after visiting her husband in the hospital.

### No Thanks!

TOWSON, Md. (AP)—Linda Johnson got a real eyeful in the mail the other day: four frog eyes. They were sent as souvenirs from her brother, Roger, a student at MacMurray College in Jacksonville, Ill. He suggested that the eyes, dried and wired, would make dandy earrings for his sister.

### Better At Arson

TOLEDO, Ohio (AP)—Suburban Sylvania firemen, burning an old barn to test their techniques, scored better in arson than in fire-fighting. Touched off when fireman Ken Ehrsam sloshed gasoline about and ignited it, flames destroyed the barn in 15 minutes flat—while the firemen fought hard to control the blaze.

### Motive Puzzles Hub Police In Kidnaping

Motive continued to be a mystery today in the kidnap and subsequent release of a 16-year-old San Anselmo boy yesterday morning.

Lawrence Joseph Bersano, 16, of 89 Park drive, told police five youths in a blue-green car forced him into the vehicle about 7:30 a.m. as he was walking along Saunders avenue to attend summer school at Sir Francis Drake High School.

Lawrence told police the five abductors talked about taking him to Stinson Beach and removing his trousers there. But they dropped him off at White's Hill instead, probably because they became frightened.

The victim said he was too frightened to even get the license number of the car. He walked home. His mother called police shortly after 9 a.m.

Asst. Police Chief Sam N. Serio took the boy on an all-day hunt for the kidnap car yesterday, without spotting the vehicle. Serio said he would confer with the victim this afternoon.

Lawrence says he never saw the kidnapers before, they did not molest him in the car, and did not try to take his money or property.

### Birth Reports Are Corrected

Due to incorrect information relayed yesterday from the records of Hamilton Air Force Base, the birth reports of the sons of T. Sgt. Owen Richard Kobert and S. Sgt. Lewis F. Garmon left both fathers and friends in a state of confusion.

The facts are: Mrs. Garmon, Fairfax, gave birth to a son on July 3. Mrs. Kobert, San Anselmo, presented her husband with a son on July 8.

### Airman Hits Parked Car; Got To Jail

Selywn A. Pond, 30, a Hamilton Air Force Base airman, was jailed on a drunken driving charge yesterday in Sonoma County after his auto hit a parked car on Highway 101 a half mile north of the Marin County line.

The California Highway Patrol reported Pond suffered a slight cut on his lip when his car hit the auto of William P. Rus, 69, of Scottsdale, Ariz., at 12:50 a.m. Rus has stopped on the side of the highway to change a flat tire.

### INSULT OR AID?

### Radio Panel Discusses Billboard Regulations

Billboards assault the eyes and minds of a captive motorized audience entitled to protection and to a look at dwindling natural beauties, two public officials said in a panel discussion over radio station KTIM today.

Two businessmen dependent on freeway travelers retorted that their patrons are entitled to information through signs as to what facilities are available along the highway, and how to reach them.

Kitty Oppenheimer was moderator of a 9 a.m. analysis of "Are Marin County's Billboard Regulations Too Strict," on the "Marin Sounding Board," with questions from the public read and answered after initial presentations.

**TO BE REBROADCAST**  
The program will be rebroadcast from a recording at 12:30 p.m. Sunday.

Both Leland H. Jordan, county counsel, and B. D. Dobbs, county planning technician, indicated belief that one question as to whether billboards are "insulting" got close to the heart of the issue.

"The individual has no choice about billboards," said Dobbs after pointing out that such choice exists concerning advertising in newspapers or on the air.

"Advertising media are now injected into every phase of life," added Jordan. "Increasing encroachments cause the general public to feel that it must preserve certain things. With regard to natural beauty we can't retreat farther."

**DIRECTIONS NEEDED**  
Angelo Sabella, owner of Sabella's restaurant on Highway 101 at Alto, protested that he had no desire to see the free-ways "cluttered from one end to the other." But, he said, there is a great present lack of proper directional signs to guide drivers.

"We as businessmen are on a lifeline," said Sabella. "If the purpose of a highway is only to speed traffic it shouldn't even have egresses. Present signs are inadequate to advise speedy traffic—you can't see a sign, say six-by-eight. The question is not one of cluttering the highway but of appropriate signs to advise motorists."

Concurring in the view that "directional signs are inadequate and people are confused," Roland G. Reading, manager of the Edgewater Inn at Corte Madera, called for "a more realistic ordinance."

"Our business is basically roadside, dependent on highway travelers," said Reading. "It is necessary that 90 percent of our advertising budget go to signs so we feel very strongly—it's our lifeblood."

"We are dependent on adequate egress, advertising, directional and identifying signs or people go past and tax money is lost."

Jordan upheld the constitutionality of existing county restrictions, said they are not prohibitive but only regulatory, and pointed out that the state merely issues a permit. Marin rules, he said, "are reasonable and necessary, and I believe they will be upheld by the courts."

Sabella took issue as to constitutionality.

Corte Madera, Reading said, is in process of developing a directional sign for all businesses—"but we'll need a sign to that."

### DAIRY MARKET

SAN FRANCISCO (UP)—Dairy:

### Hot Line

SAN DIEGO (AP)—Mrs. Laverne King of rural Fallbrook told Court Clerk Al Fern to keep calling if here telephone was busy when she was needed for jury duty. Her reason: She's on a 10-party line.

### Police Unable To Find Killing Inmate Admits

SACRAMENTO (UP)—Police were unable today to find a record of a Sacramento slaying admitted by San Quentin Prison inmate Robert S. Harmon. Harmon, sentenced to death in San Quentin on a charge of assaulting a prison guard while serving a life term, confessed last week to killings in Sacramento, San Diego and San Antonio, Tex.

But detectives Al Zine and

E. V. Engelbrite of the Sacramento Police Department said they could find no record of the Sacramento crime. Harmon said he hit a robbery victim on the head and thought he had killed him.

Associate Warden Walter D. Achuff said San Quentin officials had no knowledge of Harmon's letter. Prisoners are permitted to send sealed communications to the governor, Achuff explained.

Piggyback railroad service, where truck trailers are carried on flatcars, began in 1952 with a trial run between Wichita, Kan., and Kansas City.

GEN. CURTIS R. LOW  
Assigned new post

GEN. CHARLES R. BOND  
To command division

## Gen. Low Named Vice Commander Of WADF

Brig. Gen. Curtis R. Low, commander of the 28th Air Division at Hamilton Air Force Base, will become vice commander of Western Air Defense Force on Aug. 1.

Taking over as commander of the 28th will be Brig. Gen. Charles R. Bond, Jr., former commander of the 25th Air Division at Tacoma, Wash.

Low formerly was executive to the vice chief of staff of

the Air Force at Washington. Bond, a command pilot, was with the Flying Tigers in World War II and was credited with destruction of nine Japanese planes.

He is a graduate of Texas A&M College, and attended pilot training school and fighter command school.

Bond, his wife Doris and their children Rebecca, Cynthia, Mary and Charles will live at the base.

### TODAY

## San Diego Celebrates Birth Date

SAN DIEGO (P) — About two gunshots from the ocean, as distance was sometimes estimated in those days, Father Junipero Serra stood on a knoll and said:

"The time has come for us to begin our work of converting the savages to Christianity."

And thus, 190 years ago on July 16, the Jesuit priest founded Mission San Diego de Acala.

It is from that date also that San Diego, now California's third largest city, counts its birth as the first civilized community in the state.

Events celebrating the birthday are being held throughout the week.

They include a parade to the Serra Cross, marking the spot on Presidio Hill above old town where the priest pioneer stood with his little band of Spanish soldiers and missionaries when he made the declaration that led to founding the string of missions northward.

## Rodeo Receipts Exceed \$3,500

Net gate receipts of \$3,513 from the recent San Rafael Kiwanis Club rodeo were announced today by Sebastian Cimino and Harold J. Keaton, co-chairmen of the annual event.

Funds derived from the rodeo go toward the Kiwanis' underprivileged fund and is distributed in camperships, scholarships, milk funds and to provide food and clothing for needy families.

## Classes In Arts, Crafts To Start

Adult classes in arts and crafts will be held every Monday night beginning next week in the Albert Park game room, the San Rafael Recreation and Park Department announced today.

Classes will convene at 7:30 p.m. and will continue for five weeks. Arts and crafts to be presented include charcoal drawing, block, felt and linoleum printing, lanyards, basket weaving, mosaics, copper, aluminum and papier mache.

## Sausalito Officer Earns Promotion

John Terence Ward, 28 Curry lane, Sausalito, has been promoted to lieutenant colonel in the Army Reserve.

Ward is currently special services officer for the division. In civilian life, he is operations manager at John P. Lynch Co. in San Francisco. He is married to Ann Kelly Ward and has five children and stepchildren: John Jr., Patty and Pierce Ward and Sheila and John J. Slattery.

## Record Convicts Man Of Growing Marijuana

A tape recording of a marijuana grower's admissions were played in Marin Superior Court yesterday to convict Donald Phillip James, 25, of 59 Crown court, Mill Valley.

Judge Thomas F. Keating found James guilty of violating the state Health and Safety Code by planting and cultivating marijuana. The crime is punishable by anything from probation to a maximum of 10 years in prison.

The judge set 10 a.m. Aug.

3 as time for sentencing. James was allowed to remain free on \$2,500 bail until the sentencing.

During yesterday's trial, James declared it was his roommate who grew the 17 potted plants. Roommate Don Barre, 25, has vanished since James was arrested on June 2.

When James denied growing the marijuana crop, Dist. Atty. W. O. Weissich called time out, then introduced a tape-recorded conversation tak-

en at the time of James's arrest. In the recorded interview, James admitted he grew the marijuana plants himself.

Judge Keating listened to arguments, heard the tape recording, took a look at the 17 potted plants that were hauled into court, and found James guilty.

## Subscriptions Sweet

BROKEN ARROW, Okla. (P) — "The sweetest deal ever offered," was announced by C. A. McWilliams, publisher of the weekly Broken Arrow Ledger. He said a five-pound sack of sugar would be given to each new subscriber and each person who renews his subscription.

## Three-R School Schedules Exam

Entrance examinations for the summer session of the Three-R School will be held Saturday at 9 a.m., it was announced today by James Kirchanski, director.

The summer session will begin July 27. Examinations are held to determine the class level in each subject for each child.

Primary grade children will be tested at the school's downtown office, 508A Fourth street. Upper grade children will receive their examinations at the new Three-R building on

Independent-Journal, Thursday, July 16, 1959 5

Highway 101 at Rafael Meadows.

Enrollments for the fall term are also being accepted.

## San Rafael Driver Handed Jail Term

Robert Burke Nunnally, 35, of 146 San Rafael avenue, San Rafael, must spend five days in county jail and pay a \$250 fine for his second drunken driving offense in seven years.

He was sentenced yesterday by Judge Harold J. Haley in Marin Municipal Court. Nunnally was caught on Highway 101 last Feb. 16. He had a previous conviction in April of 1952.

## Pensioner Fined For Drunk Driving

A 70-year-old San Rafael pensioner paid a \$150 fine yesterday in Marin Municipal Court for drunken driving.

Richard Hugh McFadden of 1601 Fifth avenue was arrested on Highway 101 on June 21. Judge Harold J. Haley put McFadden on nine months probation. A prior drunken driving conviction 15 years ago was stricken from the records, thus saving McFadden from an automatic jail sentence. Under a new state law, all second offenders must spend some time in jail in addition to paying the fine.

# NOVEL PLAN TO FINANCE HUB FIREHOUSE STUDIED

'Lease-Option' Approach Calls For City Installment Payments

By BRYCE W. ANDERSON  
Three potential directors of a dummy corporation met today to discuss making it possible for San Anselmo to build a firehouse on the installment plan.

The three are Walter W. Carter, attorney; John C. Phillips, tree service manager, and A. N. Nipper, realty broker, all San Anselmo residents. They met at the city hall with Lawrence E. Wright, potential attorney for the dummy corporation, also a San Anselmo, and City Atty. John G. Buresh and City Manager Arthur W. Brewer.

## WILL BE DIRECTORS

Unless they detect some flaws in the plan, Carter, Phillips and Nipper will become directors of the first non-profit corporation ever set up in Marin County to enable a political jurisdiction to buy a building the way most people buy their houses—a little down and regular payments over a long period.

The corporation, if set up, will float a bond issue. With the proceeds from sale of the bonds, it will purchase from the City of San Anselmo the firehouse site at Arroyo avenue and Butterfield road which the city purchased just last night from Mr. and Mrs. D. N. Sapp, together with any improvements the city may mean time have put on the property. It will then award a contract for building a firehouse on the site. And it will lease the land and firehouse back to the city under the "lease-option plan."

## DUMMY CORPORATION

But the corporation will really be a dummy corporation. The legal papers its directors sign will be provided by an eastern firm known as Hanauer and Co., which specializes in lease-option financing. Hanauer and Co. will sell the bonds. The payments the city makes will merely pass through the hands of the dummy corporation to Hanauer and Co.

But the dummy corporation will hold title to the land and building—until the city pays for it. The city will pay a monthly rental which will apply toward the cost.

Hanauer and Co. will make its money out of brokering the bonds. The bond buyers will make theirs out of interest. Because of the interest cost over a 30-year period, the City of San Anselmo will pay nearly double for a firehouse estimated last night to cost \$59,078 and the site for which the city authorized a check to the Sapps for \$13,500. The dummy corporation will make nothing.

## POPULAR PROCEDURE

This complicated procedure, the "lease-option plan," is becoming more and more widely used by cities strapped for cash and either already heavily bonded or in difficulties at promoting bond issues or selling their own bonds.

In San Anselmo's case, the scheme is being tried because: (1) the city does not have the available money to pay out about \$75,000 for site and firehouse; (2) its city council dares not attempt to float a bond issue for the purpose.

The reason the council is skittish about trying to put over a bond issue is that San Anselmo outlived its last municipal bond issue a decade ago. Bond buyers have long memories. Even if the voters approved an issue for the firehouse, it is considered unlikely the bonds could be sold.

So the dummy corporation enters the picture.

Last night, City Manager Brewer proposed to the city council that it appoint Carter, Phillips and Nipper directors of the non-profit corporation.

But City Attorney Buresh advised that the council should not appoint. The corporation must remain completely separate from the city, he said. The three men should just get together with their attorney and set it up. (The expenses of doing so will be repaid out of the bond income.)

Once the corporation is functioning, Hanauer and Co. will take over.

The lease-option plan has been ruled legal in California. But because not all courts thing alike, and because this will be the first such operation in Marin County, Hanauer and Co. will make no move to sell the bonds until this particular corporation setup has been ruled legal by Marin Superior Court.

City Manager Brewer expressed fear of a factor that would delay the whole project until next spring. He said Malone and Hooper, architectural firm that designed the firehouse, told him the type of concrete work contemplated must be put in while the creek bed under the future firehouse is still dry. And Attorney Buresh said it would require a 60-day wait for the superior court ruling to become final. Even if the court acted promptly after the corporation is organized, that would mean no contract could be let before October. By that time, no contractor would be willing to offer a favorable bid since there would be little chance of pouring the concrete before rains begin.

City Councilman Carleton G. Little came up with a possible solution.

"Why couldn't the city contract the concrete work only?" he asked. Then the property could be sold to the non-profit corporation with the foundation already in, and the city reimbursed from sale of the corporation's bonds.

Attorney Buresh said he thought it could be done. City Manager Brewer promised to check with Hanauer and Co.—who have all the answers—by tonight, when the council will meet again.

unsuccessfully to reappoint O'Connell, to whom Little objected because O'Connell had appeared before the council as advocate for Asst. Police Chief Sam N. Serio. After a 2-2 split on his reappointment (Councilman William Franchini voting with Little), O'Connell withdrew his name.

The Hub City council met until midnight last night, and will meet again at 8 o'clock tonight to take up matters on the agenda which were not reached. In other action last night, the council:

1. Approved eliminating library employees from the city pension plan, on being informed in a letter from the library board that three out of the four library workers wanted the exclusion.

2. Put off until tonight action on overriding a 4-2 planning commission turndown of a two-lot subdivision at 82 Oak Knoll avenue proposed by Norman Swall. City Manager Arthur W. Brewer called the plan "cutting land up into weird parcels."

3. Granted approval for donkey rides to be operated by Will Peters on Tamalpais avenue and a lot behind Lee Busolo's Chevron service station during San Anselmo Bargain Days.

4. Granted extensions until July 25 for completion of the Canyon road, Redwood avenue and Spring Grove avenue storm repair projects and until Aug. 25 for completion of the big Forest avenue project.

5. Adopted a set of resolutions setting up the Ash avenue assessment district, for installation of gutters and sanitary sewers on Ash avenue, and set protest hearing for Aug. 18.

6. Approved warrants totaling \$87,682.64 by 3-1 vote. Councilman Carmel H. Booth voting "no" and declaring: "I note that increasing the expenses of the city are going up. . . . Something's got to be done."

8. Prohibited parking at the end of Fern lane and on the northeast side of Karl avenue. Mrs. Booth voted against the Fern lane prohibition.

9. Postponed introduction of a fire prevention ordinance until the Aug. 11 meeting.

TV WESTERNS TOO MUCH FOR ACTRESS  
HOLLYWOOD (AP) — Actress Caroline Van Dyke won a divorce yesterday on testimony that her husband was a television addict who sat in front of the TV set completely hypnotized.

She said Bernhard A. Goetke III, an accountant, sat for hours while she did all the household chores. And to top it off, she said, Goetke insisted on watching westerns—which she hates.

Under a property settlement, Goetke took the living room furniture, including the TV set. Miss Van Dyke acts on television—sometimes in westerns.

San Anselmo Sergeants Both Qualify  
Certification of the eligibility list for police chief of San Anselmo was among the matters not reached last night as the city council met until midnight, then adjourned to complete its agenda tonight.

Both the Hub City police sergeants who took the exam qualified, City Manager Arthur W. Brewer disclosed after the meeting. Sgt. Ray Buchignani made a score of 77.17. Sgt. James Orr scored 74.96.

One of them will become chief when Donald T. Wood steps out Aug. 1 as the first San Anselmo city employee to retire under the pension plan approved by voters last November.

The council last night certified results of an examination for patrolman and appointed George Alberigi of Sausalito to the force. Alberigi, who scored high with 79 points, has been serving on the Sausalito police force. Others who qualified were William Smalley of Fairfax, 77.75; George Howenstein of San Rafael, 74.92, and Donald Ceridono of Berkeley, 72.49.

Integration Ruling  
NEW ORLEANS, La. (AP)—A federal judge ordered the South's largest city yesterday to present a workable school integration plan by next March.

The New Orleans school board immediately announced it plans a legal attack to delay school integration in New Orleans, the biggest city in the South.

NOVATO AREA AFFECTED  
PUC Sets Hearing On Phone Rate Hike  
The state Public Utilities Commission has set two public hearings on the application of Western California Telephone Co. for rate and charge increases.

Hearings will be held at 10 a.m. July 28 at the Marion School, Novato, and at 11 a.m. in the University avenue school, Los Gatos.

The company is seeking increases ranging from seven cents a month for "semi-public (daily)" service to \$3.25 for single-party business telephones, increases of 80 cents a month for one-party, two-party and four-party residence rates and a 60-cent increase for suburban residence rates.

No increases are being sought for extension residence telephones.

The company also wants to increase business telephone rates ranging from 25 cents to \$2.50.

At the same time the PUC announced that the company which serves about 16,000 subscribers in the areas of Novato in Marin, Kenwood in Sonoma County and Los Gatos and Morgan Hill in Santa Clara County, has been authorized to execute a supplemental indenture and to insure and sell one million dollars in bonds.

The PUC considered the application by the company for the bond authorization, and held the opinion that a public hearing was not necessary.

The company may execute and deliver a supplemental indenture on or before Oct. 31, and dated July 1, and may sell the bonds.

The company is to pay outstanding indebtedness from the bonds, and use accrued interest for general corporate purposes.

Body Of Pilot, Plane Wreckage Found In Park  
SEQUOIA-KINGS CANYON NATIONAL PARKS (AP)—The wreckage of a crashed World War II fighter plane and the bones of its pilot were discovered in a remote section of the park here.

The wreckage, believed to be that of a P-40, was found last week by Phillip and Sheldon Arnot of Mountain View while on a pack trip with three other men.

Sixth Army headquarters at the Presidio in San Francisco has organized a search team, expected to depart for the wreckage later this week.

Lecture On India Set At Marin Rod-Gun Club  
Dr. Karl Meyer, director emeritus of the Hooper Foundation at the University of California, will give a public illustrated lecture on India at the Marin Rod and Gun Club at 8 p.m. tomorrow.

**HEADS COMMITTEE**—Thomas S. Page, 85 Platt avenue, Sausalito, has been named chairman of the new public relations committee of the San Francisco Bay Area Council. Page is public relations officer for the Bank of America. Before joining the bank in 1957, he operated his own public relations firm in San Francisco.

## Two Burglars Given Stiff Jail Terms

Two young men from Oakland, who broke into the Miller Avenue Shopping Center in Mill Valley, drew stiff county jail sentences Tuesday.

Edward Charles Heimark, 19, must serve one full year in county jail, with no credit for time served since his arrest two months ago.

In sentencing Heimark, Judge Thomas F. Keating of Marin Superior Court noted that he has a previous record in Alameda County.

Heimark's companion, Donald H. Barnett, 21, drew 11 months in county jail, with credit for the two months he has already served, and will be on probation three years. Barnett is eligible for work-furlough privileges.

Deputy Public Defender Peter Allen Smith asked for more leniency in the jail terms, pointing out both men have good jobs and their drinking on the night of May 19 had something to do with their break-in. But the judge refused to shorten the jail term.

Mill Valley police nabbed Barnett inside the market. Heimark was caught later. They broke a window to enter and had rifled the cash register and taken some liquor, police said.

## Loma Verde Unit Aims Zoning Laws

New zoning regulations for Loma Verde were discussed and approved at a membership meeting of the Loma Verde Home Owners Assn. at the Loma Verde School Monday night.

The proposed regulations will come before the Marin County Planning Commission next Monday. James A. Swenson, president of the association, said they met with general approval of the membership in their present form.

### HANDLE WITH CARE—AND GLOVES

Bob Dole of Claremont, N. H., is careful to wear gloves when he handles this scrappy little 10-pound bear cub which he and another hunt-

er shook out of a tree in the White Mountains. Dole has been given permission by state conservation authorities to keep the cub. (AP Wirephoto)

## Ark Dwellers Change Name Of Carnival

Sausalito's embattled waterfront residents, fighting to retain their casual living on arks, barges, houseboats and other assorted craft, decided last night to plunge into the field of witchcraft.

At the meeting of the Sausalito Preservation Assn., the group decided that the name of their carnival set for Aug. 8-9 — "The Waterfront Affair" — did not adequately do the job.

It was decided to change it to "Voo-Doo-Do."

Spokesman Helen Kerr today explained the reason for the name change with the comment that "if logic won't work, maybe witchcraft will."

Members have contended that the city's stand that they must vacate underwater streets and connect their floating homes to sewers is unreasonable and illogical.

The approaching even has the double purpose of attracting attention to the group's activities and raising funds to fight court actions initiated by the city.

## BONDS

Continued from page 1  
I could move. I don't like that." Another hearing has been set for next Tuesday.

Volunteering to appear before County Counsel Leland H. Jordan for advice on the best way to try to stop the bond issue election were Robert Friend, William Amans and Antonio Lonich.

### TWO QUESTIONS

At Lonich's suggestion, Mrs. Willis agreed that her address could be used for postcard replies to two questions: Do you want the community services district erased? Do you favor annexation to San Rafael?

Baird outlined the procedure for seeking annexation, and said the whole process from petitions to election to annexation might take as long as a year.

Andersen said San Rafael had no objection to the annexation, particularly now that the controversial drainage ditch matter had been cleared up.

Andersen said the new high school would provide recreational facilities, although it might be three years before a swimming pool would be built.

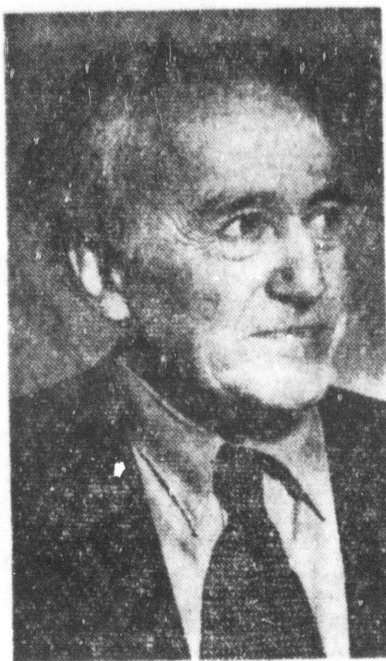

### PARK DEVELOPMENT

He said that if the land now set aside in Terra Linda for recreation were dedicated to the city, San Rafael probably would develop it as a park. (Terra Linda is within the Dixie School District and the San Rafael High School District.)

Andersen and Baird also pointed out other advantages of annexation, including fire and police protection, tree service along streets, street lighting and lower fire insurance rates. Andersen said annexation would mean a reduction of 19 cents in the tax rate now being paid by Terra Linda homeowners.

Annexation would not involve the bond issue election, or any action the residents might take against the services board, Andersen said.

The bond issue, if passed, would provide a community swimming pool, play areas, tennis courts and a new community building.

ERNEST BLOCH  
Funeral held today

## Ross Postal Clerk Dies In Hospital After Long Illness

Rudolph J. Kreuzer, 51, Ross post office clerk for 20 years, died at a local hospital today after a long illness from a heart condition.

He lived at 1118 Sir Francis Drake boulevard, Kentfield, with his wife, Doris, who is bookkeeper for O'Neill and Logan hardware store in San Rafael. A native of San Francisco, he had lived in Marin since 1921.

Besides his wife, he leaves two children, Rudolph J. Kreuzer Jr. and Louis L. Kreuzer; and four grandchildren. He was a member of the St. Raphael's Council, Young Men's Institute, and the Postal Clerks' Union.

Funeral services are set for 9 a.m. Saturday at Keaton's Mortuary, San Rafael, thence to St. Anselm's Church in San Anselmo for Requiem Mass. Burial will be at Mt. Olivet Cemetery. Rosary is set for 8 p.m. tomorrow at the Keaton chapel.

### Morgue Is Theater

DOVER, N.J. (AP)—What was once the city morgue has become one of the brightest spots in town. The building, purchased through the efforts of a philanthropic businessman, has been converted into a theater by the Dover little theater group.

## OBITUARIES

## Final Rites For Ernest Bloch Today

Private funeral services were scheduled to be held today in Portland, Ore., for composer Ernest Bloch, father of Mill Valley painter Lucienne Bloch Dimitroff. Bloch died yesterday in Portland. He was 78.

He had been a resident of Agate Beach near Portland since 1940, after having served as an instructor in music at the University of California in Berkeley.

A naturalized Swiss, he came to the United States in 1916.

He was a founder of the Cleveland Institute of Music and was former director of the San Francisco Conservatory of Music. He held an honorary degree of doctor of letters from Portland's Reed College and in 1955 was given the title of professor emeritus in music by University of California. He also received the gold medal from the American Academy of Art and Letters for distinguished work in music.

Bloch's works ranged from the tone poem "America," derived from folk songs, to the opera "Macbeth," which was premiered in 1910.

Among his works are "Avodath Hakodesh," the first complete performance of the Jewish service third quartet, "Concerto Grosso," three Jewish poems and "Suite Symphonique."

He was the only American to be voted into the Academy of St. Cecilia in Italy and the only composer to be awarded the New York music critics' award twice.

In addition to his daughter, Lucienne, he is survived by another daughter, Suzanne of New York City, and a son, Ivan, an engineer in Alaska.

Mrs. Dimitroff and her husband are in Portland for the funeral.

British and Danish scientists have proved that sea anemone and other life exist seven miles beneath the surface of the ocean.

## GOOD JOB OF RECRUITING

ATSUGI, Japan (UP)—John J. Schneider's Navy job is counseling men on making the U. S. Navy their career. Schneider, a personnelman third class, of Chattaroy, Wash., has convinced himself. He re-enlisted.

## BIRTHS

BRILL—In Oakland, May 22, to the wife of Jerome N. Brill, Marin-wood, a son.  
DISSE—In San Francisco, July 9, to the wife of Werner Disse, Greenbrae, a son.

## MARRIAGE LICENSES ISSUED

Jim Niven, 25, of 5 Baltimore avenue, Larkspur, and Lorraine J. Micheli, 26, Berkeley.  
Eugene M. Colteaux, 25, of 45 Angela avenue, San Anselmo, and Jacqueline F. Matos, 22, of 123 Park street, San Rafael.

## DIVORCES ASKED

HENDRIX—Frances vs. George A. cruelty.  
JOHNSON—Shirley S. vs. Elmer G. mental cruelty.  
THOMPSON—Elizabeth B. vs. Glenn E. cruelty.

## DEATHS

KREUZER—In Kentfield, July 16, 1959, Rudolph J. Kreuzer, loving husband of Doris M. Kreuzer, beloved father of Rudolph J. Jr. and Louis L. Kreuzer, grandfather of Victoria Louise, Louis L. Jr., Michael Allen and Denise Ann Kreuzer; a native of San Francisco, age 51 years; member of St. Raphael's Council, YMI, U.S. Postal Clerks.

Friends are invited to attend the funeral Saturday, July 18, 1959, at 9 a.m. o'clock from Keaton's Mortuary, San Rafael, thence to St. Anselm's Church, San Anselmo, where a Requiem Mass will be offered for the repose of his soul at 9:30 a.m. Interment Mt. Olivet Cemetery. Rosary services will be recited at 8 p.m. at the Keaton chapel Friday, July 17, 1959. (7/16-17)

BLAGG—In San Francisco, July 16, 1959, Martha L. Blagg, wife of the late John J. Blagg Sr., beloved mother of Ernest J. Blagg, Martin J. Blagg and the late John J. Blagg Jr.; devoted grandmother of Dorothy M. and James E. Blagg; native of Brisbane, Australia, aged 83 years.

Friends are invited to attend the funeral Friday, July 17, 1959, at 9 a.m. from Keaton's Mortuary, San Rafael, thence to St. Rita's Church, Fairfax, where a Requiem Mass will be offered for the repose of her soul at 9:30 a.m. Interment, Mt. Olivet Cemetery, San Rafael. Rosary services will be recited at 8 p.m. at the Keaton Chapel, Thursday, July 16. (7/15-16)

## BLACKOUT

Continued from page 1  
Poncia ranch, said he doubted if atmospheric conditions were right for lightning.

He said there would have to have been "a terrific change in temperature."

Reiley said the failures more likely were caused by a combination of fog and dust. He said fog spread eastward from Tomales Bay throughout the early morning.

### POWER RESTORED

PG&E officials said power had been restored in all areas, and added that the failure in Novato had no connection with the one in Olema. They said the Poncia ranch fire did not result in a blackout in that area.

The Novato office of PG&E said a 12,000-volt line snapped and fell to the ground near the intersection of Novato boulevard and Riposa Vista at 2 a.m. Service was restored at 8:42 p.m., the company said.

Power in the Novato area was shut off in most of the downtown area west of Highway 101, in western Novato and in the Olive and Atherton avenue areas.

### HOLE IN TRANSFORMER

Power company officials said they had not determined how widespread the blackout was in the Olema area, but it was not believed to have affected many homes.

They said a flashover caused by dampness and dirt could have snapped the power lines. At Novato, a hole was burned in a transformer at the point where the line snapped.

San Francisco also was struck by a power failure this morning when a transformer exploded atop a power pole in the Bernal Heights area. Hundreds of persons were awakened. Officials blamed the blast on moistening dust on outlets at transformers.

## PROTEST

Continued from page 1  
homes built on pilings. No definite action was taken on the idea.

"We must bring our arguments against this project to the other residents of Belvedere and fight shoulder to shoulder," Phillips said. Methods suggested were a community-wide meeting in the city hall and letters and personal contacts.

Following the Army Engineers decision, the group expects to present its case to the city council at its August meeting.

There was no representative of the Belvedere Land Co. present.

### Anti-Bite Repellant

LOCKPORT, N.Y. (AP)—Mailman Leo W. Conley Jr. has developed his own method of preventing trouble from dogs along his route. He is accompanied daily by a big German shepherd which commands the respect of all the dogs he encounters.

## Brown Signs Measure For Gate Commission

SACRAMENTO (UP)—Gov. Edmund G. Brown today signed a legislative bill creating a Golden Gate Authority Commission.

## TRACT

Continued from page 1  
the basis of the two-year-old plan. "I ask indulgence for a man who apparently lost his way in the intricacies of making a subdivision," said Selinger.

Oglesby said he had never approved the original plan and would not do so.

City Manager Brewer declared: "I am appalled that a previous council could have overruled the city engineer on this . . . You are just making it impossible for other councils, other managers and other superintendents of streets to control your streets."

But Councilman Carmel H. Booth, sharply reminding Brewer that "your job is not planning," moved that the council waive the planning commission's eight conditions.

Mayor Arthur W. Smith said he voted to approve the plan two years ago and "if I went back on that now, I couldn't sleep tonight." Councilman William Franchini voted with Mrs. Booth and Smith because "this boils down to the technicality that he failed to file the final map in a year."

## Study Is Asked On Property Use At Strawberry

In the interest of speeding up fun and frolic as well as determining who will pay the piper, a committee recently appointed to plan for use of property recently acquired for a Strawberry Recreation District was asked by district directors last night to renew and hasten its deliberations.

Mrs. J. W. Gowen, board secretary, said that the committee will decide whether a bond issue will be necessary.

Residents who appeared at the meeting suggested that baseball, tennis and basketball be among activities of the new district.

A report on the summer recreation program said that enrollment is equal to that of last year through the entering age minimum has been raised.

### Suggestion Works

HONOLULU (AP)—Pfc. Richard G. Spring suggested himself into a three-day pass. The 14th Infantry at Schofield Barracks was holding a suggestion contest. This is what Spring came up with: "I suggest that a three-day pass be given every suggestor of a suggestion that is adopted by this battle group."

## HUB CITY

Continued from page 1  
if it were to continue to pay only \$1 a month.

Councilman Carleton G. E. Little asked whether Prydz is auditor for the San Anselmo Police Widows' and Orphans' Fund. "I think it's too close a tie-up," said Little.

Councilman Carmel H. Booth objected to "that sort of veil over Mr. Prydz' honesty."

"It's no impugning of his honesty," retorted Little. "We are just keeping the old family working around here . . . I think the chief is naming his successor. I think that's bad policy."

Mrs. Booth and Mayor Arthur W. Smith both praised Prydz and said the city was fortunate that he was interested in the job. Mrs. Booth pointed out that Prydz has never held any city office.

When the vote was called, Councilman William Franchini joined the mayor and Mrs. Booth in voting for Prydz' appointment.

## COLLEGE

Continued from page 1  
ed for Stanislaus and Orange counties and the present Chico State College.

On Chico State, the board gave its staff permission to negotiate to purchase a 600-acre plus irrigated farm for use when the college expands its agriculture program to four years. The Legislature has authorized \$750,000 for the purchase.

The board made plans to tour seven sites in the Modesto-Turlock area Monday for the proposed Stanislaus state college.

Some \$500,000 has been approved for purchase of a site. On the Orange County state college in Fullerton, the board agreed to buy 77 additional acres to add to the present 160-acre site. The Legislature provided \$500,000 in the state budget for the purchase.

### SHE SPEAKS FOR WILD HORSES

Mrs. Velma B. Johnston, Wadsworth, Nev., ranch woman known as "Wild Horse Annie," displays photographs which she showed the House Judiciary Subcommittee yesterday she appeared before that body in Washington to urge passage of a law controlling the hunting of wild mustangs on western ranges. The left photo, she said, shows a horse bleeding at the nostrils after being chased

by plane. The right picture, she added, shows a horse tied to a tire to wear it down after capture. The subcommittee yesterday heard a number of advocates of a law prohibiting mechanized roundups. U. S. Bureau of Land Management spokesmen said they wish to hold the size of wild horse herds down to prevent serious competition for grazing with game animals and livestock. (AP Wire-photo)

## Scientist Urges U. S. Build Big A-Smasher

WASHINGTON (AP)—A famed atomic scientist said today the United States should build the proposed new atom smasher which he described as history's most expensive piece of research equipment.

But Dr. Henry DeWolfe Smyth of Princeton cautioned against any tendency to cut corners on basic research in other fields because of the expense that would be involved in the new machine.

Smyth testified at hearings on a proposal that the government underwrite the construction of a two-mile-long "electron linear accelerator" that

would be built at Stanford University.

It would cost approximately 105 million dollars and require at least 15 million a year to operate.

The hearings were held by the joint House-Senate atomic subcommittee on research and development.

Smyth said the proposed device "is the most expensive piece of research equipment I have ever heard proposed."

But he said he believes the project "is scientifically sound and the results will be worth the cost."

### Helicopter Used To Rescue Man

KINGS CANYON-SEQUOIA NATIONAL PARK (AP)—An Air Force turbo jet helicopter today plucked a bruised and bleeding fisherman from the 12,500 foot level of the park—one of the highest altitude rescues ever made in the West.

Robert Moser, 54, of Palm Springs, injured Tuesday when dragged by a pack mule, was flown from a meadow three miles from Sky Blue Lake to Lone Pine. There he was transferred to another aircraft and sped to a Visalia hospital.

The "Savannah," the United States' first atomic merchant vessel, will have a cruising radius of 350,000 miles compared to the present average of 10,000 miles.

## KHRUCHSHEV TELLS POLES:

# Russ 'Will Never Launch War'

SOSNOWIEC, Poland (AP)—Soviet Premier Nikita Khrushchev today pledged that the Soviet Union would never start a war against anyone, anywhere at any time.

He told a cheering throng of delegates at a meeting of miners unions in this Silesian industrial town: "I give you our solemn pledge that never, never, never shall we launch any war against any country anywhere at any time."

He said he did not believe

capitalist countries would start war either but claimed that was because the "balance of forces" is now overwhelmingly in favor of the Communists.

He predicted inevitable victory for communism—with "struggles" but without war.

"I believe that, as I believe the sun will rise tomorrow."

"We want coexistence; we don't want war. We don't need war. Neither do the capitalist

countries. When they thought they would win they wanted war, but I believe they have become wiser."

Khrushchev said people accused him of having said that communism would be the gravedigger of capitalism.

"All right, I did say it. But I didn't mean we would take shovels and dig their graves, only that history will inevitably give the victory to socialism—not voluntarily, we must struggle."

Khrushchev said he had told recent American visitors: "We are stronger than you are. You have no intercontinental ballistic missiles. You send up rockets containing oranges. We send up rockets which can carry several tons..."

"You cannot equal us." His listeners cheered and applauded.

Khrushchev asked himself when the struggle between capitalism and communism will end. He answered:

"When we have unified society all over the world, because all workers have the same interest, the best way to eliminate war is the gaining of power by Communists all over the world."

Khrushchev spoke with bitterness about capitalists.

"I say to you capitalists, if there were a God and He could act He would take strong broom and sweep you out."

## ENLISTED MEN NOT SERVANTS FOR OFFICERS, SOLONS TOLD

WASHINGTON (AP)—The Defense Department denied today that enlisted men are being pressed into "demeaning or degrading" work as officers' servants.

Asst. Defense Secretary Charles C. Finuncane told a House armed services subcommittee that 2,070 GIs are serving as orderlies, stewards, or drivers on the personal staffs of officers. As such, he said, they relieve senior officers of "numerous administrative chores."

Finuncane added that the men are not employed as servants. To do so, he said, would be to violate the law.

The subcommittee on military manpower is studying complaints that many GIs are performing tasks for officers ranging from baby-sitting to housework.

### Sequoia Fire Control Near

PORTERVILLE (AP)—A fire which has burned approximately 6,000 acres of brush, grass and commercial timber in the Kern Canyon area of the Sequoia National Forest apparently was near control today.

Most of the loss has been in brush and grasslands.

The fire-fighting force was being reduced with the fire 70 per cent controlled this morning and conditions favorable.

### Pills Hospitalize Sausalito Man

Russell C. Ryan Jr., 24, of 60 Monte Mar drive, Sausalito, son of a San Francisco physician, swallowed a half bottle of barbiturate tablets at his home yesterday afternoon.

He was found by his father, who called police. The fire department ambulance took the young man to Marin General Hospital where he was treated and later discharged.

Police Chief Howard Goerndt reported the son had written a note outlining what disposition should be made of his personal effects.

### Letter In Mail Box Torn By Tamperer

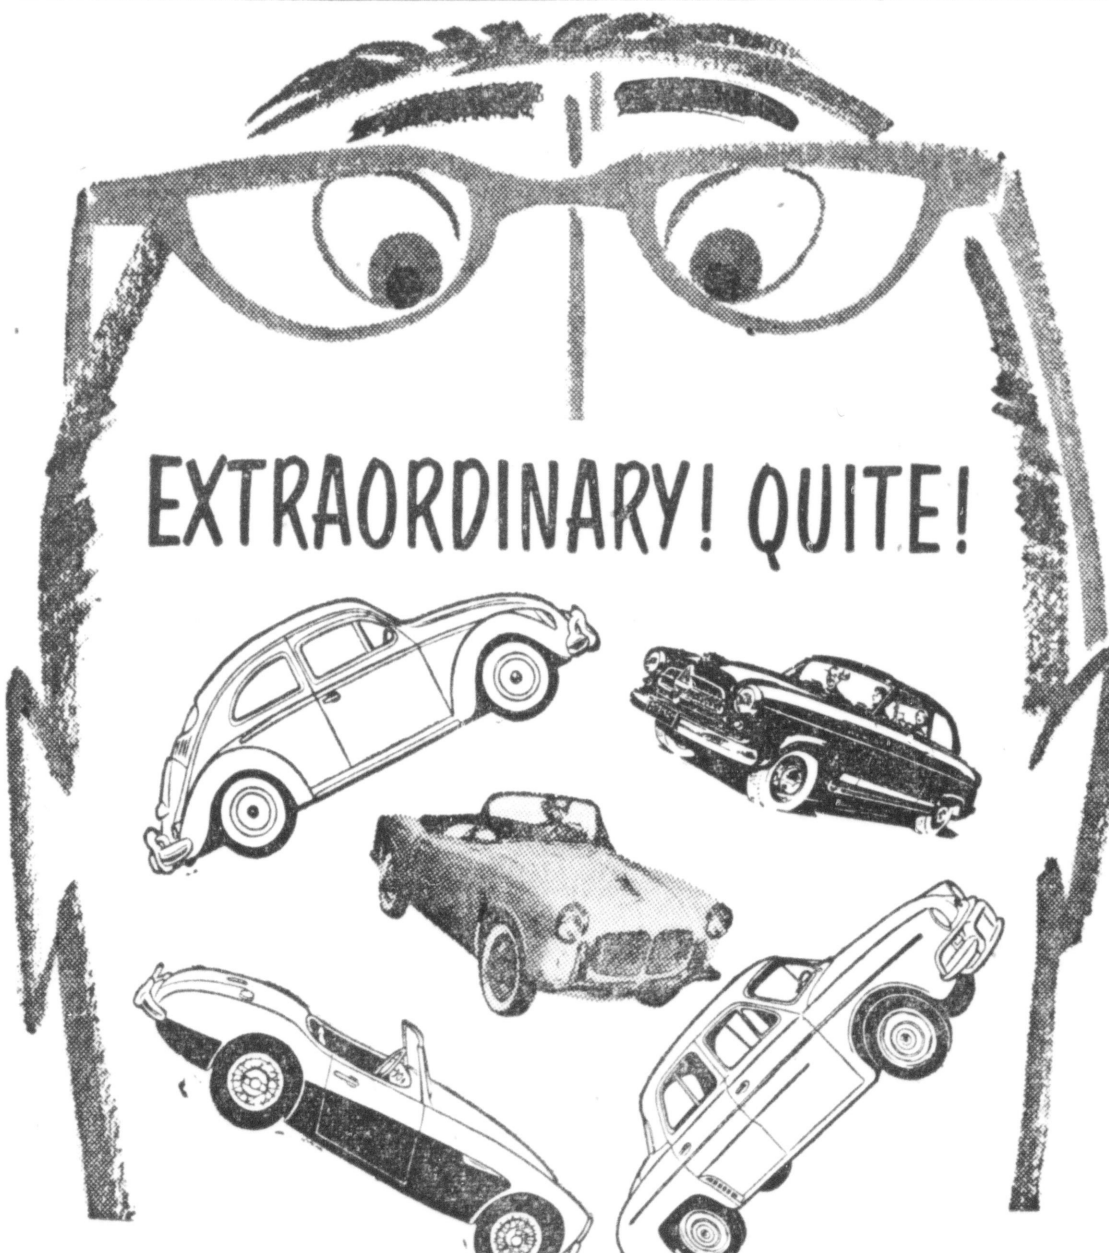

Mail tamperers tore up a letter inside a Kentfield mail box. Kentfield Postmaster Jack Benze reported to the Marin sheriff's office yesterday.

The victim was Gene Nielson, retired, who lives at 20 Hillside road, Kentfield. Nielson told Deputy Sheriff George Barnes that he found a letter from Australia had been torn open. The letter and several photographs had been torn and put back into the envelope.

# 'Wanted To See What Makes Me Tick' Says Slick Burglar

LOS ANGELES (AP)—At 24 a success, by some standards, he wanted to start over—to turn the page and become an entirely new person.

That's why he worked so hard at his adopted trade—burglary—says Gordon Ellis Atteberry.

He was good at it. He says he carried off more than 200 burglaries, which netted him \$100,000 or more. He kept three luxurious apartments at once. He eluded officers in almost 48 states, Canada and Mexico.

When caught, he was dropping his last nickel in a Reno, Nev., parking meter.

All through his months of

exciting flight from one police trap to another, the keen-minded lawbreaker kept trying to figure himself out.

"I want to see what makes me tick," he said yesterday on returning to Los Angeles.

Atteberry worked successfully as a professional hypnotist, actor, writer and photographer of nudes. He studied engineering at the Universities of Colorado and Wisconsin. He's described as an expert at electronics.

Still there was something lacking in his life.

"I planned to reduce my age by five years, assume a new identity and eventually enter

the University of Florida as a premedical student majoring in psychology," he says.

So he became a burglar.

"I'd been capering (committing burglaries) for at least five or six months," he said. "I averaged four or five jobs a night, very seldom ever taking a night off. I averaged in money about \$100 a night."

**LOOT IS FOUND**

Police found \$100,000 worth of loot in his apartments last March. They got onto him after a husband complained Atteberry was stealing his wife.

His confession is sprinkled with hair-raising escapes. In Kansas he shot a policeman—"to scare him"—and swam the Missouri River, then hid in a hollow log for eight or ten hours. In Reno he said he decided it would be easy to blow up the jail—but he refrained. In Montana he bluffed through a roadblock. In New England he "pulled a few jobs." He put 40,000 miles on a car he stole in Hollywood.

He was ordered held for preliminary hearing in lieu of \$105,000 bail. He professed to be glad he'd been caught.

**'FEW WHITE MARKS'**

"I want to find myself so I can operate successfully in society, and relate myself to society," he said. "Perhaps I can make a few white marks to offset the black ones."

Said Detective Sgt. Tom L. Rogers, who rode with him from Reno to Los Angeles: "He's always analyzing himself."

**Undergoes Training**

Darrell E. DeMartini, 21, of 1428 Sir Francis Drake boulevard, San Anselmo, is undergoing basic infantry training at Fort Ord. DeMartini is a son of Mr. and Mrs. Darrell P. DeMartini.

## State Ended Fiscal Year In Black

SACRAMENTO (AP)—State Controller Alan Cranston has announced that the State of California ended the fiscal year \$13,773,358 in the black.

Cranston yesterday attributed the "healthy glow" of the state's general fund to stringent government economies and the transfers of the last of reserve funds.

In addition, what could have been a deficit was offset by the legislature's action in advancing insurance company taxes from November to June in order to gain \$55,167,752.

Total general fund revenues for the 1958-59 fiscal year ending June 30 were \$1,211,682,245. Cranston reported. This was an increase of \$104,487,465 or 9.44 per cent over 1957-58.

Total expenditures were \$1,273,341,633, an increase of \$98,824,139 or 8.41 per cent over the previous fiscal year.

Major contributor to the general fund in the past fiscal year was the state's three per cent sales tax which netted \$631,096,838. Principal outgo was for schools which cost \$571,045,118.

**City Incorporates**

SACRAMENTO (AP)—Del Mar in San Diego County today became a legally-constituted city by filing its incorporation with Secretary of State Frank Jordan. Papers of incorporation said the city has a population of 1,000.

Fairfax Merchants Assn. barbecue, 6:30 p.m., Fairfax Park.

Rabies vaccination clinic, 7-9 p.m., Fairfax firehouse.

Prayer for Peace vigil, midnight, San Rafael Methodist Church.

## Aid To Low Assessment Counties Cut

SACRAMENTO (AP)—Legislation cutting state school aid to counties with below average property assessments and increasing aid for counties above average was signed yesterday by Gov. Edmund G. Brown.

School districts whose aid is cut under the new law will be permitted to ask the county board of supervisors to levy a special school tax on property, without a popular vote.

The new law, introduced by Assemblyman John L. E. Collier (R-Los Angeles) will shuffle apportionment of about 150 million dollars in equalization aid given to school districts each year.

"On the basis of past performance this will penalize more counties than it benefits," said Dixwell L. Pierce, executive secretary of the state board of Equalization.

**TOMORROW:**

Alcoholics Anonymous, Novato Group, 8:30 p.m., Fifth and Grant streets.

Alcoholics Anonymous, Terra Linda Discussion Group, 8:30 p.m., Lutheran Church.

Marin Rod and Gun Club, 8 p.m., clubhouse, Pt. San Quentin.

Novato Rotary Club, 12:15 p.m., Sweden in Marin.

Stores open until 9 p.m. — San Rafael, Corte Madera Center, Novato, San Anselmo.

Tamalpais Toastmasters Club, 12:15 p.m., Mission Inn, San Rafael.

Marvin Mavericks, 8 p.m., Santa Venetia Swimming Club.

Alcoholics Anonymous, Sir Francis Drake Group, 8:30 p.m., St. Columba's Church, Inverness.

Tamalpais Valley Players present "All My Sons," 8:30 p.m., Tamalpais Valley Improvement Club.

Sausalito Little Theater presents "The Drunkard," 8:30 p.m., 745A Bridgeway.

Stinson Beach Allied Arts, 1:30 p.m., Community Center.

Independent-Journal, Thursday, July 16, 1959 Y1

## Electric Union, Employers Sign

SACRAMENTO (AP)—Disputing electricians of 17 northern counties and electrical contractors settled on a two-year contract yesterday calling for a 50 cent an hour package raise.

The pay and fringe benefit

increases will be put into effect at the rate of 12½ cents each six months. The contract will expire July 1, 1961.

Most electricians refused to work for a time after the old contract expired July 1. The 1,000 members of Local 340 had been earning \$4.21 an hour, including 15 cents in fringe benefits.

## TO PORTLAND

## Woman, 71, Hiking 25 Miles A Day

BOISE, Idaho (AP)—Mrs. Emma Gatewood, 71-year-old great-grandmother of six, stopped here overnight on her trip from Independence, Mo., to Portland, Ore. — on foot.

She bought a new pair of shoes.

"People have been trying to scare me out of this for a long time," said Mrs. Gatewood, who lives in Gallipolis, Ohio. "But I haven't had any trouble. I just take things as they come."

She says she is enjoying the trip, making about 25 or 26 miles a day, turning down all offers of rides and staying overnight usually at a motel.

She carries some spare clothing, food, water and a blanket in a 14-pound pack. She also carries an umbrella.

Mrs. Gatewood is a widow. She has 11 children, 27 grandchildren and 6 great-grandchildren.

She started the 2,000-mile trek May 4.

## Mill Valley Man Unhurt

Joseph Cazassus, 46, of 24 Somerset lane, Mill Valley, had a lucky escape from injury when his car was sideswiped on the San Francisco Embarcadero yesterday.

The accident happened after the admitted consumption of "eight or nine beers" by James Foubister, 21-year-old apprentice machinist of San Francisco, who sped between Piers 29 and 31 and hit a pedestrian, Lilburn Watts, 52, of Redwood City, after just missing two others. Watts suffered a broken arm, shock, cuts and bruises.

Foubister then hit Cazassus' car at Battery and Filbert streets, halted, and asked that police be called.

He faces charges of felony drunk driving and suspicion of felony hit-and-run, speeding and violation of a pedestrian's right of way.

## Adventurers At Marquesas

Four bachelors who sailed from Sausalito for the South Seas last March in the 46-foot ketch Blue Sea have reached the Marquesas in French Polynesia, the brother-in-law of one reported today.

Those who sailed were George B. Willcutt of Kentfield and Ross, and brother-in-law of County Assessor Bert W. Broemmel; Gilbert C. Wheat of Kent Woodlands; James R. Cunha, a San Francisco attorney, and Henry W. Taft III of New York.

Broemmel said a radiogram had been received by a friend of one of the sailors, saying the ketch had arrived at the French island possession.

CLOSEUP OF A SUNSPOT—Princeton astronomer Dr. Martin Schwartzchild said today this is the best picture ever obtained of a sunspot. It was taken last Saturday with a telescope camera mounted beneath a high altitude balloon and controlled from the ground by television. The dark area is part of a 25,000 mile sunspot, made up of gases 2,800 degrees cooler than sun's surface. Small black dots and black streak at left were caused by flaws in the camera system. (AP Wirephoto)

## Radio Back To Normal After Sunspots Flare

By U. P. INTERNATIONAL

Worldwide radio communications slowly returned to normal today after 24 hours of disruption caused by sun spots and accompanying electrical disturbances.

The solar activity was described by scientists as the greatest in many years.

The sun spots resulted from an immense explosion of the sun's gases.

The huge flare on the sun was observed early Tuesday in Europe and its effects were felt 30 hours later on earth.

It was the second such bombardment in the last 45 days and a Standards Bureau spokesman said its effects were expected to equal or exceed the record disturbance of Feb. 11, 1958.

A cosmic ray balloon was launched yesterday by University of Chicago physicists to measure the subatomic particles loosed by the solar blast.

Cable communications and telephone connections between New York and London were not affected by the atmospheric disturbances but lines were jammed because other communication was washed out.

## Firm Forbidden To Ask Religion Of Job Applicants

NEW YORK (U.P.)—A state Supreme Court justice has forbidden the Arabian-American Oil Co. (Aramco) to ask the religion of job applicants in New York State.

The decision upset a ruling by the state Commission Against Discrimination which had exempted Aramco from state laws prohibiting such questions in employment.

Many Aramco employees are sent to Saudi Arabia, which is stringent in Arab barriers against Jews.

The court decision was made yesterday by Justice Henry Epstein. He sent the case back to the state Commission Against Discrimination for action "not inconsistent with this opinion."

## Drunken Driver Gets \$350 Fine

A Ukiah motel operator, caught drunken driving, must pay a \$350 fine and not drive for 90 days.

Edward Dixie Morgan, 48, was sentenced Tuesday by Judge Harold J. Haley of Marin Municipal Court. The judge put him on two years' probation and suspended his driver's license for 90 days.

Morgan was arrested on Highway 101 on June 5.

Edward Stuart Durham, 49, of 55 Hillside drive, Mill Valley, also lost his license for 60 days. He is on 10 months' probation and must pay a \$150 fine. Durham was arrested on Highway 101 last April 29.

## Police Reinforced In Tense Harlem

NEW YORK (U.P.) — Additional police were moved into Harlem and three other heavily Negro districts today to lessen the danger of a race riot. Police Commissioner Stephen P. Kennedy, in announcing the move, charged that the danger had been increased by "inflammatory statements" by politicians.

"The people who are doing most of the talking are interested in the political situation," Kennedy told a news conference. His reference was to current primary campaigns for party district leadership.

"If there were no tensions before, they now have been certainly started by inflammatory statements by such people."

Kennedy named no politicians, but he apparently made reference to statements of seven Negro leaders who met at City Hall Tuesday after a threatening crowd incident at a Harlem precinct station. Manhattan borough president

Hulan E. Jack, one of those leaders, said tension was rising dangerously in the district, not because of police action, but because of housing and economic problems.

The Monday night incident involved the arrest of a 21-year-old Puerto Rican woman on charges of drunkenness and disorderly conduct. More than 500 persons milled around a police station in an angry mood over reports she had been beaten. The woman denied through her lawyer yesterday that she had been mistreated or ever claimed to be.

The United States is the world's largest producer of eggs.

### Slayer Denied Execution Stay

WASHINGTON (U.P.)—Supreme Court Justice Hugo L. Black yesterday denied a stay of execution for Marion J. Linden, scheduled to die Aug. 7 in San Quentin Prison for the murder of a Los Angeles policeman.

Linden had asked a stay in order to allow for an appeal to the U.S. Supreme Court from an adverse ruling by the California Supreme Court. He claimed he was denied effective counsel and the right to an impartial jury.

He was convicted of murdering police officer Leo Wise in 1957.

### Sergeant Honored At Presidio Rites

M/Sgt. Robert E. Sherrill, 1550 Armstrong avenue, Novato, has been presented with the Army commendation ribbon with metal pendant in ceremonies at the Presidio of San Francisco. Maj. Gen. John W. Harmony, commanding general of the 15th Army Corps (Reserve) officiated at the presentation.

The ribbon was awarded Sherrill for his outstanding supervision over administrative and operational activities of enlisted personnel in his post as intelligence sergeant in the G-2 section, U.S. Army, Alaska from June 27, 1956, to March 30, 1959.

### SET FOR CHAMPIONSHIP GAME

Mill Valley Realtors, pictured above, will battle the Tigers Saturday for the Mill Valley city Little League championship starting at 2 o'clock. The Realtors are the first team to go undefeated in the history of Little League competition in Mill Valley. They had a 16-0 record in the city's National League. The Tigers

won the American League with 14 wins and 4 losses. Front row, left to right, Greg Zak, Harry Floyd, Scott Laurie, Ronnie Rhoades, David Hayes, Pete Rucinski, Craig Jolley, Steve Woodward. Back row—Manager Stan Woodward, Fred Hilton, Bill Stephenson, Tom Hayes, David Beswick, Bob Tremelling, Dick Finn and Jim Hopper. (Phil Planert photo)

## Mat Palacio Beaten In National Publinx.

DENVER — Defending champion Dan Sikes Jr. of Jacksonville, Fla., and 15 other hopefuls faced third round foes today in the National Public Links golf tournament.

Sikes' opponent was Leonard Pietras of Toledo, Ohio.

Don Essig II of Indianapolis, the 1957 champion, tangled with Randy Petri of Austin, Tex.

Other third round tests over the 5,617-yard, par 71 Wellshire Municipal course sent William McCool of San Francisco against Hugh Farmer of Toledo; Jack Zimmerman of Dayton, Ohio, against Gene Towry of Dallas; Cliff Brown of Cleveland against Frank Campbell of Jacksonville, Fla.; Bill Tindall of Seattle against Don Kristofitz of Fargo, N. D.; William Wright of Seattle against Wallace Smith of Pontiac, Mich., and Raymond Massey of Miami, Fla., against Gene Dahlbender of Atlanta, Ga.

Yesterday's big casualties were Mat Palacio Jr. of San

Rafael, Calif., Rich Casabella of Louisville, Ky., and Dr. Donald Keith of San Diego, Calif. All posted 36-hole qualifying totals of 138 — a single stroke behind medalist Sikes.

Palacio lost to Wright 5 and 4. Casabella bowed on the 19th hole to Bob Denton of Peoria, Ill., after defeating Richard Hopwood of Phoenix, Ariz., 1 up. Dr. Keith was eliminated by Campbell by a similar score.

Survivors of the morning round today squared off in the afternoon quarter-finals.

Sikes squeezed by two opponents yesterday. The 28-year-old University of Florida law student edged Al Benefiel of Denver 1 up and Marshall Strauss of Highland, Ill., 2 and 1.

Pietras, after downing Akira Hashimoto of Honolulu, 4 and 3, had to go 24 holes before nipping Larry Lee of Spokane, Wash., 1 up.

Essig disposed of Steve Swain of Los Angeles on the 20th hole 1 up and trimmed

Conrad Guenther of Minneapolis 2 up. Petri whipped Harold Kotwitz of Janesville, Wis., 6 and 5 and Jack Omuro of Honolulu 2 and 1.

**14 Countries Enter Pentathlon Tourney**  
HERSHEY, Pa. — The World Pentathlon Committee announced yesterday that Mexico has accepted an invitation to the international sports event here Sept. 25-30.

So far 14 countries — including defending champion Russia — have signed up for the five-sport competition.

Other countries entered are: Argentina, Australia, Brazil, Finland, Great Britain, Hungary, Italy, Sweden, Switzerland, Tunisia, West Germany and the United States.

# Antonelli And McCormick Oppose Phillies Tonight

PHILADELPHIA (UPI) — A slightly worried Bill Rigney will send Mike McCormick and Johnny Antonelli to the mound tonight for San Francisco in a twin bill against the Philadelphia Phils.

Rigney showed real concern after the Giants were rained out for the second straight day yesterday.

"I sure hope we get to play (today)," Rigney said. "That first rainout was all right because we were tired from the Milwaukee series, but too long a layoff won't do us any good now that we've started to roll."

"We only come back here one more time and I don't like the idea of having to play three double-headers in a row, not in this kind of race," the Giant manager said.

"We've only got nine pitchers, and five of them have been doing almost all the work. If these double-headers keep piling up, we're certainly going to have to get another pitcher, but right at the moment I don't know where."

Rigney still feels Milwaukee

is the team to beat, although right now the Giants hold first place by a game over Los Angeles. The Braves are third, 1½ games back.

Rigney was also anxious to see McCormick (8-7) pitch here. Mike has tossed three shutouts at the Phils this season, including that five inning no-hitter.

San Francisco's pitching rotation is set for the remainder of the road trip, thanks to the two days of rest. Rigney will call upon Sam Jones to hurl the first game against Pittsburgh tomorrow. Jack Sanford

will pitch Saturday and Stu Miller and Eddie Fisher will work the Sunday doubleheader. That will leave Antonelli and McCormick ready for work against Los Angeles in Seals stadium on Monday and Tuesday.

The Phils will send Robin Roberts (7-8) and Gene Conley (7-5) against the Giants tonight. Both have beaten the Giants this year.

Antonelli (13-4) holds seven straight decisions over the Phils. They haven't beaten him since August of 1957.

JACK HANLEY'S REPORT

Russ Athletes Top Subject In Philly

By JACK HANLEY  
I-J Correspondent  
PHILADELPHIA—Still feeling the effects of Milwaukee's classic one-two punchers (Lou Burdette and Warren Spahn) and the Braves' soporific socker (Eddie Mathews), the Giants checked into Philadelphia's Warwick Hotel at 4 a.m. the other morning.  
At that hour the lobby was deserted except for a couple of bellboys, waiting to manhandle the mountain of luggage, and the night desk clerk, waiting to dispense room keys which he had neatly arranged along the counter with each individual's name attached.  
At noon when the first of the Giants began filing back downstairs in search of belated breakfasts after eight hours in the sack, the lobby was jump-

ing. But not for the Giants. The main attraction was the Russian track and field team.  
The Russians — 42 men and 17 women athletes — preceded the Giants into the Warwick by 12 hours and they definitely were the celebrities, not the baseball players.  
BASEBALL was temporarily shelved as a subject of conversation. After all, it was raining and the scheduled double-header opening the four game series with the Phillies was postponed. And, furthermore, major league ball players — even pennant contenders — seem to be checking in and out of town every day.  
Eyeing the Russians close-up became the lobby custom, not only for the hotel personnel and the rest of the guests, but the Giants as well. Their identifying insignia — blue blazers — made them easy to spot.  
Without the blazers, they could have passed without one head being turned. This would have been particularly true in the case of Vasily Kuznetsov, the ascetic looking hero of the Russian delegation.  
KUZNETSOV, without his blazer, could have passed for one of the Ivy League boys. He has that kind of haircut.  
One reason Kuznetsov, at 27, is the world's decathlon star is the way he goes about his job. He keeps his supple six-foot-one, 183-pound frame in top condition with a rigid routine that calls for four hours of practice daily, six days a week.  
Kuznetsov expressed disappointment that UCLA's Rafer Johnson, victim of a back injury, would not participate in the US-USSR meet at University of Pennsylvania's Franklin Field.  
In last year's dual meet in Moscow, Johnson was acclaimed as something of a superman when he posted a new world record of 8,307 points which Kuznetsov bettered by 50 points just two months ago.  
"I was looking forward to meeting him again," said Kuznetsov through an interpreter.  
"Do you think you would have beaten him?"  
"I want to compete, not beat," was the diplomatic reply. "Johnson is a fine athlete, a fine man and sportsman."  
A HIGH SCHOOL anatomy and psychology teacher when he isn't practicing the 10 demanding decathlon events, Kuznetsov also replied to a variety of questions on all subjects.  
He's a camera and jazz bug. Satch is his favorite. He dug rock n' roll for a while but "too much — no good." Like other Moscovites, he didn't cotton to the antics of the Harlem Globetrotters. He dismissed them with "To each his own taste." (Note to Abe Saperstein: He said it with a smile, Abe.)  
On the serious side, recalling that his father was killed in World War II, Kuznetsov said: "We are all tired of war."

FEW SIGHTINGS

Air Force Hearing Less Of Saucers

WASHINGTON (AP) — There apparently are fewer flying saucers around these days. At least, the Air Force said yesterday it is hearing less about them.  
The number of mystery objects reported sighted in the first six months of this year was only 143, compared with 296 during the previous half-year period.  
As in the previous periodic reports, the Air Force said its investigation of unidentified flying objects has provided no evidence to confirm the existence of flying saucers as interplanetary or interstellar space ships.  
Astronomical bodies or natural phenomena accounted for the highest percentage of sightings in the period covered by the latest report. Sixty-five objects were identified as astronomical. Aircraft accounted for 23 sightings, balloons for 7, and birds, searchlights, and hoaxes perpetrated by pranksters accounted for 19.  
The Air Force said 26 reports included insufficient data to permit any conclusion. Three reported objects could not be identified.

Crash Hurts HAFB Man

A 23-year-old airman from Hamilton Air Force Base was in Sonoma Valley Hospital in Sonoma today with a possible spine fracture after his open sports car left the road three miles south of Sonoma early today, tearing through 80 feet of barbed wire fence.  
A/2c Patrick Hillary Doran of Petaluma, assigned to the 4754th Radar Evaluation Squadron at Hamilton, was cited for speeding, according to the California Highway Patrol.  
Doran was to have been transferred by ambulance to the Hamilton hospital sometime today. Attendants at the Sonoma hospital reported his condition "satisfactory."  
The accident happened at 2:30 a.m. on Watmaugh road as Doran was attempting to light a cigarette, the CHP reported.

**Knows His Nature**  
PHOENIX, Ariz. (AP)—Jailer Dave Edwards received this note from Alex Maldonado, serving 60 days for petty theft: "I would consider it a personal favor if you would not send me to the jail annex because I think I would try to run away. In fact, I know I would. So I would rather spend my 60 days up here and go out clean. Maldonado's request was granted."

**'Shoe' Wins 4 Races**  
INGLEWOOD (AP) — Jockey Willie Shoemaker rode four winners at Hollywood Park yesterday, including Coronat (\$8.80) in the \$10,000 feature.

49ers Count Heavily On Rookie Crop

New Coach Howard "Red" Hickey opens his San Francisco 49ers pro football training camp on July 25 with 30 rookies and 14 veterans, including the two top quarterbacks.  
Indicating he wants to get right down to business, Hickey invited signal callers Y. A. Tittle and John Brodie to take part in the early drills.  
St. Mary's College again is the scene of operations for the San Francisco club, which opens its pre-season schedule against the Washington Redskins at Kezar Stadium on Aug. 16.  
Hickey, who succeeded Frankie Albert as head coach, counts heavily on the rookies. He's let veteran linemen Lou Palatella and Bob Tonnoff go in trades. Yesterday end Gordy Soltau announced his retirement.  
Some observers believe the 49ers will keep 12 to 15 rookies on their squad, more than double the usual number.  
After the shakedown for the newcomers, the rest of the veterans report to the camp at Moraga on Aug. 2.  
Five outstanding newcomers have been invited to the All-Star game in Chicago and will miss early 49ers drills. In the group are halfbacks Dave Baker of Oklahoma and Eddie Dove, Colorado; quarterback Bobby Newman of Washington State, center Dan James, Ohio State and tackle Frank Gernia of Notre Dame.  
With Tittle and Brodie among the veterans in the early call were halfbacks Abe Woodson, Bill Atkins and Bobby Luna; fullback J. D. Smith, linebackers Jerry Tubbs, Denny Morris and Karl Rubke; end Fred Dugan, tackle Charlie Kruger, guards John Wittenborn and John Thomas and center Frank Morze.  
Oklahoma linebacker Bob Harrison, one of the nation's top collegiate stars last season, will miss the All-Star game because of a leg cut suffered in a boating accident last month. He'll be at the 49ers training camp, but won't be in heavy drills for a month at least.  
Newcomers to the coaching staff are Jack Christiansen, former Detroit defensive halfback ace who'll direct the defensive backfield, and Bob Shaw, formerly a Los Angeles Ram, who'll help with the offensive ends and backs.  
Other assistants are Mark Duncan, defensive line coach, and Bill Johnson, offensive line mentor.

Nalu II Possible Trans-Pac Winner

HONOLULU (UPI)—The 46-foot sloop Nalu II appeared today to be the only yacht with a chance to better the handicap time of the yawl Chubasco in the 21st Trans-Pacific race from San Pedro to Diamond Head.  
The Nalu II, owned by Peter Grant of Balboa, is capable of making 180 miles in a daily run—and freshening winds off Hawaii are just what she needs.  
The sloop has a 3-day, 10-hour handicap and can beat the Chubasco if she crosses the finish line by early tomorrow.  
The 66-foot Chubasco skimed past Diamond Head at dawn yesterday to become a top favorite to win both the Class B and the fleet handicap divisions. She was the second finisher.  
Ralph Larrabee's 161-foot schooner Goodwill, the scratch boat, was the first arrival Tuesday night. Sally Blair Ames' 75-foot schooner Constellation finished third, about four hours behind the Chubasco.  
The Chubasco is owned by Arnold Haskell and skippered by Don Haskell of the Newport, Calif., Yacht club. Her actual crossing time was 10 days, 20 hours, 18 minutes and 16 seconds.  
John Graham's 67-foot yawl Maruffa from Seattle arrived fourth, shortly before noon. The fifth finisher was E. L. Doheny's ketch Kamalii of Los Angeles.  
The next three yachts to cross the finish line were the 72-foot yawl Escapade, owned by Baldwin M. Baldwin and registered at the Newport Y.C.; the 66-foot cutter Nam Sang, owned by A. B. Robbs Jr., of the Los Angeles Y.C., and the 90-foot ketch Novia Del Mar, owned by John P. Scripps of the San Diego Y.C.  
The Novia Del Mar made the entire trip in silence after losing her radio communications shortly after leaving San Pedro on July 4.  
The 60-foot yawl Criterion, owned by Ira P. Fulmor of the Newport Harbor club, crossed Diamond Head last night—and six of the remaining 32 yachts in the race were expected to finish today.

CANDLESTICK SET FOR WORLD SERIES, IF...

SAN FRANCISCO (AP)—Top men in San Francisco baseball circles agree the San Francisco Giants, should they win a pennant, will represent the National League in 42,500-seat Candlestick Park.  
"There is no question if we get in the World Series we will play there," said Business Manager Jerry Donovan yesterday. He added he knows President Horace Stoneham also wants to play the last 18 games of the season there.  
The Giants, now a game in front of Los Angeles, presently play in 22,000-seat Seals Stadium, smallest in the majors.  
Their final home stand begins Sept. 2, and contractor Charles Harney said "I think we'll be right in there, knocking at the door."  
In any event, he added, "If the Giants get the series, they'll be safe."

**Hockey Star Signed**  
DETROIT (AP)—Terry Sawchuk, Detroit Red Wing goalie and six times a member of the National Hockey League's All-Star team, was signed to a new contract yesterday.

MIMS DEFEATS BENTON IN VIDEO FIGHT

MIAMI BEACH, Fla. (AP)—Holly Mims' manager is still worried, even though his clever fighter outpointed hard-punching George Benton in 10 rounds last night.  
"I was afraid of this guy Benton," said Manager Nick Trotta. "He was the most feared middleweight around. I suppose now that we've beaten him we won't get any other fights for 10 months."  
Mims, eighth-ranked middleweight who fights out of Baltimore, weighed 155½ as he tied up Benton's attack, refusing to give the 159½-pound Philadelphia puncher a room.  
The winner concentrated on short right uppercuts in taking an unanimous decision in the nationally televised bout.

Folley To Fight In Sacramento On Aug. 4

SACRAMENTO (AP)—Heavyweight boxing contender Zora Folley has signed to fight at Sacramento Memorial Auditorium Aug. 4.  
Promoter Jackie King is seeking an opponent.

Aussie Net Ace III

MEXICO CITY (AP)—Neale Fraser of the Australian Davis Cup tennis team has a mild case of appendicitis and whether he can represent the Aussies in singles against Mexico in the matches beginning Saturday will not be known until later today.

MAJOR LEAGUE ROUNDUP

Drysdale Sparkplug In L. A. Title Drive

By ASSOCIATED PRESS  
A suddenly settled pitching staff has made a National League contender out of the Los Angeles Dodgers.  
The mainstay of the crew is Don Drysdale—the guy who's done the job as a starter or in relief, and the guy who's been their stopper.  
The Dodgers began their run a month ago, when they were in fifth place. They've won 19 of 29 since and it all began with Drysdale's four-hit shut-out over then first-place Milwaukee.  
The cross-firing right-hander has lost only one since — that controversial one-hitter by San Francisco's Sam Jones.  
Drysdale won his sixth in the Dodger surge last night, stopping their skid at three games with a three-hitter that beat Pittsburgh 3-0 and jumped Los Angeles back into second place.  
The Dodgers again are within one game of the first-place Giants, idled by rain, and have a .002 percentage point edge over the Braves, who slipped to third with a 5-2 defeat by the Chicago Cubs.  
Cincinnati rapped St. Louis 11-5 in the other N. L. game.  
Rain postponed all but one game in the American League. Washington won it, 3-0, over Detroit as Harmon Killebrew hit his 31st home run.  
Drysdale, no better than 12-13 in a disappointing 1958 season, now is 11-6. He retired the first nine in order last night, not giving up a hit until Danny Kravitz singled in the fifth. Dick Groat doubled in the sixth and Dick Stuart singled in the seventh, but Drysdale then went through the last two innings 1-2-3 for his third shut-out of the season.  
Drysdale also slapped a two-run double in the seventh against Bob Friend.  
Sophomore Glen Hobbie (10-7) pushed his career record to 5-0 over the Braves with a five-hitter. He also singled home the run that clinched it when the Cubs scored twice in the fourth against loser Carl Willey (4-4) for a 3-1 lead.  
Frank Robinson of the Reds took the National League runs-batted-in lead with 85, one more than the Cubs' Ernie Banks, with a two-run homer and a sacrifice fly.  
Johnny Temple drove in four runs with a double and sacrifice fly for the Reds, who had 17 hits — five by Gus Bell, Rookie Jim O'Toole (2-2) won it, with Brooks Lawrence's save. Wilmer Mizell (10-4) was the loser.

Rams Open Training

REDLANDS (AP)—The Los Angeles Rams open their training camp today for the National Football League wars.  
Coach Sid Gillman has 27 rookies and two veterans checking into the camp at the University of Redlands. The vets are fullback Ollie Matson and quarterback Frank Ryan.

# Record Entry For Junior Tennis

By GLENN BECKER

Seedings for the fourth annual Marin County Junior Tennis Tournament, co-sponsored by the Independent-Journal and the San Rafael Recreation Department, have been announced by tournament Director Joe Rodota.

Competition begins tomorrow and Saturday at Albert Park.

Harvey Klyce has been seeded first in both the boys' under 18 and under 15 divisions. Harvey, from the Mill Valley Tennis Club, is also picked, with Brian Laurie, to run off with the doubles crown for boys under 15.

Marilyn Nault is the choice of the seeding committee to defend her girls' under 18 singles championship, and she and Gretha Wik are the top pair in the under 18 doubles competition.

Aside from Marilyn, three other defending champs are expected to win again. They are Doug Harrison and Lynn Gosser in the boys' and girls' under 11 groups, and Barbara Strong in the girls' under 13 division.

A record 258 entries were received, Rodota disclosed. Every one of these young tennis enthusiasts will be pointing for one or more of the beautiful trophies the Independent-Journal has donated for the tournament.

Following are pairings and starting times for the first two days of competition. The tournament will conclude next Thursday, Friday and Saturday.

## TOMORROW

9 a.m.—Boys under 15 singles—Boris Lakusta vs. Ken Clarke, Geoffrey Van Lienden vs. Kent Adams, Peter Hindley vs. Robby Robbins, Dick Rodgers vs. Ron Klyce, Steve Clarke vs. Jim Jett, Steve Weston vs. Fred Savage.  
10 a.m.—Eric Grinsell vs. Glen Pritzker, Craig Vickers vs. Jack Mosher, Larry Marsick vs. Scott Murphy, Dan Fischer vs. Ricky

Tower, Don Baker vs. Bryan Laurie.  
Boys under 13 singles—Doug Harrison vs. Bill Theoroff.  
11 a.m.—Dave Loecey vs. Rick Gotterdam, Kees Turinzing vs. Ronald Harley, Jim Bedlion vs. John Zweig, Scott Murphy vs. Bart Harrison, Don Detrick vs. Ron Klyce, Chris Dreyer vs. Fritz Grinsell.  
12 Noon—Boys under 15 singles—Winner Lukasta-Clarke vs. Winner Van Lienden-Adams, Winner Hindley-Robbins vs. Winner Rodgers-Klyce, Winner Clarke-Jett vs. inner Weston-Savage, Winner Fischer-Tower vs. Mike Zizak.

Boys under 13 singles—Bob Rodgers vs. Ken Clarke, Jack Boglietto vs. Glen Pritzker.  
1 p.m.—Boys under 15 singles—Winner Vickers-Mosher vs. Winner Marsick-Murphy, Bill Clarke vs. James Gotterdam.

Boys under 13 singles—Ian Diblee vs. Paul Vickers, Scott Laurie vs. Robby Robbins, Mark Symes vs. Harry Johnson.

## Two Trapshooters Hit Perfect Marks

RENO (P)—Arnold Riegger of Castle Rock, Wash., and Dan Orlich of Reno fired perfect 100x100 scores Wednesday in the first day of the Grand Pacific Trapshooting Tournament.

They followed with 97x100 in handicap shooting from 27 yards.

Mrs. Hortense Wood of Salt Lake City shot 100x100 in women's competition. Bill Salt of Bountiful, Utah, won the doubles event with 50x50.

The competition at Harolds Shooting Club continues through Sunday.

## Car Enthusiasts To Hold Meeting

Universal Car Club, composed of Bay Area auto enthusiasts, both men and women, will meet at 8 o'clock tonight at Nello's Pizza in Alto.

Chuck Enyart of San Rafael, publicity chairman, announced that anyone interested in any phase of cars is welcome to join the group. The club meets every other Thursday. Members include those with classics, antiques, sports cars, hot rods and standard American cars. Those interested may write the car club at Post Office Box 323, San Anselmo, Enyart announced.

## Softball Twin-Bill In San Rafael Tonight

Second round in the Class B division of the San Rafael Men's Softball League begins tonight with McPhail's team meeting Keaton's in the 7:15 o'clock opener and Dugout Dandies defeating Currie Plumbing in the 9 o'clock nightcap at Albert Park.

**UNION CHIEF GREET'S MEDIATOR**  
—David J. McDonald, left, president of the United Steelworkers Union, greets U. S. mediator Joseph F. Finnegan, right, yesterday at McDonald's hotel suite in New York City as the

government moved to find a way of settling the nationwide steel strike. In center is Joseph Flannery of McDonald's staff. Finnegan met first with management, then called on the union leaders. (AP Wirephoto)

## Auto Workers Union Faces Investigation

WASHINGTON (AP)—The Senate Rackets Committee plans to start a preliminary investigation of the United Auto Workers in hearings behind closed doors.

The three-day inquiry, starting July 27, is to determine whether evidence compiled by the committee's Republican members is sufficient to justify public hearings.

The investigation could set off a political row among the senators as a similar one did when the committee investigated the UAW in 1958.

The union traditionally supports Democratic candidates for political office, although it

has supported some Republicans at times.

Sen. Karl E. Mundt (R-S.D.) announced the inquiry. It will deal among other things with UAW "flower funds"—which usually buy few flowers.

UAW President Walter Reuther told the committee last year flower funds really are union campaign funds raised by voluntary contributions from members. He said the funds are used mainly to finance the campaigns of incumbent UAW officers, including himself, and the campaigns of rivals, with each side having its own flower fund.

## WALKOUT SPAWNS JOBLESS WAVE

Steel Strike Causes At Least 20,000 In Allied Industries To Be Laid Off; Figure Growing

PITTSBURGH (AP)—Union and management negotiators marked time today as the basic steel industry strike spawned growing unemployment in other areas of the nation's economy.

There was no indication of any early break in the two-day strike of 500,000 United Steelworkers—the sixth major shutdown since World War II.

Patches of unemployment have sprung up and will grow daily in such allied industries as rail, coal, truck, inland water shipping, iron ore mining and processing.

Roughly 20,000 or more workers in these industries have been idled.

### RAILROADERS HIT

Those idled in allied industries include about 10,000 railroaders, 3,700 Great Lakes seamen, 5,000 coal miners and nearly 2,000 in truck company employees.

Joseph Finnegan, director of the Federal Mediation and Conciliation Service, summed up the deadlocked situation when he stated: "I don't think it's susceptible to easy or early solution."

At the direction of President Eisenhower, Finnegan had met separately with both sides to explore their positions. He said afterward he plans no formal peace moves until Monday.

### PLAN REJECTED

Earlier, the union proposed—and the industry rejected—a plan to submit disputed issues to a three-man fact-finding board. The industry said the facts already are well known.

Basically, the union seeks increased wages and improved fringe benefits, contending the steel industry can afford it. The industry says that to grant the demands would be inflationary; it must hold the line on production costs, also have more leeway in effecting operation economies.

Steelworkers had been averaging \$3.10 an hour. Their old three-year contract expired

June 30, was extended two weeks until Tuesday midnight at the request of President Eisenhower.

The President said at his news conference that there is no present emergency which would warrant government intervention under the Taft-Hartley Act.

## Industry Well Stocked With Steel Supplies

By WILLIAM FERRIS  
NEW YORK (AP)—Most of American industry can get along for about one to three months without further deliveries of steel.

The big steel users—the automotive, construction and canning industries—are well stocked with supplies, an Associated Press roundup disclosed today.

Many firms anticipated the current steel strike. They built inventories far above normal.

The strike had a quick impact on transportation, however. Eastern railroads immediately furloughed workers and warned they'd lay off more if the strike continued.

Rails were hit not only because they carry steel products, but also because they haul ore, coal and limestone to mills which make steel.

The Western roads, not immediately hurt by the strike, said they did not expect to feel its pinch until later—not until there is a drop in finished goods production.

Automotive producers, which normally take 15 to 20 per cent of total steel production, estimated they could go 60 to 90 days without strain. That would bring them into the new model season.

## HE TOLD THEM IT WAS WRONG; HE WAS RIGHT

LOS ANGELES (AP)—While viewing a Joan Miro exhibit at the county museum, Allan Packler took a long look at the contemporary Spanish artist's painting, "Composition — Oil, Rope and Plaster on Canvas."

"That painting is upside down," he told officials. And it was.

A museum crew rehung it right side up.

## House Group Divided On Labor Bill Issue

WASHINGTON (UPI)—The sharply-split House labor committee argued today over whether to include Taft-Hartley Law changes in labor reform legislation.

Democrats, who outnumber Republicans 2 to 1 on the committee, were divided on the matter. GOP members were reported to have agreed in secret to offer a tougher substitute measure when the committee bill reaches the House floor.

The Senate-passed labor reform bill included Taft-Hartley amendments sought by both labor and management. Some Democrats felt that Taft-Hartley changes would hurt the chances of passage of labor clean-up legislation. They want any reform bill to deal solely with labor and management misdeeds.

The House committee is trying to finish writing its labor reform bill this week.

Other congressional developments:

**RIVERS AND HARBORS**—The House began debate on a \$640,931,500 rivers and harbors authorization.

**MEDICAL CARE**—A spokesman for the National Retired Teachers Assn. and the American Assn. of Retired Persons opposed a plan to provide free medical care for social security pensioners. Ethel Percy Andrus told the House ways and means committee that this would take away elderly folks' freedom of choice.

**CIVIL RIGHTS**—Southerners promised not to filibuster against a new civil rights bill in the Senate judiciary committee. But they predicted consideration would take "a little time." The Senate constitutional rights subcommittee approved the measure 4 to 3 yesterday and sent it on to the parent judiciary committee.

## A "hot" ring helps tame an old enemy

Atomic radiation helps this man do his job.

He's Dr. Hugh Macpherson, one of Standard's research engineers. The "hot" ring he's holding is an ordinary piston ring which has been exposed to atomic radiation.

By installing such radioactive piston rings in a car, our research engineers can use a Geiger counter to measure wear as it happens while the car is driven on the highway, in traffic, on hills—in every possible driving situation.

This research technique has taken months off the time needed to test the effectiveness of new motor oils, and it's far more accurate than previous methods.

It's one of the techniques pioneered by Standard's scientists to help defeat an old enemy . . . wear — to learn what it is, what causes it, how to prevent it.

Our progress has been steady. Working with car manufacturers, we've virtually ended the problem of wear in automobile engines.

In the 1930's, for example, cars could go only 20 to 40 thousand miles before a major overhaul. But with today's motor oils and regular oil changes, your engine can be good for more than 100,000 miles — can, in fact, outlast the car.

By such never-ending research that leads to better products . . . the people at Standard are planning ahead to serve you better.

PRESIDENT AND VICE PRESIDENT of the newly-formed Women's Auxiliary of the Sausalito Yacht Club are, left to right, Mesdames F. P. Fromhagen of San Rafael and Fred Crawford of Mill

Valley. The first project of the new group will be to serve luncheon to the participants of the Small Boat Racing Association's race on Sunday. The new Auxiliary has 47 charter members.

MEMBERS OF THE Sausalito Yacht Club, one of the oldest, are now in the process of building a new clubhouse. The Auxiliary was formed to help in

the building. Proceeds from the luncheon which will feed from 200 to 300 will go to the building fund. At the helm is Mrs. John Ford, chairman of the committee on governing laws.

TWO OTHER OFFICERS of the Auxiliary are Mrs. Leslie Rubin, standing, secretary, and Mrs. Robert Creighton, director. The luncheon is the first in a series of projects planned by the Auxiliary. Later in the year, a champagne theater party and a rummage sale will be held. (Independent-Journal photos)

#### BUFFET DINNER

### AAUW 'Fun For Funds' Parties To Aid Center

Marin Branch, AAUW, believes that fun begins at home, and this summer its members are holding a series of "fun for funds" parties in their homes for the benefit of AAUW's new two million dollar Educational Center in Washington, D.C.

The first of the social events are two bridge luncheons given by members of the Afternoon Bridge section today. One is at the home of Mrs. Otto Meyer in San Rafael and the other at the home of Mrs. Frederic A. Hough in Sausalito.

Another date on the AAUW calendar will be a buffet dinner at the home of Mr. and Mrs. Robert L. Rhoads Jr. in San Anselmo on July 25. Assisting Mrs. Rhoads as hostesses will be Mesdames William M. Weeks, Hugh G. Marchant, John B. Sundin, Charles C. Swenson, William H. Ecker, and Gordon Cochrane. Persons wishing to attend this dinner are urged to call Mrs. Rhoads before July 18.

The ideas and plans for a new headquarters building were conceived in 1941, but, due to the intervening war, were not acted upon until 1957. This great Educational Center, which should be completed in 1960, is to be so constructed that additional wings can be added when and if needed.

More important than the building itself is the fact that it will be the seat of the AAUW Educational Foundation. A significant part of this is the world-wide Fellowship program which creates for both foreign and American women an opportunity for study in the graduate field.

Other work of the Foundation includes a recently completed study in regard to women with earned doctorates.

It is also making a survey of scholarships available to women, and a study of the extent of participation by women in higher education.

## Marin Women

SECOND SECTION Independent-Journal, Thursday, July 16, 1959 17

### Music Listening Section To Meet Sunday Evening

The Music Listening section of Marin Branch, AAUW, will meet at 7 p.m. on Sunday, July 19, at the home of Mr. and Mrs. Otto Meyer in San Rafael.

Host for the evening, Mr. Meyer, will provide interesting recorded music of the classical and semi-classical type for the pleasure of the group. Mrs. John L. Babcock will be hostess. All couples or individuals who like to listen to hi-fidelity recordings are invited to attend this session. For further information call Mrs. Meyer.

### Jigtime Dessert

Simmer bananas in an orange juice syrup, then throw in some stemmed seedless grapes. Serve with whipped cream.

### Delta Gammas Plan Barbecue Saturday

An evening of fun has been planned by the local Delta Gammas and their husbands on Saturday at the home of Mr. and Mrs. Jack Ross of Kentfield.

An evening of swimming, followed by a barbecue around the Ross's lovely pool will mark the last gathering of many Delta Gammas before the summer trek to Lake Tahoe, Clear Lake and the Russian River of many members and their families.

Among those planning to attend are Messrs. and Mesdames George Ball, Peter Ribar, Robert Gibbons of Kentfield; Douglas Brighton, Robert Dreher, James Fahrner, Eugene Kern, Gregory Sheehan, Jack Smith, Harold Sonnenberg, Col. and

Mrs. George Steel, Frosty Winter, and L. E. Weisenburg of San Rafael; Leigh Athearn, William Perdue and Benton K. Sparks of Mill Valley.

From the Tiburon-Belvedere area: Messrs. and Mesdames William Ballard, William Brooke, John Hoefer, Robert Jones, David Seoville; from the Ross-San Anselmo area: Messrs. and Mesdames John Berni, John R. Curley, James T. McLaughlin, and Carl Schmitt.

### Cleric Hospitalized

The Rev. Peter Farmer, former vicar of the St. Francis Episcopal Mission in Novato, is seriously ill in a San Francisco hospital.

velvet her sceptre suit. It is worn with a white matte jersey blouse. Miss Chapman also designed the chinchilla lined evening coat, right, of silver brocade. It is worn with a simple matching dinner dress.

(AP Wirephoto)

## OUT OF UNCLE REMUS

# Raccoon, Civit Cat, Opossum Spotlight New In Fall Fashions

By DOROTHY ROE

NEW YORK (AP)—Those once-humble little animals—the raccoon, the civit cat and the opossum—have come out of the Uncle Remus stories and into the spotlight of high fashion.

Brer Fox is here, too, in all

his glory—and even Peter Rabbit shows up occasionally in budget lines.

The animals are star performers in the current fall fashion previews of the New York Dress Institute, staged for the benefit of 240 fashion editors from newspapers throughout the United States.

The second day of the crowded press week showings ended on a high note, with lush collections by Nettie Rosenstein, Philippe Tournaye of the House of Marquise, and Ceil Chapman, designer of after-five fashions for many personalities of stage, screen and television.

Nettie Rosenstein, famous as America's leading advocate of the "little black dress," shows it in many versions, but this season adds glamor in the form of elegant evening gowns in rich brocades. She also introduces her favorite color of the season, "Opossum," a soft taupe, which she teams with real 'possum fur hats and accessories.

Ceil Chapman introduces a new ankle length in her severely tailored dinner suits, in fabulous fabrics such as metallic brocades, satins and cut velvet, with plan box jacket over a slim wrapped skirt with hemline about eight inches from the floor. This is worn with a wrapped blouse of white matte jersey.

The ultimate in casual opu-

lence is achieved by her theater ensemble of silver brocade, the coat lined in chinchilla, the world's most expensive fur. Both coat and dress are cut on the simplest possible lines, leaving the drama to the fur and the fabric.

## GRANTS WILL MAKE TRIP TO EUROPE

The James Grants of San Anselmo are leaving on July 27 on an extended trip during which they will visit their birthplaces and families in the Old World. They are traveling by train, going first to Vancouver, B. C., then boarding a Canadian Pacific train, stopping en route for several days at Banff, then going to Montreal. On Aug. 4 they will sail from there on the "Empress of France" landing in Liverpool. In Scotland, Mrs. Grant will see her birthplace in Dundee and some of her relatives. In Belfast, Northern Ireland, the Grants will visit her two sisters. Then they will go to the farm nearby and stay at the home where Mr. Grant was born and visit his three brothers.

Mr. Grant left Northern Ireland in 1913 and went back for a visit in 1920. This will be Mrs. Grant's first return since she left in 1921. Mr. and Mrs. Grant met and married in San Francisco.

After visiting their families, the Grants will go to France to complete their three months' of travel.

## Bentleys Entertain At Barbecue Dinner

Mr. and Mrs. William Bentley who have several house guests, entertained Sunday evening at a barbecued dinner at their home in Mill Valley.

Their house guests are Miss Ida Kahl of Chicago, Ill., and the Bentleys' daughter, Mrs. George Harbough and two children, Diana and George, from Schenectady, N.Y.

Other guests present were Messrs. and Mesdames Robert Byard Jr., Frank Whitehead and Carl Bock.

## Mrs. Bertha Cummings Feted By Yolansdale P-TA At Tea

The Yolansdale Parent-Teacher Association recently honored Mrs. Bertha Cummings at a testimonial tea in the home of Mrs. Conrad Olsen in San Anselmo. The parents of former Yolansdale students taught by Mrs. Cummings were invited to attend and signed a guest book which was presented to her. Mesdames Potter Lewis and Charles Wagner, past presidents, were hostesses and president Margo De Maestri and her executive board served.

Mrs. Cummings, who for the past year has taught a combined class of first and second graders at the Yolansdale School, retired in June after 23 years of teaching in the San Anselmo School District.

A native, Mrs. Cummings was born in Hayward. She attended San Jose College and her graduate work was done at Dominican College, the University of California and San Francisco State College.

Before coming to Marin she

taught for two years in Mendocino County and four years in Humboldt County. For nine years, starting on July 1, 1936, Mrs. Cummings taught handicapped children in the confederated school district which then consisted of San Anselmo and Kentfield. In 1945 she began teaching at the Yolansdale School and has taught the first, second and third grades. During the 14 years at Yolansdale she taught whole families of children, as they one by one grew old enough to attend school.

Mrs. Cummings and her husband, Lewis, live on Martling drive in San Anselmo. They have one son, Vernon, who is the assistant manager of the Bank of America at Antioch where he resides with his wife and daughter.

Mrs. Cummings plans to spend more time working on her hobbies, flowers and gardening, a pleasure she had to forego while recuperating from an operation last spring.

## Marin Women

18 Independent-Journal, Thursday, July 16, 1959

## WILLIAM MacVICAR CLAIMS BARBARA WARRINER AS BRIDE

The wedding of William M. MacVicar and Miss Barbara Warriner, which took place at the Swedenborgian Church in San Francisco on Saturday morning, was followed by a wedding breakfast at the home of his brother-in-law and sister, Mr. and Mrs. Charles Lindsay of Belvedere.

The bride, formerly of Virginia, has been living in Redondo Beach. The new bride, son of Mrs. Guy MacVicar of Belvedere and the late Mr. MacVicar, is a graduate of Harvard. He is with Brown Bros. Adjusters in Pasadena and he and his bride will live there.

For the 11 o'clock wedding, at which the Rev. Othmar Tobisch officiated, the bride wore a white cotton sheath dress with a wide shawl collar. She had a white picture hat and carried a bouquet of yellow roses and lilies of the valley. Her matron of honor, Mrs. Beth Burchard of Belvedere, sister of the bridegroom, wore a watermelon colored cotton sheath. David Williams of San Rafael was best man.

## MV Lions' Wives Club Entertains

More than 70 people attended the party given by wives of Mill Valley Lions Saturday night at the Southern Marin Recreation Center in Tiburon.

Wives feted their husbands at this affair, and many took the opportunity to bring guests also.

Festivities started with swimming at 7 p.m. until the catered dinner served at 9 p.m., and the remainder of the evening was spent dancing.

Mrs. Edward Dill was in charge of arrangements, assisted by Mrs. Donald Comstock.

Guests of the Joseph Brewsters were Dr. and Mrs. Virgil S. Hollis and Mrs. Dorothy Hardy. The Dills invited Mr. and Mrs. William Walsh, and the Comstocks' guests were Mr. and Mrs. Charles Green.

The Tabor Kopans brought a large group consisting of Messrs. and Mesdames Robert McDermott, L. C. Johnson, Al Santos, C. A. Varney, A. J. Mai-

nini, George Davi and Mrs. Carol Chapin.

Mr. and Mrs. William Schilling came with the Frank Pizios, and the Frank Pompeis' guests were Messrs. and Mesdames Donald Andersen and Robert Duncan.

The Mack Staleys entertained Capt. and Mrs. E. H. Kusek and Mr. and Mrs. William G. Flynn, and the Jack Brabos' guests were Mr. and Mrs. Ernest Sequeira.

## WCTU Meeting Slated

The Bi-County Sonoma-Marine Christian Temperance Union will hold its quarterly meeting on Monday, July 20, at the new home of the president, Mrs. John E. Richardson, 956 San Clemente Drive. A picnic luncheon will be served at 12 noon, on the patio. Members of Santa Rosa Union will provide the hot dishes and the Marin members the salad and dessert.

MRS. HAYES ARNOLD, left, of Corte Madera and Mrs. Everett Thomas of Sausalito, right, have the drunkard, Neil Whitman, center, in "The Drunkard" sign a temperance pledge. The women are members of the Phillaron

Patrol of Court 45, Ladies of the Oriental Shrine of North America, which has bought a special performance on July 21 of "The Drunkard" at the Sausalito Little Theater for fund raising purposes. (L. F. Mason photo)

## 'THE DRUNKARD'

# Patrol Will Sponsor Theatre Production

Phyllaron Patrol, Court 45, of the Ladies Oriental Shrine of North America, has "bought out the house" for a special performance on July 21 of "The Drunkard" at the Sausalito Little Theater.

Tickets to the social affair and fund raising event will be sold within the organization.

The patrol is the drill team unit of the Marin Court 45, and according to Mrs. Hayes Arnold of Corte Madera, captain, proceeds will be used to provide new uniforms for the patrol to wear at the national convention of the organization to be held in San Francisco in 1960.

Mrs. Everett Thomas of Sausalito, patrol secretary, is chairman for the event.

Sausalito Little Theater makes full house sales to various organizations, either for regular performances or for special performances at substantially reduced rates. Tickets may be sold at any price the group decides upon as a means of raising money either for charitable or for its own purposes.

Arrangements for such performances may be made by telephoning the theater box office of Mrs. Ann Brebner, producer.

## Back From Minnesota

Mrs. W. G. Hughes of San Rafael, her daughter, Mrs. E. R. Cullen and the latter's daughter, Susan, of San Anselmo, recently arrived by plane from Rochester, Minn., where they spent two weeks. Susan flew to Rochester and joined her mother and grandmother, who had traveled east by train.

The Mack Staleys entertained Capt. and Mrs. E. H. Kusek and Mr. and Mrs. William G. Flynn, and the Jack Brabos' guests were Mr. and Mrs. Ernest Sequeira.

MARIN COUNTY Superintendent of Schools Dr. Virgil Hollis is shown participating in the flying up ceremony for Mill Valley Humming Blue Birds.

held recently in Boyle Park. The girls, left to right, are Kathy Bennett, Susan Krieger, Sandra Mills, Lee Heller and Claudia Bright.

## Dr Hollis Officiates At Ceremony

Marin County superintendent of schools, Dr. Virgil Hollis, officiated at a flying up ceremony held recently at Boyle Park in Mill Valley for the Humming Blue Birds under the leadership of Mrs. Harry Krieger and her assistant, Mrs. Josephine Arago.

Claudia Bright, a member of the Wa Da Ton Eena Camp Fire Group, assisted Dr. Hollis by placing the camp fire scarves and slides on each graduating Blue Bird, and Mrs. Krieger presented each with a Camp Fire book.

Following the ceremony, hot dogs and games were enjoyed by the girls and their families. Mrs. Krieger was assisted by Mesdames Charles Zuffinetti, Donald Bennett and Harold Heller.

The Blue Birds flying up to Camp Fire Girls were Kathy Bennett, Susan Zuffinetti, Lee Heller, Sandra Mills, Margie Stevenson, Suzanne Arago and Susan Krieger.

THE MILL VALLEY Community Church was the setting for the recent wedding of Sally Bodine and Leonard Hedberg. The bride is the daughter

of Mrs. E. W. Bodine of Strawberry and the late Dr. Bodine. A reception was held at the Sausalito Women's Club. (Don Faulkner photo)

## Cargo Of Import Fashions Kindle Stylish Flames At Focus Show

Saggy summer wardrobe, a midseason malady common among the feminine sex was shooed away by the bright light of the torch on Tuesday at Rick-ey's popular poolside luncheon.

Torch bearers were the Marin Alumnae Chapter of Delta Zeta Sorority honored by Fashion Focus for their outstanding philanthropic program of volunteer and financial assistance to the deaf, including work with the Marin Hearing Society and the special classes for deaf children at Marineland School.

Kindling a fashionable flame in the eye of every poolside guest was the glamorous cargo

of imports, each ready to add hot coals of pleasure to a summer of fun and brighten up a lack-lustre closet.

**COOLIE COATS**  
Whatever the midsummer mood, there was a fog to go with it; for the escapist, the attractive Delta Zeta models showed merry coolie coats from China or sleek capris from Italy; for the travel minded, they returned in versatile Italian knits or Austrian blazers. With freshness and flair they reappeared carrying their torch for the cocktail circuit and important first nights to satisfy the most sophisticated summerite.

H. W. Chamberlain flounced in Stan Hick's long holomu printed in gold, white and flame for a bright at-home party.

"Canada" and the casual look personified by Bernard of Canada in wool plaid slacks chap-eroned by classic slipover and cardigan in lambswool from Lyle of Scotland; their shocking chartreuse color becoming to model Mrs. Alexander Beaton, whose husband, Dr. Beaton heads the Marin Hearing Society.

"Italy" and a traveler in class two piece navy cotton knit; fresh white trim and buttons on the short-sleeved, round

neck jacket topping the slim Italian skirt of Mrs. William Brooke.

**COCKTAIL CLASSIC**  
"India" and a cocktail classic, pink mirror cloth by Dore, a two piece version joined with a matching cummerbund to cinch the tiny waist of Mrs. Robert Oates.

"Austria" and a fashion scene stealer year round, a cherry red felt accordion pleated skirt banded in bright blue, plus a dashing matching blazer and Mrs. Robert Pritchard to model it.

"Hong Kong" and important evenings, the luxury of pure silk emerald green brocade made into a full collared, richly lined short evening coat to cover the slimmest cap-sleeved matching silk brocade sheath; Mrs. Byron Jones to show it to perfection.

Next Tuesday, Fashion Fo-

cus introduces its first "Fashion Forecast for Fall" and presents the versatile collection of the young California designer, Jackie Morgan, flown from Los Angeles especially for the luncheon which will honor the Marin Volunteers for their work with the Senior Citizens. Reservations are open to the public with luncheon at 12:30 and the fashions at 1 p.m.

TODAY'S EDITORIAL

# Does Marin Really Lack Youth Recreation Facilities?

Marin County lacks "guided recreational facilities for youth."

Does that sound familiar, at least in essence if not in exact wording?

It sounds familiar to us. It was brought to our attention again the other day in a letter from an East Bay resident who for some inexplicable reason undertook to register some bitter criticism against Marin as an aftermath of publicity flowing from some recent juvenile misdeeds.

His assertion sounds familiar because it is one made not infrequently hereabouts.

But is it a factual assertion? Let's take another look at a story which was printed in Monday's I-J:

Here is the weekly calendar of teen-age summer activities as compiled by the Marin County of Community Services, 820-B Fifth Avenue, San Rafael:

**ARCHERY**—Wednesday, 10 a.m. to noon at Albert Park range. Free instruction, furnish own equipment. San Rafael Recreation Department.

**BADMINTON**—Wednesdays, 7:30 to 9:30 p.m. at Davidson School. Furnish own equipment. San Rafael Recreation Department.

**BATON**—Saturdays, 9 a.m. to noon at Albert Park. Beginning, intermediate and advanced, girls 8 through 13. One dollar fee for course for six to eight weeks. San Rafael Recreation Department.

**BOWLING**—Fridays, 4 p.m. at Marin Bowl. Free instruction and shoes, special rates for league play. San Rafael Recreation Department.

**CAMPING**—Camp Kilowona, Mt. St. Helena, July 17-24 and July 24-31. Open to girls 7-17 years; cost \$30.50 for non-camp Fire Girls. For information call Camp Fire Girls office.

**PACK TRIP FOR BOYS**—July 25-Aug. 2; cost \$40. For boys graduating ninth and 10th grades. For information call YMCA.

**PACK TRIP (COED)**—Aug. 15-23, for boys and girls graduating 11th and 12th grades; cost \$45. For information call YMCA.

**DANCING**—Friday evenings; San Rafael High cafeteria; for senior teens. San Rafael Recreation Department.

Fridays (first and third), 8 to 10:30 p.m., Davidson School, for junior teens. San Rafael Recreation Department.

Fridays (second and fourth), 8 to 10:30 p.m., Santa Venetia School, for junior teens. San Rafael Recreation Department.

Thursday (July 16) 8 to 11 p.m., St. Raphael's gymnasium. Open to all eighth grade graduates and high school students of Marin. Admission 35 cents and high school student body card. Dress: sport (no levis).

**DRAMATICS**—Wednesdays, 1 to 4 p.m., under direction of Irene Pritzker, for teenagers residing in Mill Valley Elementary School District. For information call Park School.

**SWIMMING**—Monday through Sunday, 1 to 8 p.m., San Rafael High School pool. Fee 25 cents, for teen-agers 13 to 18. San Rafael Recreation Department.

**TENNIS**—Mondays, Wednesdays, and Friday, 11 a.m. to noon, city courts, Mill Valley. Mill Valley city summer recreation program.

Thursdays, 1 to 3 p.m., Albert Park, free instruction, furnish own equipment; San Rafael Recreation Department.

**DROP-IN PROGRAM**—Tuesdays, 7:30 to 9:30 p.m., Davidson and Santa Venetia Schools. San Rafael Recreation Department.

**EXPLORER PROGRAM**—Activities include summer camp, weekend camping, sailing, water skiing, surfing, yachting, flying, vocational exploration, socials. For information contact Boy Scouts office, 739 A Street, San Rafael.

**HAY RIDE**—Wednesday 5 to 10 p.m., transportation fee 50 cents; club or group arrange own food. For more information call YMCA.

**RECREATION**—July 13, 15, 17 and 20 from 10 a.m. to 3 p.m. at Marineland School, Terra Linda. Open to all handicapped school age children. Teen-age volunteer help needed. Recreation unit of Marin Society for Crippled Children and Adults.

**SWIMMING AND BOATING**—July 13, 14, 16, 20, 21, 23 from 9:30 a.m. to 2 p.m., junior high nautical program. Marin Yacht Club, San Pedro road, San Rafael. Cost \$2.50. Open to girls who hold a Red Cross swimmer's certificate or passed swimmer's badge. For information call Girl Scouts office.

It doesn't seem to us that all the foregoing—typical of a summer vacation week—adds up to a lack of organized and guided recreational activities for our youth.

If we are looking for a deficiency on which to blame recent juvenile misdeeds, we will have to keep looking.

## WHAT OUR READERS SAY

### Mental Health Facilities Needed

EDITOR,  
Independent-Journal:

Reading recently in your publication I have found unwarranted attacks, denunciations and condemnations of the youth of today in general and a "Kayo" Hallinan in particular.

At the present time I'm a

married man, the father of three; successfully completed college and am now in the study of law. I'm on the board of directors and chairman of the public affairs committee of the Mental Health Assn. of Contra Costa County, West, and the legislative chairman of the El Cerrito Democratic organization and yet 10 years ago when I was this young man's age I had a long police

record, had been kicked out of nine high schools and probably would have been voted least likely to succeed by everyone with whom I came into contact. The point I'm attempting to make is that the faith and constructive action of individuals and groups I came in contact with were the factors which became so important in the turning point of my life.

I don't feel that your editorials (if they can be called that) for they lack first objective background and research and secondly quality and talent) aid and/or serve constructively either the youth of Marin County in general or young Mr. Hallinan in particular.

I would like to suggest that you possibly could turn your editorial talents constructively to more important problems of your county, to wit: the lack of guided recreational facilities for the youth of your county, the strange attitude of the District Attorney toward youth as made up entirely of toughs and criminals, and finally the lack of adequate psychiatric facilities in your county not only for the youth of your county but for the entire population.

In the particular case of young Mr. Hallinan I strongly suspect your editorials are really an attempt to embarrass Mr. Hallinan, the elder, whose views are inimical to your own and I heartily suggest to you that you make a magnificent show of courage and attack the gentleman directly. It is my understanding that he can defend himself quite adequately.

RICHARD F. FURY  
El Cerrito

### 10 YEARS AGO

First inmate of the newly remodeled juvenile detention cell of the county jail was a 17-year-old Santa Venetia boy, supposed to be on a naval reserve cruise in the Pacific. He was caught with a 16-year-old companion stealing groceries.

## Supervisors Ponder Promotion, Development Financial Requests

IF THERE WERE such a thing as a medal for political courage, County Supervisor Vera Schultz would get my nomination.

This is what happened last Saturday morning when the county board of supervisors was winding up its hearings on the 1959-60 budget. (Supervisor William D. Fusselman was ill but the other four were present and accounted for.)

Shortly before noon the four supervisors had progressed to the portion of the budget entitled "Promotion and Development."

This portion earlier had consumed about four hours time while various and sundry organizations presented requests for county grants on the grounds that they were "promoting" Marin County and bringing new businesses and homeowners (i.e. new taxpayers) into the county.

**FIRST REQUEST** on the list was from the California State Chamber of Commerce, asking for \$500.

Mrs. Schultz questioned whether the state chamber's lobbying activities in Sacramento were in fact representative of the wishes of Marin residents. Supervisor James Marshall moved, and Mrs. Schultz seconded, a motion to delete the \$500 from the county budget. The vote was 4-0.

Next came a request for \$2,000 from Junior Museum of Marin. Last year the Museum received \$500 from the county.

Mrs. Schultz said she believed the museum was a "worthwhile" endeavor but that it should live or die by support of those who use it. An allocation of \$500 had been included in the preliminary budget but Mrs. Schultz, noting the frequent financial doldrums of the museum, said: "I don't believe \$500 is going to keep it in business."

The supervisors voted unanimously to delete a grant to the Junior Museum of Marin.

Next organization on the pan fared better. This was the Marin Industrial Development Foundation, which asked and received (by unanimous vote) a grant of \$9,000 or approximately half of its operating budget for 1959-60. The foundation was termed a "county-wide chamber of commerce" by County Clerk George S. Jones.

Without discussion, the board granted \$1,000 to the Marin Music Chest which uses the money to keep benches at Forest Meadows in good condition, and \$100 for a Veteran's Day Parade.

**NEXT CAME** the Novato Chamber of Commerce's request for \$500. Perhaps the sequence of events would have been different if another local chamber had preceded it on the list. Supervisor William A. Gness of Novato is well known to be very solicitous about anything affecting his constituents.

Mrs. Schultz declared: "I feel about all local chamber the way I do about the state chamber."

"You can't say they're not doing anything," Gness pro-

tested. "I was at their meeting when they were talking about their budget. And they are all young men coming into the community."

Mrs. Schultz: "It's for Novato, not county-wide. It's true anything that helps Novato helps the rest of the county. But I point out that the chamber in my city of Mill Valley isn't here and never has been."

"That \$500 is the only thing that carries them over," Gness said.

"That's all wrong, Bill," objected Mrs. Schultz. "It should support itself."

However, the Novato chamber got its \$500. The vote was 3-1, with Mrs. Schultz dissenting.

**THE SUPERVISORS** were united on the next grant. The Redwood Empire Assn. asked for \$6,650 but the supervisors decided that \$4,000 was what they would get.

They all agreed that the San Francisco Bay Area Council was doing an effective job of publicizing the Bay Area and voted a \$500 grant.

Next item was \$500 requested for the Sausalito Regatta. "This is a localized activity and I understand it has been taken over by the Sausalito Chamber of Commerce," said Mrs. Schultz.

"I was prepared to move that it be taken out but I can't justify it if we contribute to Novato, San Rafael and everywhere else. I'm going to move it remain in." The vote on her motion was 4-0.

**WITH NO DISSENTION**, the four supervisors next voted \$240 for a display of the county civic center model at the State Fair, \$1,500 for the Marin County Historical Society, \$1,000 for the Symphony Guild of Marin, \$500 for the West Marin Livestock Show, and \$350 for a 4-H District Fair.

The San Rafael Chamber of Commerce was granted \$3,500 by a 3-1 vote with Mrs. Schultz dissenting.

All four supervisors voted against giving \$1,565 to the San Rafael Junior Chamber of Commerce to stage next year's Miss Marin contest. (The junior chamber was granted \$500 for the contest held this spring.)

At this point, Chairman Walter S. Castro told the other supervisors that they could ask the Redwood Empire Assn. to make a survey of tourist-oriented businesses in Marin County.

"They do it without charge," Castro said. The other supervisors agreed to ask for a survey.

The supervisors by a unanimous vote next denied a \$5,000 grant to the Marin County Taxpayers Assn. They voted in favor of \$220 for restoring the Old Mill in Mill Valley under a committee of Native Sons and Native Daughters of the Golden West.

And with that they wound up the promotional budget for a total of \$22,810. It is not a large figure when compared to a county government spending program of about 12 million dollars but it is in a unique category. It represents taxpayer's money for support of privately run activities.

The argument used to justify it goes like this: If some private organization isn't doing these things then the county would have to, and it costs much less the way things are now.

### The Country Parson

"I wonder if a doctor has to plead as long to get a man to agree to an operation as I do to get him to have his soul healed."

## HAL BOYLE'S COLUMN

# War's Glamor Based On Feeling Of Importance It Bestows On All

NEW YORK (AP)—Curbstone comments of a Pavement Plato:

It is sometimes said that the world will never have true peace until a way is found to make peace as exciting as war.

But war, at least as seen by the men who fight it, is only rarely exciting.

For every moment of bright danger the ordinary soldier faces, he undergoes 10,000 moments of boredom. For every hour of action he can remember, he can recall at least one hundred hours of waiting.

Excitement comes to the soldier but spasmodically. War to him is more often endless monotony. War is dust and rain and mud and noise. War is thirst and hunger and heat and cold and dirt and flea bites and loneliness. And always the soldier is bored more

often than he is either brave or afraid.

No, war isn't terribly exciting. If wars were fueled only by excitement, they would all burn out in a month.

Perhaps the most awful fact of war is that it makes everybody feel more important than he does in peacetime — important not only to himself but to others. Therein lies war's terrible glamor.

Suddenly everyone is wanted. Suddenly everyone has a job to do. Suddenly everyone is needed and has a place in the national effort.

**THE BUGLE** blows not for a few but for all. It summons them out of themselves and aims them toward a common goal.

Retired men are called back to their old jobs. Girls and wives go into the factories and earn more money than they have ever seen before. The

kids go around town picking up scrap metal. Even dancing is patriotic — if you dance with a boy going away.

There is something for everyone to do. And even if you can't do anything you can help — by doing without some thing. You can eat less meat, use less gasoline, give up chocolate bars for the duration.

No wonder illness falls off in wartime and the population's general health improves. People have no time to pick their mental sores and worry themselves sick.

**EVERYONE** feels a foot taller. Actually, everyone is drunk — in a sense. For no wine or liquor ever bottled is as intoxicating to the human spirit as its embarkation on a crusade, the losing of oneself in the immensity of a common purpose.

War not only affords people a way to find themselves by losing themselves. It brings home to them, as nothing else seems to do, how really dependent men are on each other's help.

This is best seen, of course, on the battlefield itself. In combat the members of a platoon must fight together or they will all surely die or be captured. They forge a loyalty to one another they have never known before, and will never quite know again.

But all the rest of their lives they will miss that unit loyalty.

That is the true problem of peace — to find a way to make people feel they are just as important to each other, just as needed by each other, when the guns are silent as when they roar.

### 20 YEARS AGO

Articles of incorporation were filed for the newly organized Marin County Heating and Sheet Metal Contractors Assn., Inc.

**WE HAVE BEEN** seeing once again that this country cannot be governed from the other end of Pennsylvania Ave., that is to say from Congress. The Democrats have big majorities in both houses but they cannot mobilize them to impose a positive program on the President. They can deny him what he asks, and he can deny them what they want. But the center of authority cannot be moved from the White House to the Capitol.

**AT BOTTOM THIS** is, as I understand it, the reason why Sen. Lyndon Johnson defers to the President so much on bills dealing with expenditures. The Democrats with all their majority cannot compel the President to spend more than he is willing to spend.

If, therefore, Congress votes money bills that the President vetoes, and if neither then yields to the other, there is a deadlock of mutual obstruction which in the field covered by the bill brings the government to a standstill.

A responsible party leadership will not, in Sen. Johnson's philosophy, bring the government to a standstill.

**THE DEMOCRATIC** critics of Sen. Johnson's leadership are, at least most of them, aware that these are the facts of life. They know that in the housing bill, for example, they cannot compel the President to spend more than he is willing to spend. They know, too, that in the final showdown they will have to choose between letting the President have the smaller bill which he wants and getting no housing bill at all.

What then would the critics have Sen. Johnson do? They say they would have him use the Democratic majority to pass bills that they believe in, and then to let the President veto them, and, having made this demonstration for the record, to accept the President's half-loaf rather than no bread at all.

In discussing this proposed tactic in a previous article I pointed out that it is insincere and unconvincing in a time of boom like the present to enact a bill to spend more money unless it is accompanied by a bill to raise more taxes. If the tactic is insincere

and also unconvincing it is surely not good politics, and Sen. Johnson has been right to avoid it.

**BUT IS THAT ALL?** I think not. The political tactic proposed by Sen. Johnson's critics would be a mistake. But surely they are not wholly wrong in their feeling that somehow a Democratic Congress should be doing something of its own besides choosing between obstructing the President or giving in to him. What could that something be? It would be to prepare public opinion for the future, which is not yet here but is near at hand. It would be to prepare public opinion for the decade of the sixties which, assuming that there is no war, is bound to be an era of great innovation and development of our public activities.

**For it is inconceivable**, to cite a few examples, that a country which can spend what we spend on luxuries should tolerate much longer the shameful neglect and starvation of public education. It is inconceivable that this country will put up with inadequate medical care, with blighted areas in its big cities, with the pollution of the air and of water, with inadequate airports and failing railroads. The public facilities of this country are not keeping up with the growth of the population, and the rising standards of private life. It is as sure as anything of this sort can be that in the decade of the sixties there will be a great modernization and expansion of public facilities.

Without doubt, this will require more taxes out of a more rapidly growing economy.

It is here that Sen. Johnson and the Congressional leadership are missing the bus and are failing to hold the confidence of the new generation of Democrats in Congress and in the country. For while the Democrats in Congress cannot, and should not try to, govern the country they can and they should be leading and teaching the people to realize what the future is going to be like.

"Supposing the Russians are ahead of us in the missile program, in 'gadgets-for-the-home,' they're years behind. . . . !"

REV. FRANCIS J. SILVA  
To conduct Novena

## Novena Rites At Fairfax

Services of the traditional Novena of St. Anne from Saturday to July 26 at St. Rita's Church, Fairfax, will be conducted by Rev. Francis J. Silva, S.J. This is the only St. Anne Novena in Marin county.

Topics will be: "Our Lord Sees Me," "Demanding An Account of Myself," "Advancing in Age," "About My Father's Business," "A Mark of the Good Angel," "This Beginning of Miracles," "Heart Right With Heart," "A Slow Death" and "Even as I Am Known."

Masses will be at 6 and 8 a.m., with evening devotions at 8 o'clock.

## Fleet Coming In; Ships Open For Public Visits

The fleet's coming in. Components of the 1st Fleet are due to dock in San Francisco Friday and stay until next Monday. Open house will be held from 1 to 4:30 p.m. Saturday and Sunday.

The Navy said the 25 ships will be located at the Naval Air Station at Alameda, the Oakland Terminal and along piers in San Francisco.

Cheif A. J. Zuurbeir of the San Rafael Navy recruiting office has suggested that young men who wish to join the Navy make a tour of the ships—including destroyers, submarines, cruisers and aircraft carriers. But the ships' open house is for the general public.

Zuurbeir said the following ships are scheduled to dock at these locations:

Midway and Hancock at Ala-

meda Naval Air Station; Bremerton, Taussig, Maddox, Pomodon, Hanson and Brush, Ninth avenue terminal, Oakland; Ash-tabula, Chemung and Regulus, Oakland; Helena, Kearsarge, Wilkinson, Ponchatoula, Pritchett, Cowell, Cushing, Dennis J. Buckley, Sea Devil and Rasher, piers in San Francisco, and Fortify and Engage at Treasure Island.

The Mt. Baker, an ammunition ship, will dock at Concord, but will not be open to the public.

### Square Dance Party

Larry Twist will be caller for the Charm 'n' Farmers square dancing party from 8 to 10:30 p.m. today at the E Street School in San Rafael, announced Lynn Payton of the club.

## BIKE ESCAPEE IS RECAPTURED

COOPERSTOWN, N. Y. (AP)—Alfred Guy, 21, who escaped from the county jail on the bicycle of the sheriff's daughter, was recaptured when a state trooper recognized him at a bus station in Binghamton.

Guy was under 180 days sentence for driving an un-registered vehicle.

### Cow Mothers 18 Twins

KINGFISHER, Okla. (AP)—A 10-year-old cow gave birth to nine consecutive sets of twin calves. All but three of the calves lived.

## County To Deduct For United Drive

The Marin County Board of Supervisors has authorized solicitation of county employees in county offices for donations to the United Bay Area Crusade, and, for the first time, authorized payroll deductions for the crusade.

Assessor Bert W. Broemmel, chairman of the public employees drive for the crusade, told the board that in previous years the county pay check system did not lend itself to payroll deductions for such a purpose, but new checks make it convenient to handle deductions.

## Board Awaits Name For New School

Trustees of the Larkspur School District have asked Supt. Carl Tivel to find out whether or not a committee has been formed to forward names for the district's new school, scheduled to open Sept. 10.

The committee was to include a representative from the district's two Parent-Teacher Assn. groups, the Dad's Club and the Larkspur-Corte Madera Teachers Assn. Their presidents said representatives

would be selected. Tivel said, but so far no suggested names for the school have been submitted to the board of trustees.

In other business Tuesday night, the board hired Miss Mary Lou Krempel to teach third grade at the new school. She has taught two years in Sausalito.

The trustees agreed to hire a new custodian on a temporary basis.

LACHUTE, Que. (AP)—Mrs. Lionel Rozon, named Lachute's mother of the year by a service club, is the mother of five and a leg amputee who gets around with an artificial limb.

## Sheriff Starts Vacation Trip

Sheriff Louis P. Mountanos and his family left Marin by automobile yesterday on a two-week vacation into the Midwest.

They were headed for Clinton, Iowa, to visit relatives of Mrs. Mountanos.

Sheriff Mountanos expects to be back on the job Aug. 3. During his vacation Undersheriff Eugene Meyer will be acting sheriff and Chief Criminal Deputy Ellis Seibert will be acting undersheriff.

## THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D.  
Guidance Counsellor

### Why Should I Be Good When Mother Wasn't?

Dorothy L. "I'm a girl of 16. Will you answer a question about my mother? She has taught me it is wrong to 'make out' or neck with boys. I believed her. I followed her advice, even thought it meant losing some boy friends. Last night I overheard her joking with a man she used to date. They laughed about the necking they used to do. They kidded about how surprised her parents would have been if they'd known what was happening. How can my mother expect me to be a good girl when she was like that?"

Reply. One of the tough lessons we all must learn is that our parents are not perfect. Sooner or later we have to realize that they have made mistakes and will continue to make them. Please try to understand your mother. Don't judge her too harshly. She wants you to be a better girl than she was. You'll expect similar improvement in your

daughter. Continue to do what she says and don't do what she did. Eventually you'll be glad.

JACK S. "I'm going to summer school. Only a few of us attend. We are all twelfth graders. Every one of us smokes at home, and in the neighborhood. The only place we can't have a cigarette is at school. All our teachers smoke too, except at school. Wouldn't it be sensible to let us smoke in classes? We'd study better. The rule against smoking only causes trouble. How can people say smoking is immoral?"

REPLY. Several schools have tried to do what you suggest. It didn't work. There are laws against it. The laws are backed by strong public opinion. Many fine people feel smoking is immoral. Probably their feeling is basically religious. Others are impressed by the evidence that smoking is physically harmful. Most parents nowadays would much rather their teenagers did not start smoking.

## ALMANAC

Today is Thursday, July 16, the 197th day of the year, with 168 more days in 1959.

The moon is approaching its full phase.

The evening stars are Saturn, Jupiter, Venus and Mars.

On this date in history:  
In 1790, Congress established the District of Columbia as the permanent seat of the U.S. government.

In 1821, Mary Baker Eddy, founder of the Church of Christ, Scientist, was born.

In 1862, David Glasgow Farragut became the first admiral in the U. S. Navy.

In 1912, Herman Rosenthal, the biggest gambler in New York, was murdered.

In 1918, the Bolsheviks murdered Czar Nicholas II and the royal family of Russia.

In 1945, the first experimental test of an atomic bomb took place at Alamogordo Air Base in New Mexico.

A thought for today: Adm. David Glasgow Farragut said, "Damn the torpedoes! Captain Drayton, go ahead . . . full speed!"

## WORLD NEWS IN BRIEF

### Skyscraper Slated

LOS ANGELES (P)—Los Angeles' tallest building—22 stories and covering an entire city block—is planned by an insurance firm. The building will cost 15 million dollars, a spokesman for Travelers Insurance Co. announced.

### Blowgun Ban Asked

MANILA (P)—Mayor Arsenio Lacson has proposed that bows and arrows and poison blowguns be outlawed from Manila. Four persons have been killed by such weapons recently in feuding in Intramuros, Manila's old Spanish section.

### City Soaked

ATLANTIC CITY, N.J. (P)—There's hardly a dry spot in town. Almost eight inches of rain have fallen since Tuesday, leaving this resort city on the water almost covered by it.

The record rainfall has left water shin deep in the streets. Since Tuesday morning a total of 7.75 inches of rain has been measured — 5.43 inches Tuesday and 1.92 inches Wednesday. The end isn't in sight. More rain is predicted today.

### AP Writer Dies

WASHINGTON (P)—Edward F. Creagh, 41, special assignment writer in the Associated Press Washington bureau, died today at Hadley Memorial Hospital.

### Back To The Mine

PETROS, Tenn. (P)—Convicts who seized three guards and stayed for 32 hours in a Brushy Mountain State Prison coal mine will return to the mine today. Only their eight ringleaders will be punished.

Lack of discipline for the other 86 white and Negro convicts was decided on yesterday after A. Pat Patterson, assistant state corrections commissioner, heard the prisoners air grievances individually.

### Production Booms

WASHINGTON (P)—The nation's industrial production boomed to a record high in June.

The Federal Reserve Board reported the total output from mines, mills and factories was 155 per cent of the 1947-49 average. This was two points above the revised figure for May.

The recession low was 126 in April 1958, the prerecession high was 146 in February 1957.

### Spain Gets Credits

NEW YORK (P)—Spain will get a 400-million-dollar revitalization in the next few days, it was reported today.

The New York Times said the money will be used to enable Spain "to break out of her post-World War II isolation and enter into the mainstream of world economic life."

The story said the government will be set on a new economic course by credits from international, European, United States government and private banking institutions.

### Brown On Council

SACRAMENTO (P)—Gov. Brown today became the 28th member of the Democratic National Advisory Council. He issued a statement criticizing Republicans, but steering clear of Democratic feuds.

"I think the vigor and vision of the Democratic Party across the country contrast sharply with the vetoes and vacillation of the GOP," Brown said.

### Mayors Rap Veto

LOS ANGELES (P)—The United States Conference of Mayors wants Congress to hold public hearings on President Eisenhower's veto of a federal housing bill.

The 400 delegates at the closing session of the annual conference also described as unacceptable the administration's compromise housing bill. The delegates said the administration bill provides for no public housing and would subject urban renewal projects to additional red tape.

### Typhoon Hits China

TOKYO (P)—Typhoon Billie struck Chekiang province on the Red China mainland today after causing extensive flooding and possibly seven deaths on Formosa, and one death and property damage in the Philippines.

More than a million mainland Chinese were frantically harvesting early rice, menaced with destruction, the New China News Agency reported.

In southern Japan the death toll from a week of torrential rains on the fringes of the typhoon rose to 45, with 75 hurt, 16 missing and nearly 1,000 homeless.

### Bossy Needs Help

NORTH SMITHFIELD, R.I. (P)—One of farmer William Green's herd of Ayershire cows reached for a clump of poison ivy beside an unused well and fell in.

While Green held the cow's head above water, firemen pumped the well dry. A Nike crew lifted the animal out with a hydraulic crane.

### Plane Forced Down

VIENNA, Austria (P)—Hungarian jet fighters forced a Belgian airliner carrying 55 persons to land in Communist Hungary yesterday after it strayed off course during a storm.

The plane was allowed to continue its flight to Vienna after an inspection.

### He's Running Again

SECAUCUS, N.J. (P)—Henry Krajewski's hat is in the political ring again.

The former pig farmer said yesterday—his 47th birthday—that he is a candidate for the 1960 presidential election.

Twice before Krajewski has run for the presidency. In 1952 he received 4,203 votes. Four years later 1,829 voted for him.

### Airfield Doomed

GLENDALE (P)—The historic airfield where Will Rogers and Wiley Post began their ill-fated flight to Alaska is soon to be just another subdivision.

Buildozers will move in this week and begin cutting up the field, which is being subdivided by the Grand Central Industrial Center.

## Judge Sentences 3 Drunk Drivers

One drunken driver drew a jail term and two others were fined Monday in Marin Municipal Court by Judge Harold J. Haley.

Mario Peter Bertini, 32, of 15 Jules drive, Novato, must spend five days in jail and pay a \$250 fine for his second offense. He was arrested in Novato on Center road on June 4. He had a previous conviction in Mountain View in December, 1955.

Thomas Patrick McGuinness, 28, of 524 Cedarberry lane, Lucas Valley, must pay a \$200 fine and remain on probation for nine months. He was arrested last June 26 on Highway 101.

Denton Millen Pinkerton, 38, of San Francisco, paid a \$275 fine and is on probation for one year. He was arrested on Highway 101 last Friday.

Independent-Journal, Thursday, July 16, 1959 23

## SHARP REPORT ONLY EVIDENCE BLOWING CORK

DETROIT (P)—The judge jumped from his chair and several policemen reached for their guns when a sharp report shattered the stillness of Recorder's Court.

Embarrassed grins replaced looks of alarm when a geyser of foam shooting from an open beer bottle made it clear what had happened.

Pressure had popped the cork on evidence used in convicting a man accused of buying beer for a minor. Judge John P. Scallen gave John Chemeras, 47, thirty days and ordered the evidence removed.

## Tam Valley Hearing Aug. 4

Directors of the Tamalpais Valley Sanitary District have set Aug. 4 at 7 p.m. in the Tam Valley firehouse for a public hearing on an ordinance setting sewer service charges and collection procedures.

Bruce Gillette, board president, noted the district plans to continue its present \$3.25 monthly service fee with charges being collected by the county on tax bills.

## Writer Divorced

SANTA MONICA (P)—Screen writer Peter Viertel now is free to marry British actress Deborah Kerr.

Viertel's wife divorced him yesterday, saying he deserted her because of love for another. She did not mention Miss Kerr.

### Miller Play At Tam Valley

"All My Sons," dramatic three-act play by Arthur Miller, will again be presented tomorrow and Saturday at 8:30 p.m. in the Tamalpais Valley Improvement Clubhouse after an enthusiastic opening last weekend.

Nick Monteleone plays the father, supported by Dunya Chernenko as his wife. His son is portrayed by Morrie Batz and the girl by Esther Allen.

An art exhibit, with works hung on the walls of the playhouse, is an added attraction.

### Planners Propose Left Turn Ban

The Mill Valley Planning Commission has reiterated its recommendation of a year ago that left turns in or out of the Purity Store or Del's Liquor Store on East Blithedale avenue near Camino Alto be banned as traffic hazards.

City Manager A. E. Almarants asked the planners for a recommendation.

They suggested signs, divided lines and possibly center barriers to correct the traffic problem created by the left turns.

The planners passed on several minor items and deferred others because not all members were present.

### Colonel Is Deputy Wing Commander

Col. Benjamin B. Cassidy, former staff officer at the Air Force Academy in Colorado, has been named deputy wing base commander at Hamilton Air Force Base.

Colonel Cassidy was expected to arrive at Hamilton this week to assist Col. George Ceuleers, base commander. The base is administered by the 78th Fighter Wing.

**BOOKED FOR FAIR**—The Bogino Troupe, sixth generation European circus stars, will perform at the Sonoma-Marine District Fair in Petaluma on Aug. 9, the closing day of the fair. The troupe will be but one of 20 circus acts to be presented at the fair that day by the Ken Jensen three-ring circus.

### Barbecue Pits At Fair To Offer Treat

Two huge barbecue pits at the Sonoma-Marine District Fair in Petaluma, Aug. 6 through 9, will have something new in the way of chicken the last day of the fair.

A "Chick-n-que" will be held in the fair's picnic area, with Petaluma chickens to be barbecued in pits 34 feet long.

Along with the chicken will be served baked beans, buns, cottage cheese and peaches.

Dinner will be served from 12:30 to 4:30 p.m.

## Sausalito Will Host Outdoor Art Festival

For the fourth consecutive year Sausalito will play host to an outdoor art festival on Aug. 8 and 9 from 10 a.m. to 6 p.m., according to Henry T. Malcheski, chairman of the Sausalito Arts Festival Committee.

"Through the cooperation of city officials," Malcheski added, "we will put on the show in a new location this year — the large municipal parking area fronting the bay between the sandspit and the old railroad ferry slip."

He said the new location will accommodate "far more exhibit space and visitors than was possible in prior years."

Malcheski announced that Marin artists who wish to participate may obtain applications from him at The Mart in Sausalito.

"We plan to have all phases of the graphic arts represented," Malcheski declared. "Included will be painting, photography, metal work, jewelry, ceramics, weaving, mosaics and related activities."

Last year an estimated 25,000 attended the outdoor event.

### KENTFIELD MARINES ON 'INVASION'

A German street sign overhead, three Marine Reservists of 14th Rifle Company in Kentfield engage in street fighting. But it's all make-believe at reservists' summer camp at Camp Pendleton. The authentic European street scene was recreated to provide proper atmosphere and obsta-

cles for exercise. The Marines, who appear to be taking it dead seriously, are (from left) Pfc. Roland E. Brasher of Port Costa; Pfc. Duane B. Friesen, son of Mr. and Mrs. David Friesen of 540 Ethel avenue, Mill Valley, and Pfc. Allen T. Wann, son of Mrs. R. M. Cullinan of 202 Cardinal road, Mill Valley. (Marine Corps photo)

## Asian Nations Working On 7,000-Mile Highway

UNITED NATIONS, N.Y. (AP)—Asian nations are working on a dream highway project that will enable modern motorists to retrace the caravan routes Marco Polo once traveled.

The goal is a 7,000-mile Pan-Asian highway that will take a motorist from Turkey to India, China or Malaya.

A network of old caravan routes, some dating to 1,000 B.C., will serve as the backbone of the new highway.

Marco Polo used the routes to explore the East. The armies of Genghis Khan, Alexander

## 2nd Bubonic Plague Case Reported

BERKELEY (AP)—California's second case of bubonic plague this year is recovering in Sierra Hospital at Sonora, Dr. Malcolm H. Merrill, state health director, announced.

In Sonora a hospital spokesman confirmed the plague case but said the patient had asked that his name be withheld.

Merrill said the victim was a 40-year-old man whose business exposes him to wild rodents which frequently are infested with plague-infested fleas.

He said the disease is endemic in California because of the presence of such flea-ridden rodents and that early diagnosis of the disease and prompt treatment with antibiotics, as in the Sonora case, are essential for curing human victims.

## Probation Violator Gets Jail Term

James Ralph Preston, 23, Fairfax sheet metal worker who ran off to Palm Springs with a 15-year-old Belveron Gardens girl while on probation for a similar offense, must serve six months in county jail. Judge Thomas F. Keating of Marin Superior Court sentenced Preston Tuesday for contributing to the girl's delinquency. In May, 1958, Preston got three years probation for contributing to the delinquency of another 15-year-old girl. Last month, he was caught in Palm Springs with the Belveron Gardens girl. Judge Keating ordered the previous probation revoked. Preston lives at 19 Sequoia road, Fairfax.

the Great and Tamerlane trod them on the road to conquest. Traders used the routes to bring to Europe their precious loads of silk, jade and spices from the Orient.

The project was conceived by the highway subcommittee of the U.N. Economic Commission for Asia and the Far East-ECAFE.

ECAFE experts recognized that international civil aviation had played a major role in the last decade in bringing together the countries of Asia. But this mode of travel remained beyond the majority of Asian people.

Railway links were described as serving an important purpose but generally inadequate for the entire area. The experts said such projects as the Pan-American Highway and road improvements in Europe underscored lack of progress in Asia.

The first task is to build highway links to connect existing roads systems. Some countries have already started this preliminary work.

The next task will be to improve existing roads until they can handle modern traffic.

Agreements will have to be worked out for simplifying border procedures and relaxing customs formalities.

The region has been divided into three zones for planning purposes. The first takes in Viet Nam, Cambodia, Laos, Thailand, Malaya and Burma. The second covers Burma's western connections, East Pakistan, India, Ceylon, Nepal and motor roads to West Pakistan. The third embraces West Pakistan, Afghanistan and Iran.

## Picnic Is Scheduled For Senior Citizens

Marin's senior citizens will hold a picnic in Gerstle Park next Wednesday from 10 a.m. to 5 p.m.

Those planning to attend will take a picnic lunch. Coffee will be served.

## School Book Ban Repealed

SACRAMENTO (AP)—School librarians can put religious and political books of a denominational or partisan nature back on their shelves this September.

Gov. Edmund G. Brown signed a bill this week repealing the state's ban on such material as long as distribution is not made for partisan, sectarian or denominational reasons.

Among other bills approved by the governor was one by Assemblyman Thomas J. MacBride (D-Sacramento) requiring that car salesmen working for manufacturers, dealer or transporters be licensed by the state.

Another provides for state investigation of a veteran's financial status to determine his eligibility to enter a veterans home. It was sponsored by Assemblyman Lester A. McMillan (D-Los Angeles).

### Watches Are Taken

Caroline Robinson, real estate agent of 309 Third street, Sausalito, reported to police that someone broke open the front door of her apartment between 5:30 and 6:30 p.m. Tuesday and made off with two watches.

## Food Prices Show Wholesale Level Drop This Week

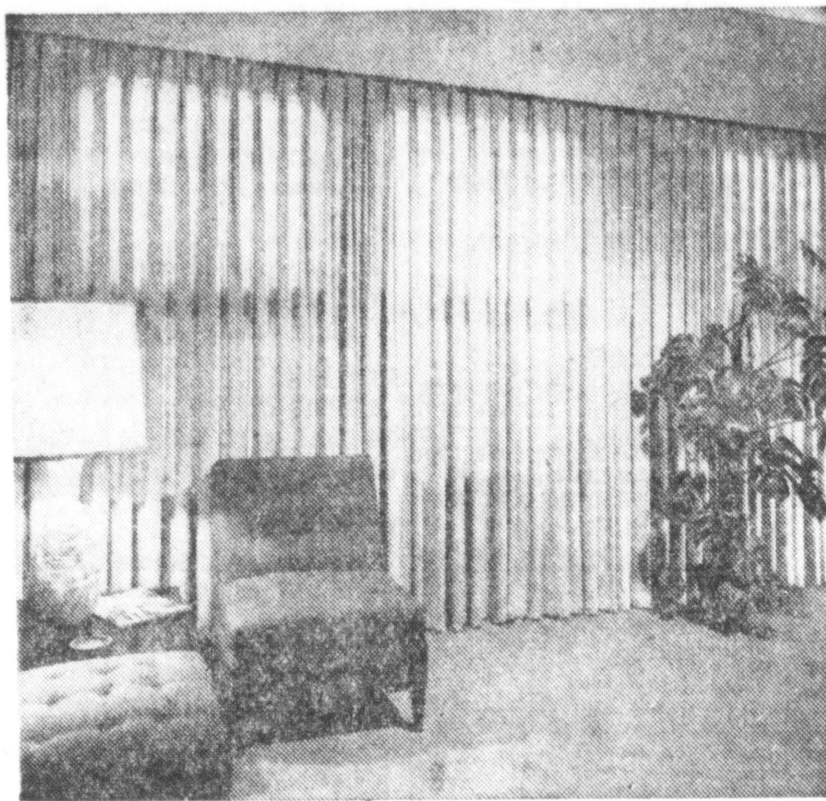

NEW YORK (AP)—Wholesale food prices declined this week to their lowest level since early November, 1956, Dun and Bradstreet reported.

At \$6.00 the organization's food index was down 6 cents from last week and at its lowest point since the \$5.95 reading

Nov. 6, 1956. The index now is within striking distance of the 1956 low of \$5.86, which, in turn, was the lowest reading since May, 1950.

The index has declined so far this year from the 1959 high of \$6.24 in the first week of the year.

The index represents the total cost at wholesale of one pound of 31 foods in general use.

## New Apartment For San Rafael

A new \$130,000 apartment building, containing 16 units, will begin going up at the southwest corner of Grand and Mission avenues in San Rafael.

John Gowland of 1135 Grand avenue has torn down an old building that was on the lot and is ready to start work on

the two-story apartment building.

Williams Construction Co. will put in a building of stucco and redwood, with tar and gravel roof. Each unit is expected to have two bedrooms. Carports are planned for off-street parking. The apartment will be completed in three or four months, weather permitting.

Rubber is 80 per cent of the export trade of Liberia.

## Recreation Bond Foes Organize At Terra Linda

Home Owner Group May Seek Annexation To San Rafael

By DONALD G. DAVIS

Nearly a score of Terra Linda homeowners last night acted resolutely to:

1. Fight the proposed \$350,000 Terra Linda park and recreation bond issue, and
2. Possibly seek annexation of Terra Linda's 1,000 homes to the City of San Rafael.

## Police Reveal Marijuana Find In Mill Valley

Mill Valley police disclosed today that a brown paper bag containing nearly two pounds of marijuana was picked up by a city street sweeper two weeks ago.

Officer Dan Terzich said the discovery was not announced because he had hoped to catch the culprits who were buying or selling the marijuana.

On the morning of July 4, a city street sweeper noticed the paper bag under a parked car on Miller avenue. He tossed it into the refuse container. When he went to dispose of the trash, he looked inside the bag, then called police to identify the substance. Terzich found that it contained about one and three-fourths pound of marijuana.

## State Delays Marin College Site Inspection

A tour of a proposed state college site near Novato, scheduled for July 29, has been postponed by the state Public Works board because board chairman Bert W. Levitt's resignation becomes effective two days later.

Levitt said he feels the tour should be postponed until the new chairman is in office.

The Marin Industrial Development Foundation, which has been spearheading the proposal, has been advised of the change in plan, and Carol Snyder, foundation manager, said he agrees to the postponement.

He said he does not know what the new tour date will be.

Snyder said the board members will conduct their own tour, and he does not know how long they will take, or how much time they will give to the foundation for "oral presentation" of reasons why the college should be located in Marin.

Several other sites have been proposed including one near Petaluma, another near Santa Rosa, two near Sonoma, one near Napa and one near Vallejo.

Snyder said Marin is proposing but one site—on the 1,977-acre Freitas "C" ranch near Novato.

State officials have been talking in terms of a 200 to 300-acre campus. Snyder said the state has been told that it can pick and chose for its acreage at the Freitas site.

The state board yesterday made decisions on three other state colleges, the ones proposed.

See COLLEGE, page 8

The group decided to call itself the Terra Linda Home Owners Committee.

The residents met at the home of Mr. and Mrs. Edward Willis at 705 Monticillo road. Those who favor the bond issue — including directors of the Terra Linda Community Services District — were not invited.

The committee is preparing to take several courses of action, including a telephone and doorbell ringing campaign to defeat the bond issue, seeking an injunction to prevent or delay holding an election, a campaign to recall the service district directors, and a move to do away with the district altogether.

But members of the committee were unanimously emphatic on one point: They are not against recreation. They simply do not like the way the service board is going about "showing the election down our throats."

### ANNEXATION ISSUE

While squashing the bond issue is the primary purpose of the committee, it also is intensely interested in the annexation issue. On hand to explain the methods of annexation and the benefits to be derived therefrom were San Rafael City Manager Dan E. Andersen and City Planner Mitchell Baird.

Two questions were asked repeatedly. One, directed to Andersen, was: Is it going to cost us anything to annex to San Rafael? Andersen's reply was, "No." He said the city has made a policy of taking on the costs of making necessary annexation maps and the election.

The other: Where are the results of the survey made by the Terra Linda Community Services District on the need and desire for the bond issue?

### TABULATION STOPPED

One person at the meeting said he had attempted to find out and was told that tabulation of the survey was stopped because answers showed that residents of Terra Linda overwhelmingly favored more recreation facilities.

Committee members constantly criticized the manner in which a public hearing was held on the proposed bond issue election. One person said: "I was told if I didn't like it,

See BONDS, page 8

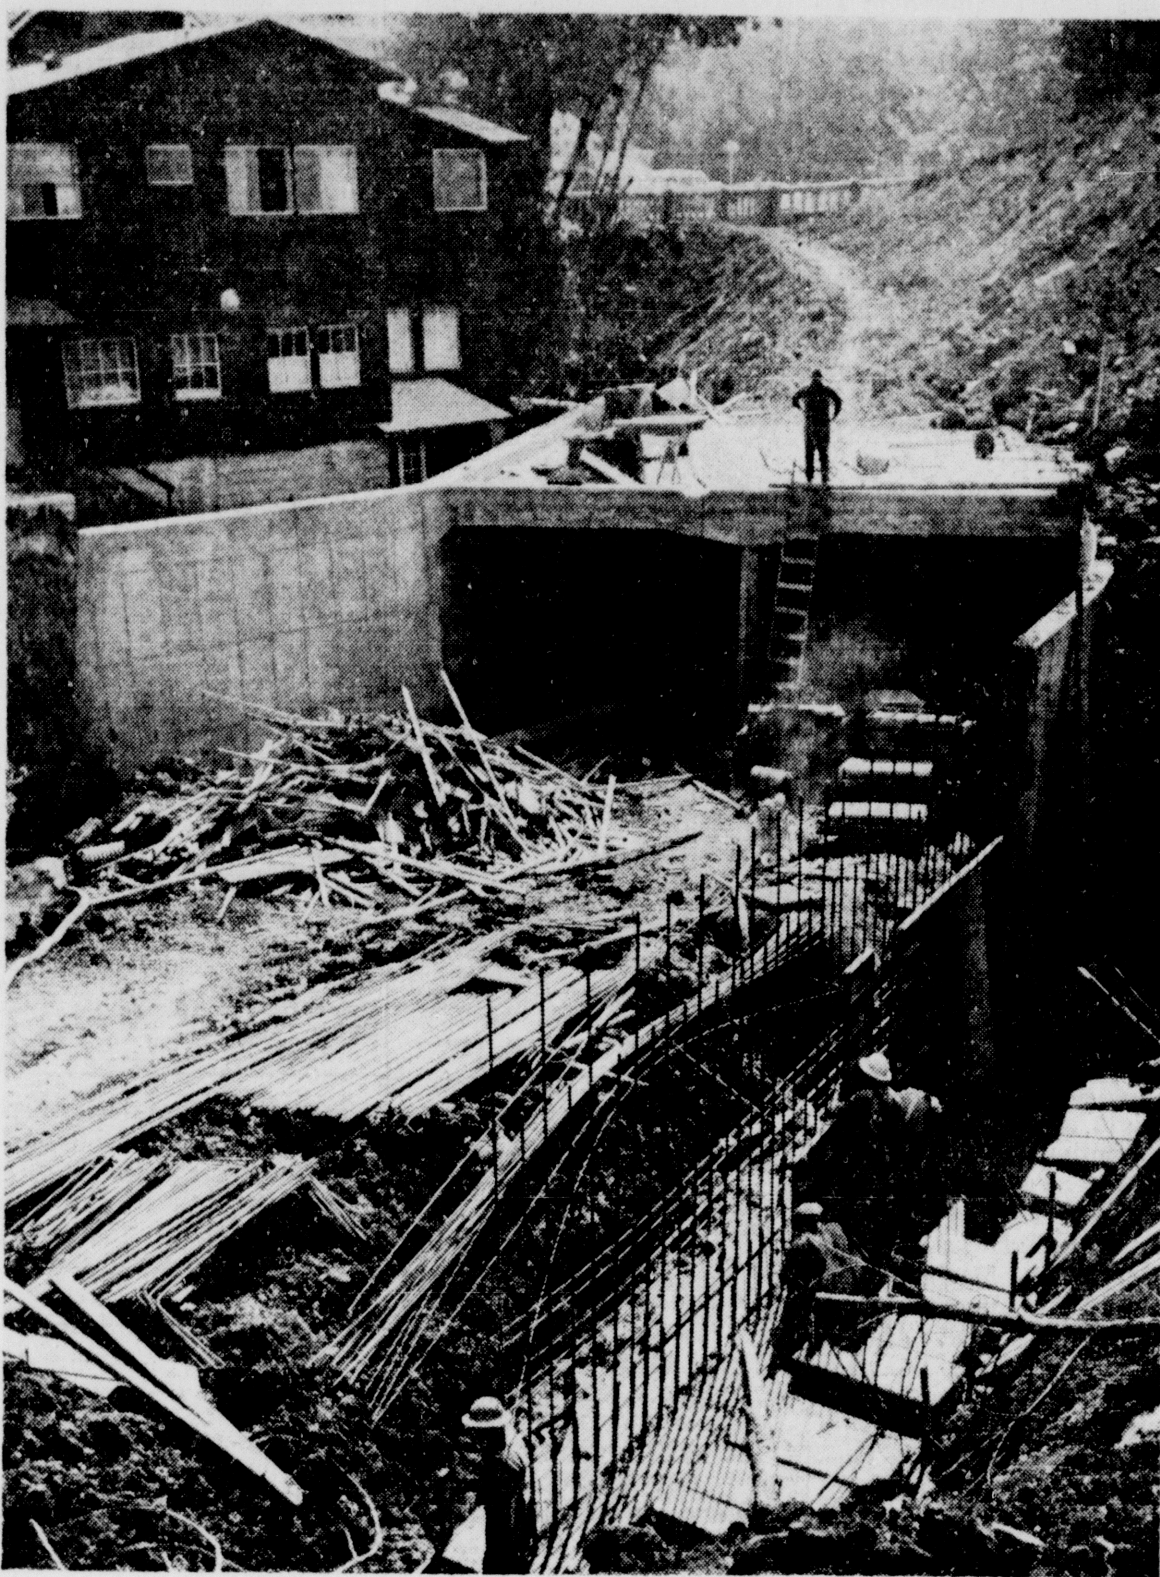

## Assessment Deadline Near

Tomorrow at 5 p.m. is the deadline for filing applications for adjustments to the assessment roll, County Clerk George S. Jones announced today.

The Marin County Board of Supervisors, sitting at a board of equalization, has considered about 160 of the 231 applications that have been filed so far.

Courthouse officials said that this number is about "normal" compared with the more than 2,000 applications that were filed last year during the reappraisal program.

Jones said the board will meet on the applications tomorrow and Monday with an equalization deadline of midnight Monday.

### BIGGEST STORM JOB NEAR COMPLETION

If torrential rains hit Marin again next winter, as they did in 1957-58, the water will have plenty of room to flow without washing out homes on Forest avenue in San Anselmo. With one day remaining of concrete pouring on giant flume which will support the reconstructed road near

where three homes were lost early last year, this was how the \$89,000 Forest avenue storm damage repair project looked today. The job is to be completed by Aug. 25, said City Engineer John C. Oglesby, who designed the project. (Independent-Journal photo)

## Belvedere Residents Protest Bay Project

By DEEDEE ABRAMSON

It's hillside home owners vs. tidelands developers again on the shores of Richardson Bay.

A group of 22 irate Belvedere residents met last night to protest the Belvedere Land Co.'s proposal for a luxury home project on the western shores of Belvedere island.

Termining the development of \$100,000 homes on pilings a "Cannery Row which will ruin the esthetics of Belvedere," those present decided to individually protest the company's application to the Army Corps of Engineers, which must determine whether the project will infringe on navigational rights.

Deadline for protests to the engineers is July 22, according to Clarence A. Phillips, chairman of the committee.

The meeting was held at the home of Cmdr. and Mrs. Harold H. Horn at 10 North Point circle. It was called to review developments and hear reports on protest petitions which the group is circulating. The petitions, carried by a flying squad of "minute women," are to be presented to the Belvedere City Council.

Phillips outlined development plans which he said called for a fill 32-foot wide road, six feet above high tide, and homes on pilings in front of the road with floor levels three feet above the road. The proposed road would be a direct continuation of San Rafael avenue, running along the beach and up the hill to Belvedere avenue, he said.

The question of whether construction of the road would

cause the 125-foot high cliff to slide was brought up by engineer Morton W. Lieberman of 11 Belvedere avenue and James Crawford of Pelican Point road. Both have steep cliff lots above the proposed project.

"The land is in an elastic state now and with cuts in the cliff and cuts in fill on the road, it might slide," Lieberman said.

Calling on the group to inform other Belvedere residents of the project with "factual arguments," attorney Carl Hoppe said, "The history of the Belvedere Land Co. shows it is making a high class tenement out of Belvedere."

After a discussion of the problems in fire protection, sewage facilities, water pressure and increased taxes which might result from the development, the group explored the possibility of sponsoring an initiative ordinance which would impose severe restriction on

See PROTEST, page 8

## Injured Officer Due At Hamilton

Capt. Benjamin R. Battle of Novato and Hamilton Air Force Base was scheduled to arrive at the base hospital today from New Mexico where he has been hospitalized since bailing out of his plane on July 5.

Battle, a test pilot flying an F104 Starfighter, was forced to eject himself from the plane when engine trouble developed. Hospital reports indicated that he will be brought in as a stretcher case.

## Herter Asks Russ Halt Propaganda

GENEVA (UPI)—Secretary of State Christian A. Herter today called on Russia to stop trying to make propaganda and buckle down to working out an agreement on the Berlin crisis.

He challenged Russia's Andrei Gromyko to cut out "bogus slogans" like a "free city" of West Berlin and get down to seeking specific improvements in the crisis rather than mere change of names.

Herter emphasized that the basic problem was to make arrangements that would maintain the freedom of the peoples of West Berlin and prevent new crises before Germany is reunited.

The American secretary warned Gromyko that another Berlin crisis flareup could plunge the world into war. He suggested calling on the United Nations to help police a Berlin truce agreement.

Herter appealed to Gromyko across the Big Four conference table to consider bringing an adequate U.N. staff into Berlin.

The staff, with free access to both West and East Berlin, would report on propaganda activities that might disturb the public order or seriously affect the rights of others.

Herter described this as a form of "international scrutiny" over one aspect of Berlin's life.

Earlier today, Russia lifted partially her cold war veto on secret talks. The turnabout came in agreement to resume the spirit of propaganda-free exchanges in social gatherings of the Big Four ministers.

# Power Goes Out In Novato, Olema

## STEEL STRIKE CONTINUES; NO BREAK SEEN

PITTSBURGH (AP)—Top officers of the United Steelworkers of America set off today for a tour of mill towns to fill in rank-and-file members on the two-day-old steel strike.

There was no indication of an early break in the walk-out of 500,000 steelworkers. As union and management marked time, the walkout spawned growing unemployment in other areas of the nation's economy. (See stories and pictures on page 16.)

## San Anselmo Hires New Treasurer

San Anselmo acquired a new dollar-a-month city treasurer last night as its city council introduced an ordinance to boost the pay for the job by 50 times.

George W. Prydtz, accountant of 20 Woodland avenue, was named by a 3-to-1 vote of the council to become treasurer Aug. 1. The council accepted the resignation of Donald T. Wood as treasurer effective at midnight of July 31. Wood is expected to retire the following day as chief of police.

Prydtz had inspected the city's books and expressed interest in taking on the \$1-a-month job to fill out a term that expires next April, reported City Manager Arthur W. Brewer. If he wants to keep it longer, he will have to stand for election.

The San Anselmo City Council reduced the pay for city treasurer to \$12 a year shortly before the 1956 municipal election, at which Walter G. Thompson was re-elected without opposition. Thompson quit the following year and Chief Wood was appointed to fill out his term.

Last night, the council introduced an ordinance to restore the pay to \$600 per year, effective after next April's election. City Manager Brewer said Prydtz probably would not be interested in taking on the job

### COMIC DICTIONARY COMPATIBILITY

The marriage of a man who would rather play golf than eat to the woman who would rather play bridge than cook.

## Widespread Failures Blamed On Fog, Dust

The combination of fog and dusty insulators on power poles today was believed the cause of widespread power blackouts in North and West Marin. In some areas power was shut off for approximately six hours.

At Olema, a sleeping family of seven was jarred awake at 2:05 a.m. by a "loud booming noise and flashing light" as a radio and a television set blew up.

Mrs. W. D. Beebe, wife of a dairy rancher on the De Souza Ranch at Olema, said she and her husband, their three children and her visiting mother and father was jolted awake.

The back of the television set blew out and caught fire, smoke issued from a bedside radio. The house filled with smoke.

The explosion was set off by contact between the 12,000-volt line leading to the Beebe house and a 60,000-volt transmission line leading to Woodacre, an official of Pacific Gas and Electric Co. said.

At the same time, a power line snapped in Novato, and about a half hour earlier, fire started in a utility pole on the William Poncia Ranch on the Tomales-Petaluma road, to the north and west of the other two trouble spots.

At first, a PG&E official advanced the theory that lightning might have caused the failures.

But County Fire Chief Charles R. Reilly, who sent fire trucks to both Olema and the

See BLACKOUT, page 8

### TRACT APPROVED

## Hub Council Ignores Advice Of Engineer

For the second time in two years the San Anselmo City Council overrode the advice of the city engineer last night to give a go-ahead to developer Frank Cherne's Woodland Park No. 2 subdivision in the city's northern hills.

The approval was by 3-1 vote with Councilman Carlton G. Little, the dissenter, declaring: "If I were on the planning commission, I think I'd resign after this kind of action."

The planning commission had imposed eight conditions on Cherne for approval of subdivision plans almost identical with those it approved two years ago. Cherne, through attorney Julius Selinger, objected that they would work a "ruinous hardship."

The subdivision has had a stormy history.

A tentative map for it was approved by the San Anselmo Planning Commission in May, 1957. But City Engineer John C. Oglesby refused to approve the map because (1) it included a cut at grade of 1/2-to-1 (minimum requirement is 1 1/2-to-1); (2) it lacked sufficient access roads; (3) its main street has a long grade, including two turns, at 20 per cent rise.

The council overruled Oglesby, giving Cherne the go-ahead. Cherne started grading operations. No engineering fee was paid. No bond was posted.

The grading was partly done when the 1957-58 rains hit. Part of the steep cut slid in the rain. The following summer work was halted because, Selinger told the council last

night, Cherne's wife was very ill.

On the same night that the council overrode Oglesby in June, 1957, it introduced a new subdivision ordinance, which subsequently became law.

State law requires that a subdivider must file a final map within a year after receiving preliminary approval. No final map has ever been filed.

Cherne started work on the subdivision again this spring, but stopped it at request of City Manager Arthur W. Brewer, who pointed out the earlier approval had expired because of lack of a final map.

Brewer told Cherne he would have to file a new application with the planning commission. He did so. Using the new subdivision ordinance, the planners imposed the eight conditions to approval.

Selinger asked that his client be permitted to go ahead on

See TRACT, page 8

## Fair Weather Will Continue

SAN FRANCISCO (AP)—Fair weather will continue in most of California through tomorrow and probably through the weekend, the forecaster said today.

A few afternoon or evening thunder storms are likely on the eastern slopes and near the crest of the Sierra Nevada, and possibly in the Siskiyou Mountains.

The usual summertime fog persists along the coast.

### CROWN OF STEEL FOR CAPITOL

This huge ring of steel scaffolding, resembling a series of television antennas linked together, is being erected around the U.S. Capitol dome for an inspection project. When complet-

ed, workmen will use scaffold-supported catwalks to check the dome, constructed of cast iron, for any possible damage from time and weather. (AP Wirephoto)

### Man Sought In Slaying Kills Self After Siege

HOLLYWOOD (AP) — A man wanted in the slaying of a childhood sweetheart shot and killed himself last night as police closed in on the apartment of a woman who had sheltered him.

Robert Lee Kilmer, 28, of Fresno, had been sought since July 9 when the nearly nude

body of Mrs. Mary Jean Prestidge, 26, a pretty Fresno housewife, was found in her car trunk in nearby Inglewood.

Police went to the West Hollywood apartment after getting an anonymous telephone tip.

They ordered Kilmer to come out with his hand up. When he refused, they lobbed tear gas bombs into the apartment. Then they heard a shot.

### East Bay Liquor, Food Hike Seen

OAKLAND (UPI) — Willard J. Dykhouse, executive secretary of the East Bay Restaurant Association, has predicted price hikes for food and bar liquor as the result of a new contract with waiters and bartenders.

He said the price of a cup of coffee will probably go up to 15 cents, while highballs will probably go up 10 cents.

The new contract provides an 18½ per cent wage increase over the past three years.

Mrs. Prestidge, a five-foot, 97-pound brunette and mother of two, had been last seen with Kilmer in a Fresno bar July 3.

### Two Get Awards For Suggestions

John A. Hansen, 27 Hacienda drive, Tiburon, civilian employee in the post engineer section of the Presidio of San Francisco, received a \$30 check from Col. M. M. Brown, Presidio commander, last week for a suggestion award which he had submitted.

Another Marinite, Everett W. Gilbert, 742 Francisco boulevard, San Rafael, received a \$7.50 check for his suggestion.

### Sign Law Violation Charge Dismissed

Alameda Homes, Inc., accused of having a large mobile sign at the entrance to Terra Linda in violation of the county sign ordinance, has been cleared of the charge.

Judge Richard M. Sims dismissed the case Monday in Marin Municipal Court on the recommendation of Deputy Dist. Atty. Harold Walters, who said the sign has been moved away, and the violation no longer exists.

### SERGEANT'S BRIGHT IDEA LANDS JET SAFELY, BUT IT'S A SECRET

ROME, N. Y. (AP) — A huge jet tanker circled for five hours yesterday over Griffiss Air Force Base unable to retract its fuel boom. It would be dangerous to land with it extended.

A sergeant ran a quick ground test on a new idea, then instructed the plane's crew.

The idea worked, the plane landed safely, and Col. Bryson R. Bailey, wing commander, says the technique probably will become routine Air Force procedure.

The man who produced the answer was Sgt. George M. McCabe, boom operator instructor of the 41st Air Refueling Squadron.

McCabe gave step-by-step instructions to Sgt. Julius H. Gerhke, crew chief, and Sgt. Bobby Flynn, boom operator.

The base said the procedure was a highly technical one and had not been cleared for publication.

### Teamsters Plan Big Election Campaign

MIAMI, Fla. (AP) — James R. Hoffa says the Teamsters Union will make free use of radio, television and the mails in the 1960 election campaign "to let the American working man know just where all the politicians stand."

Hoffa, Teamsters Union president, said on a Miami visit that city directories throughout the country would be combed to compile a mailing list of 10 million persons.

"The rest of the people we'll reach by television and radio," he said.

Asked about the union's choice of candidates, Hoffa said it is too soon to say.

Hoffa pledged Teamsters support of the steel strike, addressed the International Longshoremen's Assn. on the need for labor solidarity, and spurred Teamster efforts to organ-

ize Greater Miami workers on his flying visit from Washington yesterday.

He said his men "won't go through any of their steel strike picket lines."

### Parking Fee For All Collegians Rejected

SACRAMENTO (AP) — A parking fee for all state college students, regardless of whether they have a car to park, was rejected yesterday by Roy Simpson, state superintendent of public instruction.

He laid down a \$26 two semester user fee for full-time students, faculty and staff instead of a flat \$6 for students and \$16 for faculty as recommended last week by state college presidents and business managers. "A user fee is the only fair way," Simpson said.

### Convict Flees Prison Camp

Escape of a prisoner during his first night at Crystal Creek prison camp at Redding was reported this morning to San Quentin Prison, where he had kept an unblemished record since August of 1952.

The man is Eddie Franklin Richmond, convicted of first

degree robbery in Los Angeles. Associate Warden Walter D. Achuff said that before being sent to Redding yesterday, Richmond had been in minimum custody.

Crystal Creek officials reported Richmond was in his dormitory bunk during a 2 a.m. check-up today but had disappeared when another check was made at 4 a.m.

**The Long Way**  
NEWPORT NEWS, Va. (AP) — A giant hydraulic turbine runner, built here for use at Niagara Falls, N.Y., had to be routed through eight states—and two of them crossed twice—because of obstructions along the railroad rights-of-way. The massive equipment, 18½ feet high and 8½ feet wide, traveled on a special flat car.

### MARIN'S HOPES AT SONOMA FAIR

Three lambs and their young owners are headed for Santa Rosa with eyes on prizes at the Sonoma County Fair, which opened today. The girls (left to right) are Joan Marzell, 17,

Mimi Baccaglio, 15, and Marsha Baccaglio, all members of the Novato Aggie 4-H Club. The fair continues through July 25.

### Leases Negotiated For Sites For Two Service Stations

Leases have been negotiated between Standard Oil Co. of California and Hoytt Enterprises of Richmond for establishment of two Chevron service stations in north Marin—one at the Patterson Ranch

Shopping Center development in Novato, the other in the Marinwood Shopping Center, both planned by Hoytt.

Construction of the two stations is expected to begin within 30 days after approval by the county planning commission and board of supervisors, it was disclosed today by Jack Bailsley of Standard Oil Co. in San Francisco.

The planners are to consider the architectural plans for the two stations Monday.

The Novato station is planned for the corner of Grant avenue and Seventh street extension, the Marinwood station for Marinwood avenue extension and Miller Creek road.

The stations are the second businesses to take up leases with Hoytt Enterprises for the two proposed shopping center sites. Lee Brothers Markets, Inc., recently announced plans to build supermarkets at the two sites.

### Court To Resume At Point Reyes

Weekly sessions of the Northwest Marin Judicial District Court at Point Reyes Station will be resumed late this month after interruption due to illness of the judge, David R. Baty, San Rafael attorney.

Baty suffered a burst appendix July 4 and was confined to Ross General Hospital for a week. He is now convalescing and able to visit his San Rafael office briefly, but is still under medical care.

### ACCIDENTS PUT HUSBAND, WIFE IN HOSPITAL

RENO (AP)—A pair of freak accidents sent both Mr. and Mrs. G. E. Benham to the hospital.

Benham, 79-year-old vice president of the Union Federal Savings and Loan Co. here, is reported in fair condition after inadvertently pulling a freight elevator down on him last Monday. Associates said he was almost crushed, but somehow escaped broken bones.

Mrs. Benham landed in an adjoining room when she fell and injured her ankle after visiting her husband in the hospital.

### No Thanks!

TOWSON, Md. (AP)—Linda Johnson got a real eyeful in the mail the other day: four frog eyes. They were sent as souvenirs from her brother, Roger, a student at MacMurray College in Jacksonville, Ill. He suggested that the eyes, dried and wired, would make dandy earrings for his sister.

### Better At Arson

TOLEDO, Ohio (AP)—Suburban Sylvania firemen, burning an old barn to test their techniques, scored better in arson than in fire-fighting. Touched off when fireman Ken Ehrsam sloshed gasoline about and ignited it, flames destroyed the barn in 15 minutes flat—while the firemen fought hard to control the blaze.

### Motive Puzzles Hub Police In Kidnaping

Motive continued to be a mystery today in the kidnap and subsequent release of a 16-year-old San Anselmo boy yesterday morning.

Lawrence Joseph Bersano, 16, of 89 Park drive, told police five youths in a blue-green car forced him into the vehicle about 7:30 a.m. as he was walking along Saunders avenue to attend summer school at Sir Francis Drake High School.

Lawrence told police the five abductors talked about taking him to Stinson Beach and removing his trousers there. But they dropped him off at White's Hill instead, probably because they became frightened.

The victim said he was too frightened to even get the license number of the car. He walked home. His mother called police shortly after 9 a.m.

Asst. Police Chief Sam N. Serio took the boy on an all-day hunt for the kidnap car yesterday, without spotting the vehicle. Serio said he would confer with the victim this afternoon.

Lawrence says he never saw the kidnapers before, they did not molest him in the car, and did not try to take his money or property.

### Birth Reports Are Corrected

Due to incorrect information relayed yesterday from the records of Hamilton Air Force Base, the birth reports of the sons of T/Sgt. Owen Richard Robert and S/Sgt. Lewis F. Garmon left both fathers and friends in a state of confusion.

The facts are: Mrs. Garmon, Fairfax, gave birth to a son on July 3.

Mrs. Robert, San Anselmo, presented her husband with a son on July 8.

### Airman Hits Parked Car; Got To Jail

Selywn A. Pond, 30, a Hamilton Air Force Base airman, was jailed on a drunken driving charge yesterday in Sonoma County after his auto hit a parked car on Highway 101 a half mile north of the Marin County line.

The California Highway Patrol reported Pond suffered a slight cut on his lip when his car hit the auto of William P. Rus, 69, of Scottsdale, Ariz., at 12:50 a.m. Rus has stopped on the side of the highway to change a flat tire.

### INSULT OR AID?

### Radio Panel Discusses Billboard Regulations

Billboards assault the eyes and minds of a captive motorized audience entitled to protection and to a look at dwindling natural beauties, two public officials said in a panel discussion over radio station KTMM today.

Two businessmen dependent on freeway travelers retorted that their patrons are entitled to information through signs as to what facilities are available off the highway, and how to reach them.

Kitty Oppenheimer was moderator of a 9 a.m. analysis of "Are Marin County's Billboard Regulations Too Strict," on the "Marin Sounding Board," with questions from the public read and answered after initial presentations.

**TO BE REBROADCAST**  
The program will be rebroadcast from a recording at 12:30 p.m. Sunday.

Both Leland H. Jordan, county counsel, and B. D. Dobbs, county planning technician, indicated belief that one question as to whether billboards are "insulting" got close to the heart of the issue.

"The individual has no choice about billboards," said Dobbs after pointing out that such choice exists concerning advertising in newspapers or on the air.

"Advertising media are now injected into every phase of life," added Jordan. "Increasing encroachments cause the general public to feel that it must preserve certain things. With regard to natural beauty we can't retreat farther."

**DIRECTIONS NEEDED**  
Angelo Sabella, owner of Sabella's restaurant on Highway 101 at Alto, protested that he had no desire to see the freeways "cluttered from one end to the other." But, he said, there is a great present lack of proper directional signs to guide drivers.

"We as businessmen are on a lifeline," said Sabella. "If the purpose of a highway is only to speed traffic it shouldn't even have egresses. Present signs are inadequate to advise speedy traffic—you can't see a sign, say six-by-eight. The question is not one of cluttering the highway but of appropriate signs to advise motorists."

Concurring in the view that "directional signs are inadequate and people are confused," Roland G. Reading, manager of the Edgewater Inn at Corte Madera, called for "a more realistic ordinance."

"Our business is basically roadside, dependent on highway travelers," said Reading. "It is necessary that 90 per cent of our advertising budget go to signs so we feel very strongly—it's our lifeblood."

"We are dependent on adequate egress, advertising, directional and identifying signs or people go past and tax money is lost."

Jordan upheld the constitutionality of existing county restrictions, said they are not prohibitive but only regulatory, and pointed out that the state merely issues a permit. Marin rules, he said, "are reasonable and necessary, and I believe they will be upheld by the courts."

Sabella took issue as to constitutionality. Corte Madera, Reading said, is in process of developing a direction sign for all businesses—"but we'll need a sign to that."

### DAIRY MARKET

### Hot Line

SAN DIEGO (AP)—Mrs. Laverne King of rural Fallbrook told Court Clerk Al Fern to keep calling if here telephone was busy when she was needed for jury duty. Her reason: She's on a 10-party line.

### Police Unable To Find Killing Inmate Admits

SACRAMENTO (UP)—Police were unable today to find a record of a Sacramento slaying admitted by San Quentin Prison inmate Robert S. Harmon. Harmon, sentenced to death in San Quentin on a charge of assaulting a prison guard while serving a life term, confessed last week to killings in Sacramento, San Diego and San Antonio, Tex.

But detectives Al Zine and

E. V. Engelbrite of the Sacramento Police Department said they could find no record of the Sacramento crime. Harmon said he hit a robbery victim on the head and thought he had killed him.

Associate Warden Walter D. Achuff said San Quentin officials had no knowledge of Harmon's letter. Prisoners are permitted to send sealed communications to the governor, Achuff explained.

Piggyback railroad service, where truck trailers are carried on flatcars, began in 1952 with a trial run between Wichita, Kan., and Kansas City.

GEN. CURTIS R. LOW  
Assigned new post

GEN. CHARLES R. BOND  
To command division

## Gen. Low Named Vice Commander Of WADF

Brig. Gen. Curtis R. Low, commander of the 28th Air Division at Hamilton Air Force Base, will become vice commander of Western Air Defense Force on Aug. 1.

Taking over as commander of the 28th will be Brig. Gen. Charles R. Bond, Jr., former commander of the 25th Air Division at Tacoma, Wash.

Low formerly was executive to the vice chief of staff of

the Air Force at Washington. Bond, a command pilot, was with the Flying Tigers in World War II and was credited with destruction of nine Japanese planes.

He is a graduate of Texas A&M College, and attended pilot training school and fighter command school.

Bond, his wife Doris and their children Rebecca, Cynthia, Mary and Charles will live at the base.

### TODAY

## San Diego Celebrates Birth Date

SAN DIEGO (P) — About two gunshots from the ocean, as distance was sometimes estimated in those days, Father Junipero Serra stood on a knoll and said:

"The time has come for us to begin our work of converting the savages to Christianity."

And thus, 190 years ago on July 16, the Jesuit priest founded Mission San Diego de Alcalá.

It is from that date also that San Diego, now California's third largest city, counts its birth as the first civilized community in the state.

Events celebrating the birthday are being held throughout the week.

They include a parade to the Serra Cross, marking the spot on Presidio Hill above old town where the priest pioneer stood with his little band of Spanish soldiers and missionaries when he made the declaration that led to founding the string of missions northward.

## Rodeo Receipts Exceed \$3,500

Net gate receipts of \$3,513 from the recent San Rafael Kiwanis Club rodeo were announced today by Sebastian Cimino and Harold J. Keaton, co-chairmen of the annual event.

Funds derived from the rodeo go toward the Kiwanis' underprivileged fund and is distributed in camperships, scholarships, milk funds and to provide food and clothing for needy families.

## Classes In Arts, Crafts To Start

Adult classes in arts and crafts will be held every Monday night beginning next week in the Albert Park game room, the San Rafael Recreation and Park Department announced today.

Classes will convene at 7:30 p.m. and will continue for five weeks. Arts and crafts to be presented include charcoal drawing, block, felt and linoleum printing, lanyards, basket weaving, mosaics, copper, aluminum and papier mache.

## Sausalito Officer Earns Promotion

John Terence Ward, 26 Curry lane, Sausalito, has been promoted to lieutenant colonel in the Army Reserve.

Ward is currently special services officer for the division. In civilian life, he is operations manager at John P. Lynch Co. in San Francisco. He is married to Ann Kelly Ward and has five children and stepchildren: John Jr., Patty and Pierce Ward and Sheila and John J. Slattery.

## Record Convicts Man Of Growing Marijuana

A tape recording of a marijuana grower's admissions were played in Marin Superior Court yesterday to convict Donald Phillip James, 25, of 59 Crown court, Mill Valley.

Judge Thomas F. Keating found James guilty of violating the state Health and Safety Code by planting and cultivating marijuana. The crime is punishable by anything from probation to a maximum of 10 years in prison.

The judge set 10 a.m. Aug.

3 as time for sentencing. James was allowed to remain free on \$2,500 bail until the sentencing.

During yesterday's trial, James declared it was his roommate who grew the 17 potted plants. Roommate Don Barre, 25, has vanished since James was arrested on June 2.

When James denied growing the marijuana crop, Dist. Atty. W. O. Weissich called time out, then introduced a tape-recorded conversation tak-

en at the time of James's arrest. In the recorded interview, James admitted he grew the marijuana plants himself.

Judge Keating listened to arguments, heard the tape recording, took a look at the 17 potted plants that were hauled into court, and found James guilty.

## Subscriptions Sweet

BROKEN ARROW, Okla. (P) — "The sweetest deal ever offered," was announced by C. A. McWilliams, publisher of the weekly Broken Arrow Ledger. He said a five-pound sack of sugar would be given to each new subscriber and each person who renews his subscription.

## Three-R School Schedules Exam

Entrance examinations for the summer session of the Three-R School will be held Saturday at 9 a.m., it was announced today by James Kirchanski, director.

The summer session will begin July 27. Examinations are held to determine the class level in each subject for each child.

Primary grade children will be tested at the school's downtown office, 508A Fourth street. Upper grade children will receive their examinations at the new Three-R building on

Independent-Journal, Thursday, July 16, 1959 5

Highway 101 at Rafael Meadows.

Enrollments for the fall term are also being accepted.

## San Rafael Driver Handed Jail Term

Robert Burke Nunnally, 35, of 146 San Rafael avenue, San Rafael, must spend five days in county jail and pay a \$250 fine for his second drunken driving offense in seven years.

He was sentenced yesterday by Judge Harold J. Haley in Marin Municipal Court. Nunnally was caught on Highway 101 last Feb. 16. He had a previous conviction in April of 1952.

## Pensioner Fined For Drunk Driving

A 70-year-old San Rafael pensioner paid a \$150 fine yesterday in Marin Municipal Court for drunken driving.

Richard Hugh McFadden of 1601 Fifth avenue was arrested on Highway 101 on June 21. Judge Harold J. Haley put McFadden on nine months probation. A prior drunken driving conviction 15 years ago was stricken from the records, thus saving McFadden from an automatic jail sentence. Under a new state law, all second offenders must spend some time in jail in addition to paying the fine.

# NOVEL PLAN TO FINANCE HUB FIREHOUSE STUDIED

'Lease-Option' Approach Calls For City Installment Payments

By BRYCE W. ANDERSON  
Three potential directors of a dummy corporation met today to discuss making it possible for San Anselmo to build a firehouse on the installment plan.

The three are Walter W. Carter, attorney; John C. Phillips, tree service manager, and A. N. Nipper, realty broker, all San Anselmo residents. They met at the city hall with Lawrence E. Wright, potential attorney for the dummy corporation, also a San Anselmo, and City Atty. John G. Buresh and City Manager Arthur W. Brewer.

## WILL BE DIRECTORS

Unless they detect some flaws in the plan, Carter, Phillips and Nipper will become directors of the first non-profit corporation ever set up in Marin County to enable a political jurisdiction to buy a building the way most people buy their houses—a little down and regular payments over a long period.

The corporation, if set up, will float a bond issue. With the proceeds from sale of the bonds, it will purchase from the City of San Anselmo the firehouse site at Arroyo avenue and Butterfield road which the city purchased just last night from Mr. and Mrs. D. N. Sapp, together with any improvements the city may mean-while have put on the property. It will then award a contract for building a firehouse on the site. And it will lease the land and firehouse back to the city under the "lease-option plan."

## DUMMY CORPORATION

But the corporation will really be a dummy corporation. The legal papers its directors sign will be provided by an eastern firm known as Hanauer and Co., which specializes in lease-option financing. Hanauer and Co. will sell the bonds. The payments the city makes will merely pass through the hands of the dummy corporation to Hanauer and Co.

But the dummy corporation will hold title to the land and building—until the city pays for it. The city will pay a monthly rental which will apply toward the cost.

Hanauer and Co. will make its money out of brokering the bonds. The bond buyers will make theirs out of interest. Because of the interest cost over a 30-year period, the City of San Anselmo will pay nearly double for a firehouse estimated last night to cost \$59,078 and the site for which the city authorized a check to the Sapps for \$13,500. The dummy corporation will make nothing.

## POPULAR PROCEDURE

This complicated procedure, the "lease-option plan," is becoming more and more widely used by cities strapped for cash and either already heavily bonded or in difficulties at promoting bond issues or selling their own bonds.

In San Anselmo's case, the scheme is being tried because: (1) the city does not have the available money to pay out about \$75,000 for site and firehouse; (2) its city council dares not attempt to float a bond issue for the purpose.

The reason the council is skittish about trying to put over a bond issue is that San Anselmo outlawed its last municipal bond issue a decade ago. Bond buyers have long memories. Even if the voters approved an issue for the firehouse, it is considered unlikely the bonds could be sold.

So the dummy corporation enters the picture.

Last night, City Manager Brewer proposed to the city council that it appoint Carter, Phillips and Nipper directors of the non-profit corporation.

But City Attorney Buresh ad-

## TV WESTERNS TOO MUCH FOR ACTRESS

HOLLYWOOD (AP)—Actress Caroline Van Dyke won a divorce yesterday on testimony that her husband was a television addict who sat in front of the TV set completely hypnotized.

She said Bernhard A. Goetke III, an accountant, sat for hours while she did all the household chores. And to top it off, she said, Goetke insisted on watching westerns—which she hates.

Under a property settlement, Goetke took the living room furniture, including the TV set. Miss Van Dyke acts on television—sometimes in westerns.

## State To Acquire Salinas Park Site

SACRAMENTO (AP)—Acquisition of 90 acres for a Salinas River Beach Park was approved yesterday by the state Public Works Board.

The three-member board told the state beaches and parks division to spend the \$100,000 set aside by the 1956 Legislature for the beach near Moss Landing 11 miles north of Monterey, about two miles from the mouth of the Salinas River.

crete work contemplated must be put in while the creek bed under the future firehouse is still dry. And Attorney Buresh said it would require a 60-day wait for the superior court ruling to become final. Even if the court acted promptly after the corporation is organized, that would mean no contract could be let before October. By that time, no contractor would be willing to offer a favorable bid since there would be little chance of pouring the concrete before rains begin.

City Councilman Carleton G. Little came up with a possible solution.

"Why couldn't the city contract the concrete work only?" he asked. Then the property could be sold to the non-profit corporation with the foundations already in, and the city reimbursed from sale of the corporation's bonds.

Attorney Buresh said he thought it could be done. City Manager Brewer promised to check with Hanauer and Co.—who have all the answers—by tonight, when the council will meet again.

## San Anselmo Council Appoints Stinchcomb To Board Of Review

James W. Stinchcomb was appointed to the San Anselmo Board of Civil Service Review last night to succeed John P. O'Connell.

Stinchcomb, who is principal of Isabel Cook School, served a few months on the city council by appointment last year. He resigned because, he said, he found the council met too often and its meetings conflicted too frequently with those of school organizations he must attend.

The board of review meets rarely—only when some employee has a protest to be heard.

Incidentally, Jordan L. Martinelli, who succeeded Stinchcomb on the council, was absent last night as the other four members of the council unanimously approved appointment of Stinchcomb, proposed by Councilman Carleton G. Little.

In the past, it has been the custom for the mayor to appoint to such boards, with the council's concurrence. But Mayor Arthur W. Smith had sought

unsuccessfully to reappoint O'Connell, to whom Little objected because O'Connell had appeared before the council as advocate for Asst. Police Chief Sam N. Serio. After a 2-2 split on his reappointment (Councilman William Franchini voting with Little), O'Connell withdrew his name.

The Hub City council met until midnight last night, and will meet again at 8 o'clock tonight to take up matters on the agenda which were not reached. In other action last night, the council:

1. Approved eliminating library employees from the city pension plan, on being informed in a letter from the library board that three out of the four library workers wanted the exclusion.
2. Put off until tonight action on overriding a 4-2 planning commission turnout of a two-lot subdivision at 42 Oak Knoll avenue proposed by Norman Swail. City Manager Arthur W. Brewer called the plan "cutting land up into weird parcels."
3. Granted approval for donkey rides to be operated by Will Peters on Tamalpais avenue and a lot behind Lee Busolo's Chevron service station during San Anselmo Bargain Days.
4. Granted extensions until July 25 for completion of the Canyon road, Redwood avenue and Spring Grove avenue storm repair projects and until Aug. 25 for completion of the big Forest avenue project.
5. Adopted a set of resolutions setting up the Ash avenue assessment district, for installation of gutters and sanitary sewers on Ash avenue, and set protest hearing for Aug. 18.
6. Approved warrants totaling \$87,682.64 by 3-1 vote. Councilman Carmel H. Booth voting "no" and declaring: "I note that increasing the expenses of the city are going up. . . . Something's got to be done."
7. Postponed until tonight its session as a board of equalization.
8. Prohibited parking at the end of Fern lane and on the northeast side of Karl avenue. Mrs. Booth voted against the Fern lane prohibition.
9. Postponed introduction of a fire prevention ordinance until the Aug. 11 meeting.

## San Anselmo Sergeants Both Qualify

Certification of the eligibility list for police chief of San Anselmo was among the matters not reached last night as the city council met until midnight, then adjourned to complete its agenda tonight.

Both the Hub City police sergeants who took the exam qualified, City Manager Arthur W. Brewer disclosed after the meeting. Sgt. Ray Buchignani made a score of 77.17. Sgt. James Orr scored 74.96.

One of them will become chief when Donald T. Wood steps out Aug. 1 as the first San Anselmo city employee to retire under the pension plan approved by voters last November.

The council last night certified results of an examination for patrolman and appointed George Alberigi of Sausalito to the force. Alberigi, who scored high with 79 points, has been serving on the Sausalito police force. Others who qualified were William Smalley of Fairfax, 77.75; George Howenstein of San Rafael, 74.92, and Donald Ceridono of Berkeley, 72.49.

## Integration Ruling

NEW ORLEANS, La. (UPI)—A federal judge ordered the South's largest city yesterday to present a workable school integration plan by next March.

The New Orleans school board immediately announced it plans a legal attack to delay school integration in New Orleans, the biggest city in the South.

## NOVATO AREA AFFECTED

## PUC Sets Hearing On Phone Rate Hike

The state Public Utilities Commission has set two public hearings on the application of Western California Telephone Co. for rate and charge increases.

Hearings will be held at 10 a.m. July 28 at the Marion School, Novato, and at 11 a.m. in the University avenue school, Los Gatos.

The company is seeking increases ranging from seven cents a month for "semi-public (daily)" service to \$3.25 for single-party business telephones, increases of 80 cents a month for one-party, two-party and four-party residence rates and a 60-cent increase for suburban residence rates.

No increases are being sought for extension residence telephones.

The company also wants to increase business telephone

rates ranging from 25 cents to \$2.50.

At the same time the PUC announced that the company which serves about 16,000 subscribers in the areas of Novato in Marin, Kenwood in Sonoma County and Los Gatos and Morgan Hill in Santa Clara County, has been authorized to execute a supplemental indenture and to insure and sell one million dollars in bonds.

The PUC considered the application by the company for the bond authorization, and held the opinion that a public hearing was not necessary.

The company may execute and deliver a supplemental indenture on or before Oct. 31, and dated July 1, and may sell the bonds.

The company is to pay outstanding indebtedness from the bonds, and use accrued interest for general corporate purposes.

## Body Of Pilot, Plane Wreckage Found In Park

SEQUOIA-KINGS CANYON NATIONAL PARKS (UPI)—The wreckage of a crashed World War II fighter plane and the bones of its pilot were discovered in a remote section of the park here.

The wreckage, believed to be that of a P-40, was found last week by Phillip and Sheldon Arnot of Mountain View while on a pack trip with three other men.

Sixth Army headquarters at the Presidio in San Francisco has organized a search team, expected to depart for the wreckage later this week.

## Lecture On India Set At Marin Rod-Gun Club

Dr. Karl Meyer, director emeritus of the Hooper Foundation at the University of California, will give a public illustrated lecture on India at the Marin Rod and Gun Club at 8 p.m. tomorrow.

**HEADS COMMITTEE**—Thomas S. Page, 85 Platt avenue, Sausalito, has been named chairman of the new public relations committee of the San Francisco Bay Area Council. Page is public relations officer for the Bank of America. Before joining the bank in 1957, he operated his own public relations firm in San Francisco.

## Two Burglars Given Stiff Jail Terms

Two young men from Oakland, who broke into the Miller Avenue Shopping Center in Mill Valley, drew stiff county jail sentences Tuesday.

Edward Charles Heimark, 19, must serve one full year in county jail, with no credit for time served since his arrest two months ago.

In sentencing Heimark, Judge Thomas F. Keating of Marin Superior Court noted that he has a previous record in Alameda County.

Heimark's companion, Donald H. Barnett, 21, drew 11 months in county jail, with credit for the two months he has already served, and will be on probation three years. Barnett is eligible for work-furlough privileges.

Deputy Public Defender Peter Allen Smith asked for more leniency in the jail terms, pointing out both men have good jobs and their drinking on the night of May 19 had something to do with their break-in. But the judge refused to shorten the jail term.

Mill Valley police nabbed Barnett inside the market. Heimark was caught later. They broke a window to enter and had rifled the cash register and taken some liquor, police said.

## Loma Verde Unit Airs Zoning Laws

New zoning regulations for Loma Verde were discussed and approved at a membership meeting of the Loma Verde Home Owners Assn. at the Loma Verde School Monday night.

The proposed regulations will come before the Marin County Planning Commission next Monday. James A. Swenson, president of the association, said they met with general approval of the membership in their present form.

HANDLE WITH CARE—AND GLOVES

Bob Dole of Claremont, N. H., is careful to wear gloves when he handles this scrappy little 10-pound bear cub which he and another hunter shook out of a tree in the White Mountains. Dole has been given permission by state conservation authorities to keep the cub. (AP Wirephoto)

BLACKOUT

Continued from page 1  
Poncia ranch, said he doubted if atmospheric conditions were right for lightning.

He said there would have to have been "a terrific change in temperature."  
Reilly said the failures more likely were caused by a combination of fog and dust. He said fog spread eastward from Tomales Bay throughout the early morning.

**POWER RESTORED**  
PG&E officials said power had been restored in all areas, and added that the failure in Novato had no connection with the one in Olema. They said the Poncia ranch fire did not result in a blackout in that area.

The Novato office of PG&E said a 12,000-volt line snapped and fell to the ground near the intersection of Novato boulevard and Riposa Vista at 2 a.m. Service was restored at 8:42 p.m., the company said.

Power in the Novato area was shut off in most of the downtown area west of Highway 101, in western Novato and in the Olive and Atherton avenue areas.

**HOLE IN TRANSFORMER**  
Power company officials said they had not determined how widespread the blackout was in the Olema area, but it was not believed to have affected many homes.

They said a flashover caused by dampness and dirt could have snapped the power lines. At Novato, a hole was burned in a transformer at the point where the line snapped.

San Francisco also was struck by a power failure this morning when a transformer exploded atop a power pole in the Bernal Heights area. Hundreds of persons were awakened. Officials blamed the blast on moistening dust on outlets at transformers.

PROTEST

Continued from page 1  
homes built on pilings. No definite action was taken on the idea.

"We must bring our arguments against this project to the other residents of Belvedere and fight shoulder to shoulder," Phillips said. Methods suggested were a community-wide meeting in the city hall and letters and personal contacts.

Following the Army Engineers decision, the group expects to present its case to the city council at its August meeting.

There was no representative of the Belvedere Land Co. present.

Anti-Bite Repellant

LOCKPORT, N.Y. (P)—Mailman Leo W. Conley Jr. has developed his own method of preventing trouble from dogs along his route. He is accompanied daily by a big German shepherd which commands the respect of all the dogs he encounters.

Ark Dwellers  
Change Name  
Of Carnival

Sausalito's embattled waterfront residents, fighting to retain their casual living on arks, barges, houseboats and other assorted craft, decided last night to plunge into the field of witchcraft.

At the meeting of the Sausalito Preservation Assn., the group decided that the name of their carnival set for Aug. 8-9 — "The Waterfront Affair" — did not adequately do the job.

It was decided to change it to "Voo-Doo-Do."

Spokesman Helen Kerr today explained the reason for the name change with the comment that "if logic won't work, maybe witchcraft will."

Members have contended that the city's stand that they must vacate underwater streets and connect their floating homes to sewers is unreasonable and illogical.

The approaching even has the double purpose of attracting attention to the group's activities and raising funds to fight court actions initiated by the city.

BONDS

Continued from page 1  
I could move. I don't like that." Another hearing has been set for next Tuesday.

Volunteering to appear before County Counsel Leland H. Jordan for advice on the best way to try to stop the bond issue election were Robert Friend, William Amans and Antonio Lonich.

TWO QUESTIONS

At Lonich's suggestion, Mrs. Wills agreed that her address could be used for postcard replies to two questions: Do you want the community services district erased? Do you favor annexation to San Rafael?

Baird outlined the procedure for seeking annexation, and said the whole process from petitions to election to annexation might take as long as a year.

Andersen said San Rafael had no objection to the annexation, particularly now that the controversial drainage ditch matter had been cleared up.

Andersen said the new high school would provide recreational facilities, although it might be three years before a swimming pool would be built.

PARK DEVELOPMENT

He said that if the land now set aside in Terra Linda for recreation were dedicated to the city, San Rafael probably would develop it as a park. (Terra Linda is within the Dixie School District and the San Rafael High School District.)

Andersen and Baird also pointed out other advantages of annexation, including fire and police protection, tree service along streets, street lighting and lower fire insurance rates.

Andersen said annexation would mean a reduction of 19 cents in the tax rate now being paid by Terra Linda homeowners.

Annexation would not involve the bond issue election, or any action the residents might take against the services board, Andersen said.

The bond issue, if passed, would provide a community swimming pool, play areas, tennis courts and a new community building.

HUB CITY

Continued from page 1  
if it were to continue to pay only \$1 a month.

Councilman Carleton G. E. Little asked whether Prydz is auditor for the San Anselmo Police Widows' and Orphans' Fund. "I think it's too close a tie-up," said Little.

Councilman Carmel H. Booth objected to "that sort of veil over Mr. Prydz' honesty."

"It's no impugning of his honesty," retorted Little. "We are just keeping the old family working around here . . . I think the chief is naming his successor. I think that's bad policy."

Mrs. Booth and Mayor Arthur W. Smith both praised Prydz and said the city was fortunate that he was interested in the job. Mrs. Booth pointed out that Prydz has never held any city office.

When the vote was called, Councilman William Franchini joined the mayor and Mrs. Booth in voting for Prydz' appointment.

Inflation

ROCHESTER, N. Y. (UP) — Edward Hurley Jr., who failed to pay a total of \$13 for 10 parking tickets, wound up with a 50-day penitentiary sentence when he was unable to comply with a judge's order to pay off the tickets at \$25 each.

OBITUARIES

Final Rites  
For Ernest  
Bloch Today

Private funeral services were scheduled to be held today in Portland, Ore., for composer Ernest Bloch, father of Mill Valley painter Lucienne Bloch Dimitroff. Bloch died yesterday in Portland. He was 78.

He had been a resident of Agate Beach near Portland since 1940, after having served as an instructor in music at the University of California in Berkeley.

A naturalized Swiss, he came to the United States in 1916.

He was a founder of the Cleveland Institute of Music and was former director of the San Francisco Conservatory of Music. He held an honorary degree of doctor of letters from Portland's Reed College and in 1955 was given the title of professor emeritus in music by University of California. He also received the gold medal from the American Academy of Art and Letters for distinguished work in music.

Bloch's works ranged from the tone poem "America," derived from folk songs, to the opera "Macbeth," which was premiered in 1910.

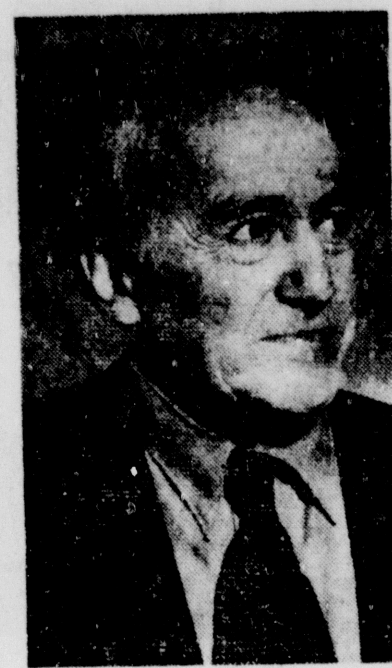

Among his works are "Avodath Hakodesh," the first complete performance of the Jewish service third quartet, "Concerto Grosso," three Jewish poems and "Suite Symphonique."

He was the only American to be voted into the Academy of St. Cecilia in Italy and the only composer to be awarded the New York music critics' award twice.

In addition to his daughter, Lucienne, he is survived by another daughter, Suzanne of New York City, and a son, Ivan, an engineer in Alaska.

Mrs. Dimitroff and her husband are in Portland for the funeral.

British and Danish scientists have proved that sea anemone and other life exist seven miles beneath the surface of the ocean.

Funeral held today

Ross Postal Clerk  
Dies In Hospital  
After Long Illness

Rudolph J. Kreuzer, 51, Ross post office clerk for 20 years, died at a local hospital today after a long illness from a heart condition.

He lived at 1118 Sir Francis Drake boulevard, Kentfield, with his wife, Doris, who is bookkeeper for O'Neill and Logan hardware store in San Rafael. A native of San Francisco, he had lived in Marin since 1921.

Besides his wife, he leaves two children, Rudolph J. Kreuzer Jr. and Louis L. Kreuzer; and four grandchildren. He was a member of the St. Raphael's Council, Young Men's Institute, and the Postal Clerks' Union.

Funeral services are set for 9 a.m. Saturday at Keaton's Mortuary, San Rafael, thence to St. Anselm's Church in San Anselmo for Requiem Mass. Burial will be at Mt. Olivet Cemetery. Rosary is set for 8 p.m. tomorrow at the Keaton chapel.

Morgue Is Theater

DOVER, N.J. (P)—What was once the city morgue has become one of the brightest spots in town. The building, purchased through the efforts of a philanthropic businessman, has been converted into a theater by the Dover little theater group.

GOOD JOB  
OF RECRUITING

ATSUGI, Japan (UP)—John J. Schneider's Navy job is counseling men on making the U. S. Navy their career. Schneider, a personnelman third class, of Chattaroy, Wash., has convinced himself. He re-enlisted.

BIRTHS

BRILL—In Oakland, May 22, to the wife of Jerome N. Brill, Marinwood, a son.  
DISSE—In San Francisco, July 9, to the wife of Werner Disse, Greenbrae, a son.

ISSUED

Jim Niven, 25, of 5 Baltimore avenue, Larkspur, and Lorraine J. Michell, 28, Berkeley.  
Eugene M. Colteaux, 25, of 45 Angela avenue, San Anselmo, and Jacqueline F. Mattos, 22, of 123 Park street, San Rafael.

DIVORCES ASKED

HENDRIX—Frances vs. George A., cruelty.  
HARTE—Gail vs. Jackie, cruelty.  
JOHNSON—Shirley S. vs. Elmer G., mental cruelty.  
THOMPSON—Elizabeth B. vs. Glenn E., cruelty.

DEATHS

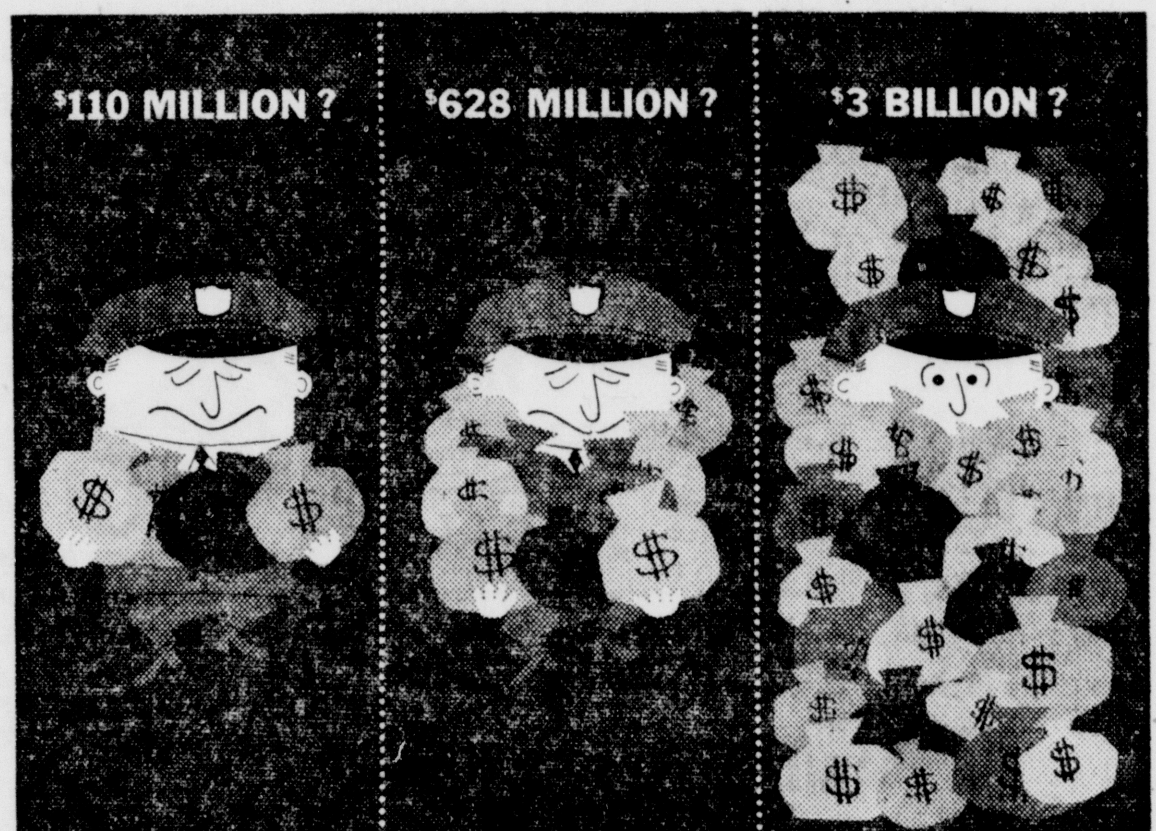

KREUZER—In Kentfield, July 16, 1959, Rudolph J. Kreuzer, loving husband of Doris M. Kreuzer, beloved father of Rudolph J. Jr. and Louis L. Kreuzer, grandfather of Victoria Louise, Louis L. Jr., Michael Allen and Denise Ann Kreuzer; a native of San Francisco, age 51 years; member of St. Raphael's Council, YMI, U.S. Postal Clerks.

Friends are invited to attend the funeral Saturday, July 18, 1959, at 9 a.m. o'clock from Keaton's Mortuary, San Rafael, thence to St. Anselm's Church, San Anselmo, where a Requiem Mass will be offered for the repose of his soul at 9:30 a.m. Interment Mt. Olivet Cemetery. Rosary services will be recited at 8 p.m. at the Keaton chapel Friday, July 17, 1959. (7/16-17)

BLAGG—In San Francisco, July 14, 1959, Martha L. Blagg, wife of the late John J. Blagg Sr., beloved mother of Ernest J. Blagg, Martin J. Blagg and the late John J. Blagg Jr.; devoted grandmother of Dorothy M. and James E. Blagg; native of Brisbane, Australia, aged 83 years.

Friends are invited to attend the funeral Friday, July 17, 1959, at 9 a.m. from Keaton's Mortuary, San Rafael, thence to St. Rita's Church, Fairfax, where a Requiem Mass will be offered for the repose of her soul at 9:30 a.m. Interment, Mt. Olivet Cemetery, San Rafael. Rosary services will be recited at 8 p.m. at the Keaton Chapel, Thursday, July 16. (7/15-16)

How much was invested in  
newspaper advertising in 1957?

ONE OF A  
SERIES  
ANSWER: AN ALL TIME HIGH OF \$3,325,000,000  
Advertisers spent a total of ten billion dollars in all forms of media in 1957. One-third of the total went into newspaper advertising! A stronger, more convincing testimonial to the effectiveness of the newspaper medium would be hard to find. Advertisers reap results from newspapers — that's why the bulk of advertising dollars is spent in newspapers year after year! Are you using newspapers for all their worth?

Your daily newspaper is the
